BOULDER VALLEY SCHOOL DISTRICT

2025-26 Proposed Budget

Superintendent's Welcome

Thank you for your interest in the Boulder Valley School District and our annual budget.

BVSD has a long tradition of carefully managing the precious resources that our taxpayers have trusted us with. We are committed to carefully using these funds to offer our students the best education possible and, of course, being transparent about how we've invested these dollars.

We are proud that for many, many years – we have been recognized by both the Association of School Business Officials International and the Government Finance

Officers Association for excellence in the district's fiscal reporting.

Our goal, always, is for our stakeholders to fully understand and support our work. This is especially important when it comes to our strategic plan and our finances. Our [All Together for All Students Strategic Plan](#) drives everything we do educationally in our schools and naturally becomes the foundation for our budget.

I'm pleased to report that we have seen measurable support in a number of areas, including the academic success and growth of our students. Using differentiated funding, we have been able to provide targeted schools additional support – which has resulted in outstanding outcomes.

Our data is showing that discipline within BVSD is becoming less disproportionate while out of school suspensions have decreased. The percentage of students achieving post-secondary achievements such as industry certifications, college credit, the seal of biliteracy and work-based learning experiences is at an all-time high, and even though our academic achievement and growth scores remain among the highest in the state, we strive to narrow achievement and opportunity gaps for our students.

This year BVSD became the only Denver Metro Area school district to earn its top designation – Accredited with Distinction and our graduation rate has increased to 92.3%.

While we are proud of this progress, we remain focused on making the Boulder Valley School District the best district in America.

Thank you for supporting the amazing students, staff, and community in the Boulder Valley School District.

Rob Anderson
Superintendent
Boulder Valley School District

Acknowledgements and Awards

This Meritorious Budget Award is presented to:

BOULDER VALLEY SCHOOL DISTRICT

for excellence in the preparation and issuance of its budget
for the Fiscal Year 2024–2025.

The budget adheres to the principles and standards
of ASBO International's Meritorious Budget Award criteria.

Ryan S. Stechschulte

Letter of Transmittal

Date: May 27, 2025
To: Dr. Rob Anderson, Superintendent
From: Bill Sutter, Chief Financial Officer *WMS*
Subject: 2025-26 Proposed Budget

The ensuing document contains information and details regarding the 2025-26 Proposed Budget for fiscal year July 01, 2025 – June 30, 2026. The Board of Education will approve this 2025-26 fiscal year budget on June 17, 2025. This financial plan supports a quality education for all students, while maintaining financial stability within available resources.

The funding of public education in Colorado is a complex challenge. Amidst those challenges, the Boulder Valley School District aims to identify and fund active, interventionist approaches to student learning that provide excellent and equitable opportunities for all of its students, so that they may become successful Boulder Valley School District graduates. For the vast majority of our students, the district is meeting or exceeding student, teacher, and parent expectations. This point is proven by our consistent academic showing among the top three of Colorado's large front range school districts—and often the top district—as measured by state and national academic rankings.

For maximum learning and achievement to continue, budget considerations include the direct support provided in schools and classrooms as well as the operational support across the district. To do this, staff must keep current with state and federal regulations, develop curriculum and instruction to meet state standards, manage a multi-million-dollar budget, and maintain the wide range of support operations within the organization. With multiple sources of revenue, federal and state mandates, and diverse stakeholders, it is important to ensure that the district's strategic plan guides resource allocations. The development of this budget takes into account these considerations relevant to the Boulder Valley School District and community at large.

This fiscal year's budget is built upon a 2024 Denver-Aurora-Lakewood inflation factor of 2.3 percent. While the legislature has maintained the elimination of the Budget Stabilization Factor (Negative Factor), from the 2025-26 fiscal year appropriation, other legislative tactics were utilized to reduce funding from the School Finance Act. These included extending the implementation of the new finance act from six to seven years, and reducing funded pupil counts by decreasing the number of years of enrollment averaging from five years to four. Following years of constrained state funding, BVSD continues to address critical needs in the areas of increasing the proficiency level of all students, addressing the social-emotional needs of students, and maintaining district operations in 63 facilities on over 700 acres, distributed across 500 square miles.

Colorado's slowing economy, spend-out of federal COVID funding and policy decisions at the legislative and executive levels are fueling concerns for the future of public education funding in Colorado. Declining enrollment, when combined with rising costs due to high inflation levels, labor shortages, and the inability of the legislature to make meaningful new investments in K-12 public education, has created a conundrum for the future. This situation is largely due to Colorado's constitutional thicket of conflicting requirements and constraints regarding the investment in public services for all of Colorado's residents. The Boulder Valley School District is managing its operations in the near term, though priorities set by elected state officials for investing state resources continue to create budget challenges and dilemmas for the future regarding funding the services of public education. These factors necessitate prudent fiscal management to maintain the stability of the Boulder Valley School District. Meeting current educational needs must be balanced with an outlook toward the future.

This budget document details the academic investments and activities of the district and where the district is headed as an organization. It is always our goal to be accountable and responsive to the needs of our community within the projected resources available, and to operate the district with sound fiscal principles of integrity, responsibility, and a long-range financial vision. The district budget policies detailed in this book support this commitment.

This extensive document was prepared by the staff of the district's Business Services Division and, to the best of our knowledge and belief, the enclosed data are accurate in all material respects, and are reported in a manner to present fairly the financial position and planned operations of the Boulder Valley School District for the 2025-26 fiscal year.

Our Purpose

It is well-known in the community and in Colorado that the Boulder Valley School District (BVSD) is already among the highest achieving of Colorado's 179 school districts. What may not be as well-known is the shared determination of students, parents, teachers, administrators, and community leaders to make BVSD the educational answer for each student in the district regardless of circumstance or background. Each child brings a unique and worthwhile contribution to the learning community.

Vision

We develop our children's greatest abilities and make possible the discovery and pursuit of their dreams, which when fulfilled will benefit us all. We provide a comprehensive and innovative approach to education and graduate successful, curious life-long learners who confidently confront the great challenges of their time.

Mission

The mission of the Boulder Valley School District is to create challenging, meaningful and engaging learning opportunities so that all children thrive and are prepared for successful, civically engaged lives.

Value Statements

1. We respect the inherent value of each student and incorporate the strengths and diversity of students, families, staff and communities.
2. Societal inequities and unique learning needs will not be barriers to student success.
3. We address the intellectual growth, health and physical development, and social-emotional well-being of students.
4. We value accountability and transparency at all levels.

Strategic Plan

The [Boulder Valley School District's All Together for All Students Strategic Plan](#) is now in the seventh year of implementation and we remain committed to our three Long Term Student Outcomes, to **Inspire** a love of learning in every student, **Equip** them with the knowledge and skills that will help to make them successful, give them the opportunities and connections so that they can **Soar** after high school in the college or career pathway of their choice.

All students benefit from challenging and relevant educational opportunities.

Reduce disparities in achievement

Every student graduates empowered with the skills necessary for post-graduate success

Much has changed since 2019 in the world of education and BVSD has celebrated the successful completion of many strategic goals. Following an independent review from a National expert in 2024, BVSD re-committed to the core tenets of our strategic plan with a narrowed focus on four key objectives critical to ensuring students in BVSD receive the highest quality education experience possible.

Strategic Plan (continued)

New Strategic Objectives

- **No Limits:** All students experience grade-level, standards-based instruction.
- **Next Best Step:** Educators and administrators implement & track tiered supports and instructional strategies to engage and grow all students, and monitor success in doing so.
- **Define the Destination:** Throughout their PK-12 career, all students access career exploration opportunities and earn at least one of the following: College Credit, Industry Certification, Work-Based Learning Experience or Seal of Biliteracy.
- **Valued & Included:** All students feel included and valued in their learning environments, schools engage in restorative practices with students when appropriate, and schools consistently apply recommended resolutions for specific disciplinary events (i.e., discipline framework).

Key Performance Indicators

The vision set through the long-term outcomes and strategic objectives are realized through intentional planning and support. In BVSD our strategic goals are embedded within the Unified Improvement Plans (UIP) where we are able to monitor the progress being made each year, within each strategic objective. Additionally, BVSD has committed to transparently tracking and communicating the metrics aligned to the strategic plan, also known as “Key Performance Indicators” or “KPIs”. This is accomplished through our all new [KPI Dashboard](#), allowing all staff, students and community members to join BVSD in monitoring the progress being made within all four Strategic Objectives through an easily accessible online data visualization tool.

Defined Success by 2029

The Boulder Valley School District is unwavering in our common vision for success by 2029:

- Increase achievement and growth scores overall, and for historically marginalized groups
- Appropriate growth of students receiving academic interventions
- Proportional rate of students identified for Special Education & Gifted and Talented
- Increase the percentage of students who graduate and obtain at least one GRAD+ recognition
- Increase fidelity to the BVSD Discipline framework
- Decrease Out of School Suspensions while reducing disproportionality

Principal Issues Facing the District

The annual budget development process allows district leaders to align spending with the goal of student success. The resulting annual spending plan is a blueprint for delivering quality education for all students, in order to address the district's values. As part of the budget development process, the superintendent and school board strive to align human and financial resources with student needs in order to realize the greatest possible impact upon student achievement. This alignment of resources takes into consideration the principal issues facing the district as outlined below. Resource allocations were made with an effort to maximize the impact on students.

Declining Enrollment BVSD's projected decline in enrollment into the near future poses significant challenges. Although the Colorado School Finance Act softens the financial impact when districts experience declining enrollment, the legislature is changing the formula to cut the funding to schools. The Governor's initial budget proposal for 2025-26 included the complete elimination of enrollment averaging. These demographic and political challenges create cumulative effects on the loss of funding, inefficient staffing, and underutilized facilities. As these overall student populations shift between grades, programs, and communities, a review of resource allocations between programs is necessary to determine adjustments to address the needs of those shifting student populations without additional resources.

New School Finance Act During the 2025 legislative session, a new School Finance Act (SFA) was passed to implement changes in the allocation of resources. This is the second major rewrite of the funding formula in two years. This new formula, as originally adopted in 2024, was slated to be implemented over six years beginning in the 2025-26 fiscal year. The formula was modified in 2025 to extend the implementation to seven years and reduce enrollment averaging from five years to four. Even with those changes to reduce funding to K-12 education during a \$1.2B state budget shortfall, significant concern remains for the sustainability of the funding increase proposed with this new act. It includes approximately \$500M in funding over those seven years. This funding comes from the State Education Fund rather than a new funding stream. Future economic downturns or tax policy changes via legislative action or citizen-initiated ballot measures could disrupt the implementation and cause a reinstatement of the budget stabilization factor. Also, the new finance formula is much easier to modify compared to the existing formula. This increases the ability of the legislature to annually modify the formula to direct resources or require specific spending patterns. This uncertainty makes the long-term financial planning process very challenging for school districts.

Increasing Student Proficiency BVSD has a large number of students who are not proficient on state assessments. Disaggregating assessment data allows resources and attention to be targeted on meeting the needs of students who require the greatest assistance. In the BVSD, a significant investment of local resources in early childhood education programs continues. These resources are targeted to help increase the proficiency level of all students in future years.

Economic Pressures - Federal Government Uncertainty Economic uncertainty created by the federal government's actions around tariffs, education funding, cancellation of awarded grants, and immigration policy has increased pricing volatility and reduced policy consistency. This variability makes budget projections less reliable, reduces efficiency of spending and increases costs.

Unfunded State Mandates and Reforms In recent years, the Colorado legislature has implemented significant education reforms, including new state curriculum standards and assessments that rely on substantial school district investments in expanded technology, infrastructure, and equipment; and an annual principal and teacher evaluation system which requires ongoing investment in professional development and increased personnel to realize the intent of the legislation. Little or no targeted funding from the state has been added to specifically address these increased requirements and expectations.

Economic Conditions and Outlook

Fiscal Outlook for 2025-26

Governor Polis' November 1 proposed budget for 2025-26 included funding for Pre-K12 enrollment decline, inflation at 2.5 percent, and a major restructuring of the School Finance Act adopted during the 2025 Colorado legislative session after nearly two years of negotiation and compromise. While the net projected PPR increase for BVSD is \$295, or 3.2 percent, and is over 30 percent less than the statewide average increase of \$429 and 3.6 percent, total program funding is essentially flat year over year. This is due to the significant change included in the Governor's 2025-26 budget proposal to eliminate averaging as a component of school finance while at the same time extending the implementation of the new finance act and cutting the increase in funding from 18 percent to 10 percent of the new formula. This is a statewide K-12 funding cut estimated at \$140M. The dramatic drop in enrollment experienced in Colorado in the fall of 2020 is projected to continue in 2025-26 based on the state demographer's population projection for school-aged children. Updated projections will be included in budget planning when they become available. Historically, the Governor's budget has been considered a "floor" for K-12 funding, with additional resources being allocated during the legislative session. There is some concern for the sustainability of the funding increase proposed for 2025-26 and whether the continued impacts of TABOR restrictions on funding public services during continued economic growth can sustain the allocation to Pre-K12 beyond the 2025-26 fiscal year.

These unknowns from a state and local revenue perspective further increase the uncertainty that exists as this proposed budget was developed.

Analysis of 2025 Economic Forecast

Economic conditions in Colorado provide a leading indicator of potential fiscal impacts for school districts to manage over time. Fluctuations in state income tax collection, property value and population are not within the control of a local school district, so the budget development and fiscal management processes need to take into account projected changes that can positively or negatively impact district financial conditions. Annual and quarterly economic updates are key to informing the school board and community about those changing fiscal conditions.

Colorado

For 60 years, the Colorado Business Economic Outlook has been compiled by industry leaders in the state, and presented by the Business Research Division of the Leeds School of Business at the University of Colorado Boulder. The information below was selected directly from the [Colorado Economic Forecast for 2025](#), presented on December 4, 2023.

Colorado has demonstrated one of the strongest economies over the medium-term horizon. Comparing growth from 2008-2023, Colorado has the 5th-fastest real GDP and employment growth rates, 6th-fastest population and labor force growth rates, 3rd-fastest personal income and per capital personal income growth rates, and the highest home-price appreciation in the country.

Over the short term, though, Colorado's performance has slipped in the rankings, demonstrating the difficulty in maintaining growth for a sustained period of time. In 2024, Colorado's growth rates appeared more average in the rankings. Second-quarter real GDP growth and home-price growth ranked Colorado among the bottom 10 states; personal income, per capita personal income, and the unemployment rate ranked Colorado among the bottom 20 states. The state remains in the top half for growth in jobs, population, and pay.

For many of these metrics, slower growth is not slow growth. For instance, 5.1% growth in personal income ranks 39th, and the FHFA home-price growth of 2.9% ranks 49th. Slower growth, though, may be the new reality for Colorado as population growth, especially through net migration, remains slow, creating headwinds for labor force and job growth.

Economic Conditions and Outlook (continued)

Analysis of 2025 Economic Forecast (continued)

For more than half a century, the Colorado Business Economic Outlook has been compiled by industry leaders in the state and presented by the Business Research Division (BRD) of the Leeds School of Business at the University of Colorado Boulder. For 60 years, this book has served as a chronicle of the changing issues and opportunities facing people and industry in Colorado. Presenting historical data and forward-looking estimates on employment for each sector of the economy, the book also offers discussion on other relevant economic metrics, ranging from sales and cash receipts to building permits and airport enplanements. This section lays the foundation for each of the North American Industry Classification System (NAICS) supersectors by providing an overview of labor force and wage and salary employment totals. The industry narrative is a collaboration with 140 individuals across industries, government, and nonprofits. What they share are insights and expertise from their vantage point, while many of the economic and employment estimates are model-driven results.

On August 21, 2024, the Bureau of Labor Statistics (BLS) published 2024 Preliminary Benchmark Revisions to Current Establishment Survey Data for States and Select Metropolitan Areas. In this publication, the BLS indicated national employment estimates may be overstated by 818,000 and would be revised downward when benchmark revisions are applied in March 2025. Colorado was identified as a state that would undergo the greatest downward revision, totaling 72,700 jobs. This would suggest not only slower growth, but a significant decline in Colorado employment. On November 20, 2024, the Colorado Department of Labor and Employment provided information on the suspension of the Quarterly Census of Employment and Wages data, stating, “The irregularities in data show inconsistencies in employer reporting, which the CO Unemployment Insurance (UI) division is currently investigating. Despite these irregularities, we are starting to see improvement in employer reporting. Historically the QCEW program has garnered a 90% response rate among Colorado employers on establishments. In Q3 2023, that rate dropped to 28%, which has subsequently recovered to 85.9% in Q1 2024.”

Thus, the Business Research Division believes that if a sharp downward revision occurs, it will be driven by data collection issues, not real economic trends, as the state has continued to record growth in population, net migration, labor force, GDP, and income. The unrevised monthly employment estimates were used as the baseline for the 2025 estimates.

Employment

Colorado employment stood at a record of more than 3 million in October 2024. Annual jobs added in 2023 totaled 72,300, growth of 2.5%. Growth in 2024 is estimated at 46,800 (1.6%), and the forecast for 2025 is for an additional 36,700 jobs (1.2%). In 2024, eight of the 11 industries in the state are estimated to have posted job growth—with Government, Education and Health Services, and Professional and Business Services posting the most jobs—and Natural Resources and Mining, Government, and Education and Health Services recording the fastest job growth. Three industries posted job loss for the year—Information, Construction, and Manufacturing.

Looking ahead to 2025, all industries except Information are projected to add employment in 2025, led by Education and Health Services, Government, and Construction.

Preliminary year-over-year employment growth was recorded in all but one of Colorado’s seven metropolitan areas in October 2024—Colorado Springs (1.9%), Boulder (1.4%), Greeley (1%), Denver-Aurora-Lakewood (0.8%), Fort Collins-Loveland (0.6%), and Grand Junction (0.4%). The Pueblo MSA was the only one to record a decline in the official statistics (-0.5%).

Most businesses in the economy are small businesses— 97% of wage and salary establishments have fewer than 50 employees. These small businesses represent just under half (49%) of jobs in Colorado.

Economic Conditions and Outlook (continued)

Analysis of 2025 Economic Forecast (continued)

Population

Colorado's population increased by 36,100, or 0.6%, from July 2022 to July 2023, ranking it 9th in total change and 18th in percentage change. This growth is slightly higher than in 2022 and significantly slower than the 76,000 annual average during the previous decade. Births in Colorado were 62,200, flat compared to the previous year and lower than the peak of 70,800 in 2007. Births are the largest component of population change in Colorado. There were 45,300 deaths between July 2022 and July 2023, a slowdown from the 49,700 in 2022. Deaths have been increasing due to aging in Colorado, but they also temporarily increased due to COVID. Natural change (births Colorado Economic, Employment, and Population Outlook continued from page 15 2025 Colorado Business Economic Outlook 16 minus deaths) was 16,900. Despite the lower levels of natural change, Colorado had the 7th-largest natural change in the country due to the state's younger average age. There are 19 states in a phase of natural decline with more deaths than births.

More U.S. counties experienced population gains than losses in 2023, as counties in the South saw faster growth, and more Northeast and Midwest counties had population losses turn to gains. Approximately 60% (1,876) of U.S. counties gained population from 2022 to 2023. Areas that experienced high levels of domestic outmigration during the pandemic, such as in the Midwest and Northeast, are now seeing more counties with population growth. Meanwhile, county population growth is slowing in the West.

In Colorado, population in 23 of the state's 64 counties, or 36%, declined. Twenty-four counties experienced net out-migration led by Arapahoe, Eagle, and Boulder. Thirty-five of the 64 counties are in a phase of natural decline—meaning there were more deaths than births. Most of the counties in a phase of natural decline were in the nonmetro parts of the state and ranged from -500 to -2. However, the metro counties of Pueblo and Mesa led the list of counties in natural decline. The three counties with the largest natural increase were El Paso, Adams, and Denver.

Births continued to be lower than historical trends in 2023 but were holding steady. The slowing in births will continue to have long-run impacts on K-12 and higher education, as well as the labor force. Every county is different. Most counties reached their peak births in 2007 but some counties, like Jefferson, reached their peak births in 2000. Weld is the only Front Range county that is continuing to see an increase in births. Births in the state are forecast to increase slightly in 2023 and 2024 as the number of women of childbearing age increases. Additionally, the largest group of millennials are entering their 30s, an age group where Colorado has experienced increased birth rates.

From 2022 to 2023, 90% of the population growth was along the Front Range but varied by county. Boulder and Arapahoe declined, but there were increases in the rest of the Front Range counties, ranging from 9,000 in Weld to 300 in Jefferson. The Front Range still increased by the most population but a few non-Front Range counties, like Bent County (due to growth in the prison population), Custer County, and Dolores County, experienced faster growth.

Population growth by age group continues to be a defining factor for Colorado due to two primary reasons. First, births have been declining since 2007 in both the United States and Colorado. The second significant impact is the growth in the 65+ population, which increased by almost 33,000 between 2022 and 2023. The growth in this group is primarily due to more people aging into the cohort rather than net migration. It is estimated that 68,300 Coloradans turned 65 in 2023. The growth in the 65+ age group is impacting the labor force, with a growing number of retirements even as workers are staying in the labor force longer. It is estimated that 40,000 workers will retire annually this decade. Additionally, the 65+ population is driving the economy with demand for health services and leisure and hospitality, and is impacting housing due to lower rates of mobility and smaller household sizes.

Economic Conditions and Outlook (continued)

Analysis of 2025 Economic Forecast (continued)

Housing-unit growth did not keep up with household formation during the last decade due to the Great Recession, creating a tight housing market and escalating home prices. Since 2018, Colorado has built more housing units than new household growth, making a dent in the housing undersupply. In 2023, housing growth increased by 45,500, and in 2024, housing is expected to increase by 40,000 units. Population growth was 36,000 in 2023, primarily driven by births. Deaths were 26,000 more than net migration, meaning that there was a decline in the adult population. The increased supply in housing units and slowing demand by new population growth will help alleviate the supply/demand mismatch and allow those who have had to “double up” on housing the potential opportunity to find independent housing. New households were estimated to have increased by 27,000 in 2023 and are forecast to increase by 25,000 in 2024. The ratio of household population to housing units reached a low of 2.18 in 2023 after hitting a high of 2.31 in 2016. The 35-year average is 2.25, indicating that currently the housing supply is slightly looser than the historical average.

Household formation is forecast to grow annually by an estimated 32,000 over the next 10 years—as long as job employment and labor force growth holds as forecast. The largest cohort of the millennials are in their 30s, the primary age for first-time home buyers. The leading edge of the millennials are in their early 40s, entering the highest-earning and the prime second-home buying age cohort. The largest and fastest household growth will be in the 65+ population, but most of these households already have housing. The 65+ population has the lowest moving rate, and Colorado does not attract retirees. The growth is due to birthdays (people aging into the 65+ age group). Future job growth, as well as future expected retirements from the baby boomers, will support demand for workers and the need for housing. The aging of the baby boomers into their 70s and 80s may create more turnover in larger, single-family homes as they look to downsize or need more assistance. Of course, several factors, including location, availability, cost, and health needs, will also factor into these decisions.

Forecasts

Colorado’s population growth has slowed in the short run, with continued slowing births, increased deaths due to both aging and COVID, and slowing migration. Death levels and international migration are returning to pre-COVID levels. Colorado’s domestic migration has significantly slowed in recent years to an average of 6,500 since 2020 compared to 38,000 during the 2010s. Since 2022, international migration returned to prepandemic levels and is expected to remain at levels around 10,000 through this decade. Universities and the demand for labor should draw more individuals from abroad depending on U.S. immigration policies and staffing in visa offices. Population growth in 2024 is projected to be 43,000, or a 0.7% growth rate, and 51,000 in 2025. Most of the growth continues to be driven by births, at around 62,000 per year. Deaths are forecast to return to prepandemic levels in the mid- to low-40,000s. Net migration is forecast to increase to 25,000 in 2024 and 33,000 in 2025. Net migration is forecast to increase due to both job growth, as well as retirements of baby boomers and the need for their replacements. Over 40,000 retirements are forecast annually this decade, and job growth is forecast at an average of 43,000 per year from 2023-2030, creating a demand for approximately 83,000 new workers combined annually.

After 2030, population growth is expected to slow more significantly due to a slowing economy, continued slowing births nationally, an aging population, slowing labor force growth, and increased national competition for labor. Although Colorado’s population growth is forecast to slow in the long run, it is projected to continue to outpace the nation, growing at roughly twice the national rate. Colorado is forecast to increase from 1.7% of the U.S. population in 2020 to 2% by 2050. Geographically, the largest population growth is forecast to be along the Front Range. Between 2020 and 2030, the state’s population is projected to increase by 540,000, with 90% of this increase projected for the Front Range and of that, 260,000 for the Denver Metro area. The north Front Range is expected to observe the fastest growth, at an annual average growth rate of 1.8%, or 135,000 people. The 2050 forecast for the state is 7.4 million, with 6.3 million along the Front Range, or 85% of the total population.

Economic Conditions and Outlook (continued)

Analysis of 2025 Economic Forecast (continued)

Education

Colorado public school districts educate nearly 881,500 students in kindergarten through 12th grade. Funding for public schools comes from three main sources of revenue: local property tax, state funding, and federal dollars. The state share is primarily from income and sales tax revenues flowing through the state and then to districts. While federal education law is well established and sets strong requirements for public education, federal dollars are typically a relatively small overall component of the annual funding of public schools. Since March 2020, K-12 public education, like many sectors of the economy, has experienced dramatic changes in the delivery of services, labor force availability, and revenue fluctuations.

Many school districts have turned to increasing local property taxes to support education, but due to the wildly disparate property values within Colorado school districts, the ability to generate revenue is a function of property values, as well as the local voters' willingness to support public education. These disparities are a result of residential development, nonresidential development, oil and gas resources, property valuations, and the number of students in a district.

2025 Outlook

The outlook for 2025-26 is becoming unstable, with lingering fiscal and operational headwinds. Statewide enrollment in 2025-26 is projected to have a net decrease by over 3,800 students, or 0.5%, from 2024-25. This decrease continues a downward trend after the significant 3.3% enrollment drop recorded in October 2020. The student enrollment trend across the state has dropped from growth of 2% in 2008 to 0.1% and 0.2% in 2018 and 2019. This trend of declining enrollment is a result of declining birth rates and rising housing costs. This decline is projected to continue within Colorado in the coming years and is consistent with national trends that indicate a 1% annual decline in the K-12 student population. Within Colorado, enrollment projections vary by specific school district and region, with varying degrees of growth and decline. Among the 10 largest districts, the projected maximum decline is 2% and growth of 0.4%, representing 55% of the state's enrollment.

While enrollment is projected to decrease, funding will be partially supported by the inflationary increase in the School Finance Act. The new School Finance Act passed in the 2024 legislative session is unable to be implemented due to limited funding availability. The six-year implementation plan is proposed to be modified by extending the rollout an additional year and reducing the new funds in any one year. The new dollars are distributed to districts with higher concentrations of disadvantaged students. Since the new finance act cannot be implemented, concerns exist that a slight or moderate economic downturn could cause the return of the Budget Stabilization Factor, a mechanism used to reduce the state's obligation to PK-12 public education funding when other budget choices are made by the state legislature. Additional concerns exist for annual changes, increasing the uncertainty and variability in funding, a significant challenge for operating public schools.

Governor Polis's 2025-26 budget proposal, released on November 1, 2024, contains a base per pupil funding inflationary increase of 2.5% based on the Office of State Planning and Budgeting (OSPB) September 2024 Economic Forecast, or \$115 million for Total Program funding. This totals an average of \$299 per pupil more than 2024-25 funding, with those new dollars heavily weighted in districts with higher concentrations of disadvantaged students. This budget also proposes a shift in the methodology for calculating public school funding, moving from the four-year average enrollment to current-year enrollment. This could result in funding cuts for districts experiencing declining enrollment, eliminating the financial buffer that allows them to make strategic adjustments. This may put additional pressure on districts to close schools or change enrollment boundaries, causing major disruptions to local school communities.

Economic Conditions and Outlook (continued)

2025 Outlook (continued)

The required inflation adjustment to the School Finance Act will soften but not eliminate the impact of rising costs and enrollment declines; however, proposed changes negatively impact funding in the near term. The upcoming FY 2025 state revenue forecasts in December 2024 and March 2025 will indicate where the Legislature is able to set the budget for K-12 education in 2025-26 and signal the ability of the state to continue providing the expected funding levels into the future. The uncertainty regarding funding will continue to be a challenge for school districts in the near term. The modified new finance act and the political pressure to implement the new formula will add to that unpredictability. Within the confines of the resources allocated by the Legislature, districts across the state will be contending with labor shortages, wage pressures, and inflationary costs outstripping the funding increases. However, within these fiscal constraints, an environment of high expectations remains for educators to prepare students for the 21st century economy. With an uncertain near-term future, districts will bolster reserves and fund balance to the extent possible as state funding for K-12 tends to lag an economic downturn.

The National and Colorado summary forecast for 2024, found on page 21 of the document states:

- National real GDP grew an estimated 2.7% in 2024. U.S. real GDP is projected to grow 2.3% in 2025, with consumption, investment, and government spending all adding to overall growth.
- Consumers appear to have worked through headwinds that risked a disruption in consumption. Personal consumption grew an estimated 2.7% in 2024, and moderate growth is projected to continue in 2025, at 2.6%.
- Rising interest rate policies were deployed to manage high inflation. The higher interest rates had a cooling effect on investment. Fed policy reversed in the second half of 2024 with two initial rate cuts summing to 0.75%. The lower cost of borrowing could boost residential and nonresidential fixed investment if the longer end of the yield curve responds accordingly.
- Employment growth in Colorado is projected at 36,700 in 2025, with jobs added in 10 of the 11 major industries.
- In 2025, Colorado is projected to add 49,800 people, according to the State Demography Office. Growth will come from net migration (33,000) and from the natural increase (19,000).

Boulder County

As of 2024, Boulder County's economy has experienced a blend of growth and challenges. Key sectors, such as life sciences, technology, and outdoor recreation, are driving economic activity, while remote work and office vacancies reduce much-needed foot traffic in areas of commerce. The presence of major research institutions, the University of Colorado Boulder, and a strong startup culture continues to draw companies seeking to headquarter their burgeoning businesses near top-tier talent and resources. Boulder County's economy is thriving with robust growth in key sectors. This dynamic blend of industries not only fuels current success but also sets the stage for sustained innovation and long-term prosperity, ensuring Boulder County remains a vibrant and forward thinking economic hub.

Since reaching a high of 10.1% in June 2020 during the COVID pandemic, the unemployment rate in Boulder County decreased to 2.1% in September 2022. In 2023, unemployment began the year at 2.5% and fluctuated throughout the year before beginning to climb in April 2024; the August number read 4.1%. This compares to the August state unemployment rate of 4% and the September national rate of 4.1% (both not seasonally adjusted).

Economic Conditions and Outlook (continued)

2025 Outlook (continued)

Employment in the Boulder Metropolitan Statistical Area (MSA) increased 3.2% in August 2022 year-over-year. Continuing that trend, employment in August 2023 was up 1.3% year-over-year, representing a gain of 2,700 jobs, according to the Bureau of Labor Statistics CES data. Census Bureau data show the 2023 median household income for Boulder County residents was \$95,363, compared to \$92,911 for Colorado residents and \$80,610 for U.S. residents.

Boulder County's low unemployment rate and steady employment growth reflect a resilient economy, with median household incomes well above state and national averages, reinforcing its position as a strong and desirable place to live and work.

The Boulder County economy continues to benefit from a diverse mix of businesses, with high concentrations of employment in the Professional and Technical Services and Information industries, and in growing sectors, including quantum computing. The top three industries of 2023 were education and hospitals, restaurants and other eating places, and computer systems design and related services. Collaborations between academia, government, and private-sector companies has led to increased emphasis on attracting small- to mid-size quantum companies from across the nation and the globe.

Boulder County continues to flourish with a diverse economy, fueled by strong collaboration across academia, government, and the private sector, all driving the growth of emerging sectors like quantum technology.

Assumptions and Estimates

The development of the BVSD comprehensive budget is guided by the Strategic Plan, applying resources strategically, while supporting operational activities to ensure basic business functions, operations, compliance, risk-mitigation, health and safety as appropriate. Within these strategic areas, resources are applied as determined by a set of priorities, assumptions and estimates that change from year to year. For the 2025-26 fiscal year, the following data and preliminary estimates are being utilized during the initial planning phase of budget development. As always, the board's adoption of a balanced budget will be guided by available funding, policy requirements and student needs.

- Inflation - Denver-Aurora-Lakewood Core Consumer Price Index (CPI)
 - Governor's 2025-26 budget proposal: 2.5%
 - December Legislative Council Staff projection: 2.4%
 - 2024 US Bureau of Labor Statistics final: 2.3%
- Employee Compensation and contract adjustments
 - Longevity and salary schedule movement
 - Cost of living adjustment (COLA)
 - Health/Dental Benefits:
 - Maximum 4.8% rate increase
 - Kaiser initial renewal increase – TBD
 - UMR initial increase – TBD
 - Salary schedule Market Adjustments as appropriate
- K-12 Student Population
 - 2021-22 - 229 decline
 - 2022-23 - 524 decline
 - 2023-24 - 125 decline
 - 2024-25 - 371 decline
 - 2025-26 Projected 153 decline/1,402 5-year decline

Economic Conditions and Outlook (continued)

Assumptions and Estimates (continued)

- Staffing Adjustments
 - Declining enrollment changes - reset staffing ratios
 - 1X staffing to address enrollment uncertainty
- Potential Budget Stabilization Factor reintroduction
 - December State Revenue Forecast-State budget gap of \$1.0B based on inflation, caseload growth, and current law spending promises. Other pressures include spending in previous sessions and stimulus funded programs now being supported by the State's General Fund.
- Implementation of a modified School Finance Act from what passed in the 2024 legislative session
 - Governor support for moving forward despite inadequate funding of the adopted plan
- Contractual price escalations and operational expenditure increases
- Continued implementation of strategic initiatives
- Reserves for continued fiscal stability

Projected School Finance Act Funding for 2025-26

The funding projection on the next page shows the dramatic change in funding facing the Boulder Valley School District. Over the last few years, as the state legislature paid down the balance of the Budget Stabilization Factor, combined with high inflation, the District saw fairly large incremental increases in School Finance Act funding from year to year. However, enrollment continues to decline and at the same time Governor Polis is pushing to cut funding to K-12 education. These two factors, combined with state budget shortfalls as well as the new School Finance Act that favors districts with demographics different from BVSD, means new funding for BVSD will likely be very limited. Expectations for new and/or additional expenditures will likely far outweigh new resources coming into the district.

In the following graph, each fiscal year shows the prior year total School Finance Act funding in blue and the incremental growth from the prior fiscal year in orange. For the 2025-26 projected fiscal year, the four columns represent four scenarios:

1. Funding under the School Finance Act of 1994: This includes the practice of averaging student counts over five years to allow the highly complex school systems to adjust to those declines in a thoughtful and methodical manner, preventing wild swings in funding from year to year. The status quo system would provide BVSD an estimated 1.5 percent year over year increase in funding.
2. Funding under the School Finance Act, HB 24-1448, as adopted in the spring of 2024, after nearly two years of negotiation and compromise: This includes reducing averaging to four years, a 0.5 percent "hold harmless" provision, and a dramatically different pupil funding methodology targeting students with certain demographic indicators - poverty, special education, and second language acquisition. The new finance act as adopted would provide BVSD an estimated 1.1 percent year over year increase in funding, despite additional funding infused into the formula.
3. Funding under the Governor's November Budget Proposal: This dramatic reduction in K-12 funding eliminates the enrollment averaging provision as well as the 0.5% hold harmless

Projected School Finance Act Funding for 2025-26 (continued)

funding. This proposal is only an estimated 0.26 percent year over year increase in funding for BVSD.

4. Funding under HB25-1320, the revised School Finance Act, as passed at the end of the 2025 legislative session: Funding improved slightly, but the act includes a reduction in the averaging formula from five years to four years, extending the implementation to seven years and reduces the “hold harmless” provision to the level of prior year funding. The projection for BVSD is a 1.7 percent increase in School Finance Act funding over the 2024-25 fiscal year.

All scenarios are based on a 2.3 percent increase in the Denver-Aurora-Lakewood Metropolitan Statistical Area (MSA) Consumer Price Index (CPI) as determined by the Bureau of Labor Statistics and a BVSD one-year decline in enrollment of 270 students.

School Finance Act Funding

The funded pupil count, which is the number of full-time students enrolled in a district, is the real driver of school funding. The SFA identifies a per pupil funding amount, and the number of full-time students enrolled in a district determines the amount of total funding the district receives. However, not all students attend school on a full-time basis; the funded pupil count is different from the total enrollment. The official pupil count for kindergarten through twelfth grade occurs each October and results in the funded pupil count numbers.

When projecting student enrollment, the budget implications are substantial if expected growth is not realized or enrollment declines are greater than anticipated. If a shortfall in actual enrollment occurs as compared to projections, this information is generally received after the close of the first quarter of the fiscal year, and many staffing and programmatic changes cannot be made without significant impacts to students. For this reason, the district generally undertakes a reasonable, yet conservative, projection methodology to reduce the risk of a funding shortfall compared to expected revenues.

The BVSD projected state per pupil revenue (PPR) for 2025-26 is \$11,576 (slightly rounded). This PPR is 3.2 percent more than what was budgeted in 2024-25 in the Revised Budget. Total program funding, defined by the SFA, is projected to be \$313.6M, an increase of \$5.3M, or 1.7 percent, from the BVSD 2024-25 Revised Budget. This figure does not include the estimated uncollectable property taxes due to the timing of tax collections. The table below shows what the impact would be to the district's funding with fewer students.

The Funding Equation (25-26 budgeted)

Per Pupil Revenue:	(PPR)	\$11,576
Funded Pupil Count:	x(FPC)	27,091

School Finance Act Funding: \$313,603,101

Opportunity Cost in Dollars of 100 Fewer Students

Per Pupil Revenue:	(PPR)	\$11,576
Funded Pupil Count:	x(FPC)	(100)

School Finance Act Funding: (\$1,157,600)

*Calculations may not be exact due to rounding

**Fewer Students =
Fewer Dollars**

Understanding School Finance in Colorado

Every homeowner and business owner in Colorado pay property taxes for schools, along with sales taxes for police, fire, and other local public services. The Colorado state government is responsible for funding other public services such as prisons and transportation, in addition to determining the funding for schools. Each year, the budget crafted by the legislature and approved by the governor determines how much of the total state budget is allocated to education. The portion earmarked for K-12 education is then divided among 179 school districts throughout the state using formulas in the Colorado School Finance Act. These formulas determine how much money each district will receive per pupil as well as how much of that funding is paid by the state and how much is paid through local taxes. Data for 2025-26 for the chart above was not available from the State at the time of this publication.

In 2000, Colorado voters passed Amendment 23 to ensure annual increases in K-12 per-pupil funding by at least the rate of inflation. However, during the Great Recession, the state created the Budget Stabilization Factor to address budget shortfalls, limiting Amendment 23's application to "base" per-pupil funding. This led to significant reductions in total education funding, resulting in a nearly \$10 billion state shortfall over 15 years, which impacted BVSD by \$340.0M.

The two adequacy studies were published in December of 2024 and both identified over \$4.0B in additional funding is required for Colorado to have an adequately funded public education system. The 2024 Colorado Adequacy Study and associated reports can be found on the Colorado School Finance Project's website at www.cosfp.org.

For the 2025-26 school year, a new finance act has been implemented, the second in as many years, to redirect funding to school districts with higher concentrations of students living in poverty, students with individualized education plans, and students with limited English proficiency. The former factor for districts with a high cost of living has been significantly reduced and capped. The formula also reduces the student count averaging formula from five years to four years, with the seven-year rollout plan of the formula further reducing that to three years and possibly further. As the state budget becomes strained in future years, the new formula is easier to modify and further adjustments are anticipated.

Understanding School Finance in Colorado (continued)

Who Determines How Much Funding Each School District Receives?

Equity in School Funding

While tax dollars are collected locally for education, the state legislature determines how much funding each school district will receive. The SFA is aimed at ensuring that all children in the state receive an equitable educational experience and has devised a formula that evaluates various factors and determines the funding needed to provide said experience in each school district. For the 2025-26 school year, it is estimated BVSD will receive \$11,576 for each student full-time equivalent (FTE).

State Equalization

Schools are funded from three sources: local property tax, state funds, and vehicle registration fees, known as Specific Ownership Tax (SOT). Although the state determines individual school district funding levels, the amount contributed from the three different sources varies according to local assessed property valuation. As evidenced in the charts shown on this page, because of higher assessed valuation, BVSD receives a larger portion of its revenue from local property taxes and therefore, the state contribution is less than peer districts. Conversely, those districts whose property assessed valuations are lower typically receive a greater portion of funding from the state.

Local Referenda

Colorado law allows local school districts to ask voters to approve override funding for their district through an additional mill levy. BVSD voters generously approved school overrides in November of 2016, 2010, 2005, 2002, 1998, and 1991. This additional funding is capped by state law at 25 percent of total program funding. All override revenues come from increased property taxes; no additional state funding occurs. A district's authorization to raise and expend override revenues does not affect the amount of SFA funding the district receives.

Understanding School Finance in Colorado (continued)

Mill Levies

In 1994, the Colorado SFA was revised to create Title 11, Article 50 of the Colorado Revised Statutes, which determines the base revenue of the General Operating Fund for each school district. This 1994 revision set the standard mill levy at 40 mills for all districts. Then in 2007, due to dramatic increases in property values (assessed valuation) in some areas of Colorado (since 1994), the Act of 1994 was amended during the legislative session. This amendment froze the existing General Operating Fund mill levy for most districts in the state in order to reduce the pressure on state funding for local school districts.

For BVSD, mill levies were certified in December for the 2025 collection year, at 48.175 mills, which is a 0.15 percent increase from the prior year. The mill levy is applied to assessed valuation which increased by 0.60 percent or approximately \$57 million, from the prior year, net of tax incremental financing (TIF) agreements.

- General Operating Fund mills increased to 27.000.
- The district's 1991, 1998, 2002, and 2010 budget override (referendum) elections result in a levy of 8.602 mills.
- The mill levy for abatements, refunds, and omitted property is 0.314 mills, bring the total General Operating Fund mill levy to 35.916 mills.
- The Bond Redemption Fund at 7.498 mills.
- The transportation mill levy at 0.761 mills.
- The operations and technology mill levy at 4.000, bringing the collective total mills for BVSD to 48.175 mills.

Historical information on the district's assessed valuation is located in the Informational Section of this document.

Notes:

- Total 2024 assessed valuation for the 2025 calendar year was certified at: \$9,594,871,164
- Transportation mills are capital construction mill levies.
- Bond Redemption Mills are capital construction mill levies.
- Operations & Technology mills are capital construction, technology, and maintenance mill levies.
- Abatement Mills are related to assessed valuation appeals.
- Election Mills are mills for additional funding in the form of overrides approved by voters.
Note increase for election mills in years following the 2010 referendum
- General Fund Mills are associated with School Finance Act funding.

Understanding School Finance in Colorado (continued)

How Does Supporting Education Impact Your Taxes?

Local tax money goes to the county treasurer who in turn distributes it to each governmental entity in the county.

Constitutional amendments that affect school funding:

Article X, Section 20 (TABOR Amendment)

Sets taxing and spending limits on all levels of government in the state, from special districts, such as fire protection and schools to county and state governments. This amendment's primary objective is to "restrain the growth of government" as stated in the Colorado Constitution. The most significant limitations from this amendment that impact school funding from the state are that it:

- requires voter approval of tax increases.
- limits revenue collections.
- limits spending.

The law also impacts district spending as it requires that a school district hold 3 percent of expenditures in reserve. This reserve can **only** be spent in an emergency, which excludes economic conditions, revenue shortfalls, or salary and fringe benefit increases. A statute change in 2009-10 now allows a district to hold a letter of credit or utilize real asset value (buildings) as this 3 percent reserve, rather than cash. BVSD holds a 4 percent cash reserve, exceeding this requirement.

Amendment 23

In November of 2000, Colorado taxpayers approved Amendment 23 to the Colorado Constitution. This amendment identifies increases in funding to public elementary and secondary schools at a rate of inflation plus 1 percent for a total of 10 years, through the 2010-11 fiscal year, and then at the rate of inflation thereafter. The amendment's stated goal was to restore public education funding back to 1988 levels.

Referendum C

In November 2005, Colorado voters passed Referendum C, which temporarily overrides the current TABOR revenue formula that limits annual growth in state revenues to the rate of change of inflation plus population. With no increase to current tax rates, Referendum C allows the state to keep and spend the revenue it collects under current rates for five years. The revenue retained by this change will be used to fund healthcare, K-12 and higher education, pension plans for firefighters and police officers, and specifically identified Department of Transportation projects. The referendum's stated goal was to restore state budget cuts since 2001 and reset the base funding level.

Doing the Math:

State law sets the property tax assessment rate. In the 2025 collection year, homeowners will pay an assessment rate of 6.95 percent of the actual assessed value of their home, while businesses will pay a 29 percent assessment rate.

Here's how the math works for each \$100,000 in home value:

- The 6.95 percent of assessed value is calculated to be \$6,950. That's the amount on which taxes are based.
- One tax mill is equal to 1 cent on \$10. So, \$6,950 in value multiplied by 0.001 equals \$6.95 per mill.
- In 2024, the BVSD tax rate was certified at 48.175 mills or \$334.82 in taxes per year for each \$100,000 of assessed home value.

You can use the same formula to calculate your property taxes for your schools if you know your home's assessed value. The same calculations based on a 29 percent business rate net \$1,397.08 in school taxes for each \$100,000 of taxable business property.

Enrollment FTE Projections

The 2025-26 enrollment FTE projections reflect a decrease of total student enrollment. The following four charts show the historical change in BVSD enrollment.

District-Wide Enrollment

The total number of BVSD students (PK-12) estimated for the fall of 2025 shows a decrease of 150 enrolled students compared to the October 1, 2024 enrollment. Preschool enrollment is estimated for October 1 to be consistent for reporting, however, for the FTE comparison, we do not include the PK level.

For Total K-12 Funded Student Full Time Equivalent (FTE), there is a decrease of 217.0 FTE. However, for the 2025-26 year, BVSD will again average the pupil count as allowed per the State, which will result in an additional 245.3 FTE of funding for K-12. Kindergarten through twelfth grade students who are part-time, based upon a student's attendance and academic schedule, are counted as 0.50 FTE.

	2024-25 Revised	2024-25 Submitted	2025-26 Adopted	COMPARISONS 2024-25 Revised to 2025-26 Adopted	2024-25 Submitted to 2025-26 Adopted
Total PK-12 Funded Enrollment (Heads)*	27,913.0	27,913.0	27,738.0	-175.0 / -0.63%	-175.0 / -0.63%
Total K-12 Funded Student Full Time Equivalent (FTE)	27,062.5	27,062.5	26,845.5	-217.0 / -0.80%	-217.0 / -0.80%
Add'l FTE due to averaging	408.7	368.9	245.3		
Total Funded Pupil Count (FTE)**	27,471.2	27,431.4	27,090.8	-380.4 / -1.38%	-340.6 / -1.24%
* Total Enrollment (Heads) includes all PK students estimated to be enrolled on October 1st.					
** If the Total Funded Pupil Count FTE exceeds the Total Funded Student Full Time Equivalent, the funded pupil count is averaged.					

District-Wide Student FTE

Examination of enrollment reveals that K-12 General Operating Fund in-person student FTE will decrease by 213.5 FTE, while online FTE will decrease by 16.0 FTE; the K-12 Charter School FTE increased by 12.5 FTE. Note the change to Total Funded Pupil Count includes the state benefit of averaging pupil enrollment for funding purposes.

	2024-25 Revised	2024-25 Submitted	2025-26 Adopted	COMPARISONS 2024-25 Revised to 2025-26 Adopted	2024-25 Submitted to 2025-26 Adopted
K-12 General FTE	24,459.0	24,459.0	24,245.5	-213.5 / -0.87%	-213.5 / -0.87%
K-12 Charter FTE*	2,377.5	2,377.5	2,390.0	12.5 / 0.53%	12.5 / 0.53%
Online FTE	226.0	226.0	210.0	-16.0 / -7.08%	-16.0 / -7.08%
Total Student Full Time Equivalent	27,062.5	27,062.5	26,845.5	-217.0 / -0.80%	-217.0 / -0.80%
Add'l FTE due to Averaging	408.7	368.9	245.3		
Total Funded Pupil Count	27,471.2	27,431.4	27,090.8	-380.4 / -1.38%	-340.6 / -1.24%
*Funded enrollments may vary slightly from actual enrollments if a charter school enrolls students above the contracted amount.					

District-Wide Preschool Enrollment

The chart below summarizes the total number of BVSD preschool students enrolled. Beginning in 2023-24, Universal Preschool Program began for Colorado families, providing free preschool access. The preschool district-wide enrollment table below shows a decrease of 91 preschool enrolled students projected as compared to 2024-25. Enrollment in the UPK eligible showed a decrease in interest as compared to last year. Special Education student enrollment continues to be steady at 309.0 enrolled. Beginning 2023-24, funding for preschool students changed from an October count to monthly enrollment and payment count. The chart below represents the prior format of counting students as of October 1.

	2024-25 Revised	2024-25 Submitted	2025-26 Adopted	COMPARISONS 2024-25 Revised to 2025-26 Adopted	2024-25 Submitted to 2025-26 Adopted
Special Education	309.0	309.0	309.0	0.0 / 0.00%	0.0 / 0.00%
Colorado Universal Preschool (UPK)	333.0	514.0	336.0	3.0 / 0.90%	-178.0 / -34.63%
Not-eligible for funding	0.0	0.0	6.0	6.0 / N/A	6.0 / N/A
Tuition	128.0	93.0	174.0	46.0 / 35.94%	81.0 / 87.10%
Total PK Enrollment	770.0	916.0	825.0	55.0 / 7.14%	-91.0 / -9.93%

Allocation of Budgets to Schools

Each BVSD school is allocated resources on the basis of projected enrollment. Various formulas are used which address the allocation of:

- Staff FTE – teachers, paraprofessionals, principals, office personnel, custodians, and other staff
- Operating Dollars – for supplies, copier costs, equipment, staff development, and leadership, (textbook funds are budgeted centrally and distributed to schools based on a textbook adoption calendar)

The goal of instructional staffing allocations is to ensure that resources are distributed equitably among the district's schools. They are based on district-wide per student ratios that are set specifically for each grade level. As overall enrollment fluctuates or as the student population shifts between levels, the staffing is then adjusted to maintain each of the ratios. Variances above and below may occur when student populations shift between schools and across grades. If budget constraints prevent the funding of expected ratios in the current year, the funding of staffing ratios will generally be a budget priority in the following fiscal year. Allocations of Budgets to Schools addresses the C.R.S. 22-55-108 Accountability statement.

Operating dollars are structured as a weighted student formula to address student characteristics including poverty, special education, and English language development. Staffing allocations have been updated to create uniform allocations across instructional levels.

Demographic Overview

The Boulder Valley School District is located near the foothills of the Rocky Mountains, approximately twenty miles northwest of Denver. BVSD's boundaries encompass approximately 500 square miles in Boulder, Broomfield, and Gilpin Counties and contain a population of approximately 211,000. The communities of Boulder, Louisville, Lafayette, Erie, Superior, Broomfield, Nederland, Ward, Jamestown, and Gold Hill are served.

Each school provides information about specific programs, services, and activities offered on their individual school websites. A [list of schools with links to their websites](#) can be found on the district website.

District Populations

The district's student population as of fall 2024 is a diverse group made up of special education students, English language learners, gifted and talented students, and students eligible for free and reduced lunch.

Student Enrollment Category	2020-21	2021-22	2022-23	2023-24	2024-25*
CDE Preschool-12 Student Membership	29,240	29,011	28,487	28,362	27,999
Funded Membership	29,096	28,776	28,250	27,287	27,913
Student Membership Not Funded	144	235	237	1075	86
English Language Learners	2,302	2,034	2,001	2,140	2,301
ELL % of Funded Membership	7.9%	7.1%	7.1%	7.8%	8.5%
Free/Reduced Lunch Status	5,715	5,828	5,939	6,811	7,286
FRL Statuts % of Funded Membership	19.6%	20.3%	21.0%	25.0%	26.9%
Gifted & Talented	4,280	4,182	4,322	4,542	4,860
TAG % of Funded Membership	14.7%	14.5%	15.3%	16.6%	17.9%
Out of District	2,359	2,316	2,362	2,526	2,583
OOD Students % of Funded Membership	8.1%	8.0%	8.4%	9.3%	9.5%
Special Education	3,623	3,417	3,613	3,507	3,687
SpEd Students % of Funded Membership	12.5%	11.9%	12.8%	12.9%	13.6%

* With the implementation of the Universal Preschool Program in 2023-24, all pre-kindergarten students were moved to an "unfunded" status as they were no longer reported in the district's School Finance Act funded pupil count.

Personnel Trends

The estimated number of 2025-26 budgeted full-time employees in BVSD in all funds, including Charters, is 3,848.086. This is a decrease of approximately 1.54 percent from the 2024-25 fiscal year. The General Operating Fund will slightly increase FTE to maintain staffing resources.

	2021-22	2022-23	2023-24	2024-25	2025-26
Classroom Teachers	1721.242	1684.032	1692.364	1658.967	1636.202

Budget Development Process

School boards and superintendents in all 179 Colorado districts face many budget challenges. At BVSD, driving forces considered by the board and the superintendent for the 2025-26 budget include: employee compensation, additional student-centric resources to address student needs in the areas of special education, bilingual education, career and technical education, early childhood education, and curriculum materials. With this, there are still continuing challenges with the state tax and revenue policies, the impact of decisions made by the legislature, and the investment in hiring and retaining high quality staff through a competitive compensation structure.

This budget was prepared considering the needs and values of students, parents, employees, and taxpayers. Throughout the stages of the budget process, the board must balance the needs of all stakeholders with the fiscal responsibility it has to the taxpayers. Although BVSD students exceed in aggregate the state average on all universally administered performance measures, achievement gaps exist for certain targeted groups. The budget development process brings to the forefront the needs of all students, and allows funding decisions to be made that provide the necessary resources to address the district's strategic plan.

BVSD began the budget process with the development of a calendar as presented to the Board of Education on December 10, 2024.

- Release of the Governor's Budget on November 1 which includes the proposed budget for K-12 public education for the ensuing fiscal year. Funding adjustments are made for state-wide K-12 enrollment, inflation, and as significant restructuring of how students are counted and funded within the School Finance Act. This becomes the starting point for efforts at the legislative level to increase funding for schools.
- Passing current fiscal year state supplemental budget adjustments to account for actual student counts and final certified mill levies for General Fund local funding.
- BVSD Open Enrollment and enrollment projections to begin setting detailed BVSD budgets.
- Convening and ending of the annual legislative session to advocate for additional funding, minimize unfunded mandates and influence legislation to improve public education.
- Clarifying the progress along the way with the Board of Education at the specified board meetings and worksessions identified for annual budget development.

The budget development process is outlined below:

1. Planning – Development of a course of action regarding the range of state funding changes.
2. Gathering Input – A dialogue regarding community values and priorities to consider in developing BVSD's annual budget.
3. Results – Processing the input gathered to frame the creation of the budget.
4. Analysis – Reviewing the assumptions, projections, and priorities with the Board of Education.
5. Preliminary Budget – An unbalanced initial budget guided by the strategic plan, projections, and known data to provide decision points for discussion.
6. Proposed Budget – A budget version including expected resources, projected uses, and incorporation of necessary adjustments to create a balanced budget.
7. Budget Adoption – Statutory requirement to adopt a balanced budget by June 30 for the ensuing fiscal year.
8. Budget Revision – Adjustment of the annual budget to include final year-end financial data and student enrollment through the first two months of the school year and any relevant new financial information.
9. Amending the Budget – Transfers of funds between accounts during the fiscal year to adjust for changing conditions or needs.

The following chart summarizes the process, timelines, and decision points of the budget development process for both the adopted and revised budgets.

2025-26 Budget Development Process Milestones

01-Sep, 2024

30-Jun, 2025

All Funds

Appropriation 2025-26

The adoption of the budget by the Board of Education includes the formal approval of both the Budget Resolution and the Appropriation Resolution, as defined in Colorado State Statute 22-44-103(1). The resolutions set the maximum amount of funds which can be utilized in a given fiscal year. All available resources are appropriated through this process and each accounting fund is included in each of the resolutions. A board of education of a school district shall not expend any moneys in excess of the amount appropriated by resolution for a particular fund, C.R.S. 22-44-115(1).

Fund	2025-26				
	Expenditures	Reserves	Transfers Out	Ending Balance	Appropriation
General Operating Fund	\$ 375,420,027	\$ 41,711,552	\$ 72,252,918	\$ 4,313,433	\$ 493,697,930

All Funds Overview

General Operating Fund

The General Operating Fund is the core operating fund of the district and accounts for the majority of all instructional and operational expenditures of the district. Included in this fund are categorical programs (e.g., special education, gifted and talented education, career and technical education, and E.L.P.A. (English Language Proficiency Act)). A major source of funding to the General Operating Fund is received through the state's School Finance Act. This Fund is developed so that the total of annual ongoing expenditures and transfers does not exceed annual revenues and contains an ending fund balance that complies with state statute and district policy.

Differentiated School Support Fund

The Differentiated School Support Fund was created in FY22 and is used to track spending of resources allocated to schools as part of the district's Strategic Plan. Beginning fiscal 2024-25, with the conclusion of ESSER funding high support schools are now accounted for similar to all schools in this fund. Through a tiered system of school requirements, supports, and accountability metrics which drive the allocation of resources, the goal is to help close the opportunity and achievement gap in the District. A weighted and differentiated funding model was implemented to distribute resources to schools identified with levels of Flexible, Targeted, and High support needs. The table below outlines the revised differentiated levels and per pupil tiered approach to funding for the second iteration of funds:

- Flexible support receive weight on student demographics only and have access to VIP Program/ Targeted support (x2) / High support (x5)
 - Target and High Support Enrollment- \$60
 - Special Education - \$50
 - Free and Reduced Lunch - \$75
 - English Language Development - \$50

PERA On-Behalf Fund

As a component of Senate Bill 18-200, the state is required to make a direct on-behalf payment of \$225.0M to Colorado PERA each year. The payment is allocated based on the proportionate amount of annual payroll to the School Division Trust Fund, State Division Trust Fund, Judicial Division Trust Fund, and Denver Public Schools Division Trust Fund. Generally accepted accounting principles require the district to report its proportionate share of on-behalf payments as both a revenue and expenditure. Because on-behalf payments have no financial impact on district operations, the revenues and expenditures have been recorded in a new stand-alone fund, so as to not distort ongoing district activities. Because the necessary calculations are not provided to the district by Colorado PERA until after year end, budgeted amounts represent a conservative estimate based on prior year data.

Athletics Fund

The district-wide Athletics Fund provides for interscholastic athletics in grades 8 through 12 and intramural athletics at all grade levels. Athletic programs at charter schools are funded from each charter school's individual allocation.

All Funds Overview (continued)

Preschool Fund

The Preschool Fund includes sessions of preschool in 24 elementary schools and the Mapleton Early Childhood Center. The program has a nine-month schedule. The Community Montessori has a five day a week, half-day program, with an extended half-day option available. The Universal Preschool Program began during school year 2023-2024. This program will be funded by the Colorado Universal Preschool Program (CUPP), funded by voter approved tax increases.

Community Schools Fund

The Community Schools Fund provides the community with educational and enrichment opportunities through extended use of BVSD facilities. The Community Schools Program is self-supporting, utilizing program tuition and community use fees for operational expenses. The fund provides the following programs:

- 1) School Age Care Program
- 2) Community Use
- 3) Lifelong Learning
- 4) Community Connections: A Student Resource Guide
- 5) BVSD Online

Charter School Fund

The Charter School Fund consists of five charter schools: Boulder Preparatory, Horizons K-8, Peak to Peak K-12, Summit Middle, and Justice High. The schools have separate governing boards but are dependent upon the district for the majority of their funding.

Governmental Designated-Purpose Grants Fund

The Governmental Designated-Purpose Grants Fund is the vehicle for receipt and expenditure of categorical funds. The district receives numerous local, state, and federal grants which have varying fiscal years. These grant funds supplement the regular district educational programs.

Transportation Fund

The Transportation Fund's purpose is to account for the revenue and expenses associated with providing transportation for students for regular school attendance and for extra curricular activities such as field trips, athletics, and music events.

Operations and Technology Fund

The Capital Construction, Technology, and Maintenance Fund has been established to account for activity which was authorized with funds made available from the passage of the 2016 Ballot Measure. Voters approved an operational mill levy which will fund a portion of the ongoing maintenance, custodial, security, and technology expenditures in the General Fund. Resources from the levy will allow investment for ongoing preventative maintenance and repairs to extend facility life. The Board of Education set the levy to 4 mills in December 2019 which is the maximum amount allowed by voter approval.

All Funds Overview (continued)

Food Services Fund

The Food Services Program serves breakfast and lunch meals using the new culinary center to serve 52 schools, Head Start Programs and two schools outside of the school district. The program is primarily dependent on Food Service revenue from 170 serving days.

Risk Management Fund

The Risk Management Fund accounts for the costs of the district's property and liability insurance, workers' compensation insurance, loss prevention services and coordinates the overall risk management activities for the district. Fluctuations in property and workers' compensation insurance premiums may cause corresponding changes in transfers from the General Fund.

Bond Redemption Fund

The Bond Redemption Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs. The size of the mill levy for the Bond Redemption Fund is determined by the amount of the yearly requirement for the payment of principal and interest on the outstanding bonds.

Building Fund

The Building Fund accounts for the district's 2022 Critical Needs Plan, which is funded by general obligation debt approved by voters in November 2022. The 2022 Critical Needs Plan, as approved by the Board of Education on August 9, 2022, represents \$350M of the District's highest priorities: extend the useful life of buildings, replace New Vista High School, update secondary schools to provide opportunities for career and technical education programs, and construct an elementary school in Erie.

Health Insurance Fund

The Health Insurance Fund is an internal service fund used to account for claims, administrative fees, and stop loss insurance coverage for the district's self-funded health insurance employee benefit program. Employees have the choice of participating in the district's self-funded plans administered by United Medical Resources (UMR) and Surest. These companies are affiliates of United Health Care. The district contributes an annual premium per eligible employee. Employees have the option to purchase dependent coverage. In addition, the district contributes towards an Employee Assistance Program for all employees.

Dental Insurance Fund

The Dental Insurance Fund is an internal service fund used to account for claims and administrative fees of the district's self-funded dental insurance employee benefit program. The district contributes an annual premium per eligible employee. Employees have the option to purchase dependent coverage.

All Funds Overview (continued)

Capital Reserve Fund

The Capital Reserve Fund may be used for land acquisition and land improvements; and for the construction of new facilities, or for the remodel and maintenance of existing facilities, including the acquisition of equipment and furnishings. Vehicles, fiber optic cable acquisitions and repairs, software licensing agreements, and computer equipment may also be acquired through the Capital Reserve Fund.

Private Purpose Trust Fund

Trust Funds are used to account for assets held by the district in a trustee capacity or as an agent for individuals, private organizations, and special activity groups within the district. This Fund accounts for the activity of an exchange program and various scholarship funds.

Student Activities Fund

This fund is provided to account for receipts and disbursements from student activities and district fundraising.

Front Range BOCES Fund

The Front Range BOCES Fund is a custodial fund to account for activities of the Front Range BOCES. The district had an intergovernmental agreement under which the district processed contributions and non-personnel expenditures of the Front Range BOCES. BVSD and Front Range BOCES ended its agreement in June 2024.

General Operating Fund

Revenue Sources

- The Board of Education can make policy decisions on what the district charges for its tuition and fees. This controllable revenue source comprises only 0.2 percent of total General Operating Fund revenue.
- The BVSD electorate has control over passing local property tax increases for school funding which represents 19.5 percent of the district's 2025-26 budgeted revenue. The board can only recommend placing a referendum on the ballot.
- The Colorado legislature determines BVSD's revenue from the SFA. BVSD voters have some control over who their state representatives are and how they vote on education issues. This less controllable revenue, combined with categorical reimbursements, totals 75.6 percent of BVSD's 2025-26 budgeted revenue. The board has no control over the SFA.
- Non-equalized specific ownership tax, other revenues, services provided, and lease proceeds make up the remaining 4.7 percent of BVSD's budgeted revenue, and are controlled primarily by economic factors completely outside of the district's control.

There are a variety of factors that impact the amount of money the district receives in its General Operating Fund from its different funding sources. The district and/or its constituents have more control over some factors than others. As you can see from the diagram below, the smaller funding sources are typically the ones over which the district has more control. For example, the district or the schools can control what kind of fundraising projects to have and how that money is to be used. However, at the other end of the spectrum, there is virtually no control over how many children live in the district and attend our schools.

In the 2025-26 fiscal year, the district projects the following revenue sources and amounts in the General Operating Fund:

*includes abatements and delinquent local property taxes

General Operating Fund (continued)

Summary of Assumptions

2025-26 Total Resources: \$492.9M

- \$20.0M decrease in resources from the 2024-25 Revised Budget is comprised of:
 - An increase in the beginning balance.
 - An increase in School Finance Act revenue that is the result of a per-pupil revenue increase based on COLA in the base.
 - An increase in Mill Levy Property Tax revenue that is indexed at 25.0 percent of School Finance Act funding as this is calculated on Total Program.
 - Specific Ownership Taxes – Non-Equalized slight decline.
 - Removal of a one-time increase in Property Tax – Abatements.
 - A decrease in Interest due to the removal of one-time budget as compared to the prior year.
 - A decrease in indirect cost revenue due to change in the indirect rate allowed as well as fewer grants to be able to assess the rate.
 - A decrease in Tuition in the BVSD Online Learning budget as this program will now transfer out of General Fund and into Community Schools Fund.
 - An increase in Special Education Reimbursement due to an increased per pupil reimbursement amount and increase with COLA.
 - An increase budgeted to be received by charters for purchased services for the 2025-26 year.
 - An increase in categorical funding revenue to account for increases with COLA.
 - A decrease in miscellaneous revenue due to removal of one-time donations.

General Operating Fund (continued)

Summary of Assumptions (continued)

2025-26 Total Expenditures: \$375.4M

- \$20.0M decrease in expenditures from the 2024-25 Revised Budget is comprised of:
 - Total compensation increases related to 0.6 percent COLA, step increases, and health insurance rate increases. Decreased staff FTE for formula adjustments for classroom teachers, Art/Music/PE teachers, and paraeducators due to declining enrollment projection. Additional support to close the opportunity and achievement gaps, support equity, social emotional learning, special education services, and maintaining and ensuring adequate district operational functions were included in ongoing and one-time funding.
 - One-time Staffing Reserve for general education support.
 - The removal of 2024-25 one-time expenditures.
 - Addition of multi-year budget requests approved in the prior years which were held in contingency.
 - Ongoing expenditure for utility inflationary cost increases, ILC Special Education programs and Special Education staffing needs, an increase of ongoing FTE for the Middle Level Bilingual expansion as well as Virtual Literacy Intervention. These FTE increases have been offset by a reduction of staff FTE in non-class size areas of staffing due to enrollment impacts. Ongoing decrease in expenditures for the move of the BVSD Online Learning Department to Community Schools Fund was built into the budget as well as increases for Information Technology software and device security, translation support, and other fees, contracts and services. Lastly, an ongoing budget adjustment has also been made to account for savings at mid-year in the General Fund.
 - One-time expenditures for staffing reserves, Career and Technical Education support along with Grad+, Literacy adoption, Dual Language Middle Level Expansion, Seal of Climate Literacy supplies, Special Education Moderate Need student pilot program, Strategic Plan Implementation, Operation and Maintenance snow stipend and professional development and badging, BVSD Enrollment Showcase, Communications marketing support, health curriculum, Teacher Substitute pay increase, Human Resources support, as well as other fees, contracts and services.

2025-26 Total Reserves: \$41.7M

- \$3.1M net decrease in Reserves from the 2024-25 Revised Budget is comprised of:
 - An overall decrease in expenditures will result in a decrease of the required TABOR and contingency reserves. In 2025-26 there is \$3.2M multi-year projects being approved and \$315K in multi-year contract reserves being held in addition to the continued amounts for Inventory and Climate Reserve.

General Operating Fund (continued)

Summary of Assumptions (continued)

2025-26 Total Transfers: \$71.4M

- \$2.1M net increase in Transfers from the General Operating Fund from the 2024-25 Revised Budget is comprised of:
 - Removal of any one-time 2024-25 transfers.
 - Increase of ongoing transfers to funds, as needed, pertaining to COLA, step increases, negotiation schedule adjustments, and health insurance rate increase of 4.6 percent.
 - Increase to the Athletics Fund ongoing for new requests including inflationary increases for referees as well as a new CHSAA program for Girls Flag Football.
 - Ongoing transfer increase to Risk Management Fund to account for estimated premium increase in the fund.
 - Increase to the Preschool Fund to support program as the revenue allocated from The Colorado Department of Early Childhood increased less than one percent.
 - Food Services Fund decrease due to the removal of the one-time reduction in the transfer in 2024-25 as well as a drop in the percent able to be charged next year for Indirect rates expense, offset by a small increase for utility rate increases.
 - Increase to the Transportation Fund for a small increase in utility rate increases.
 - A one-time transfer to the Differentiated School Support Fund to continue the work on delivery of staffing on a weighted formula.
 - The same transfer amount from Community Schools Fund as the prior fiscal year.
 - Increase ongoing transfer to the Charter Fund per negotiated contracts with charter schools to reflect increase in Per Pupil Revenue other negotiated revenue areas such as Categorical funding.

Budget Adjustment Plan

The 2025-26 Revised Budget adjustment plan outlines notable changes to the General Operating Fund's expenditure budget, comparing the 2024-25 Revised Budget to the current year's budget.

All Program Areas		
Provides \$4.1M and \$1.6M increases in step and 0.6 percent COLA raises respectively, \$1.3M for variable benefits related to the step and COLA raises, \$1.5M for Health insurance rate increase of 4.6 percent, \$1.4M for Horizontal Lane Changes, \$2.6M in Salary Attrition savings from turnover of senior staff, \$1.1M reduction in staffing formula teacher and paraeducator due to decline in enrollment, \$2.7M reduction in non-class size staffing formula decrease due to enrollment impacts, \$1.9M ongoing in Special Education staffing needs, \$1.0M in Middle Level Bilingual Expansion program and VIP Literacy needs, \$1.6M in one-time Special Education, Grad Plus, and Human Resource staffing needs, \$1.0M one-time Teacher Substitute compensation, and an estimated ongoing \$1.0M in savings in salaries and benefits expected at mid-year of salary and benefit savings. Staffing formulas for staff have been adjusted due to enrollment impacts.

2025-26 PROPOSED BUDGET	2,803.971 FTE

Capital Projects

The two funds that comprise this section are the Building Fund and the Capital Reserve Fund. Each fund records revenue as well as capital expenditures incurred for upgrades, replacements, constructing, repairing, or equipping fixed assets within the district.

Building Fund

Summary

The Building for Student Success program is a bond-funded capital improvement program that has provided renovations to schools and facilities throughout BVSD. Funding for the program was generously approved by voters in 2014 and is managed separately from the district's general operating budget and other funds. These funds may only be used for construction, personnel to manage construction, and to purchase items such as furniture or equipment.

The \$677.1M program, which has provided improvements at every school and facility, is 97 percent complete. Some relatively small projects are planned for 2022. The remaining balance of \$13.3M is allocated to finish design and contribute to construction of a new building for New Vista High School. The funds for the New Vista project are not sufficient to complete construction and additional funding will be needed.

Building Fund

In November 2022, BVSD voters supported measure 5A which allows the district to increase its debt through the sale of bonds to raise funds for the work described in the 2022 Critical Needs Plan. The plan was developed from a 2021 third-party assessment of BVSD's 4.8 million square feet of facility space and associated sites. Working with BVSD staff, the consultant evaluated major architectural, mechanical, electrical, and site infrastructure system components, estimating their "in-kind" replacement values and where each is within its expected lifecycle. The assessment prioritized identified requirements by urgency related to due date. This data was evaluated by district staff and reviewed with the 23-member Capital Improvement Plan Review Committee to develop the 2022 Critical Needs Plan.

More than half of the plan is directed to critical, major maintenance such as roofing and building system repairs that are needed within two years to keep facilities safe, operational, code compliant, and in good condition. The plan also includes funding to complete construction of the New Vista replacement building (in addition to \$11.2M from the 2014 Bond program); a new school for enrollment growth in Erie; creation and expansion of spaces to support career and technical education (CTE) programing; asbestos abatement to reduce the risks associated with hazardous materials; and replacement of equipment and surfacing on some playgrounds expand accessibility for students of varying physical abilities.

A Community Bond Oversight Committee was appointed in May to provide accountability and transparency of the fulfillment of the program through independent monitoring and review of the implementation of the projects. In addition, the group will review and take action on recommendations from staff for any significant changes in the scope and/or budget of existing or new projects and advise the Board of its actions on these recommendations.

Capital Projects (continued)

The first series of bonds in the amount of \$187,335,000 were issued in April 2023. With this issuance, several small construction projects were completed in 2023 and planning and design were completed for Phase 1 projects.

Phase 1 projects will move into construction during the second and third quarters of 2024. Most of these projects will complete construction in 2024 with a few larger projects continuing into 2025. Design for Phase 2 projects will begin in the first quarter of 2024 and continue through the year with construction planned for 2025.

The New Vista rebuild project is on schedule for students and staff to take occupancy during Winter Break 2024. Following the move-in the final phases of the project will occur in 2025, including asbestos abatement, demolition and site work.

Design for Phase 2 projects began in the first quarter of 2024 and construction contracts were approved by the Board in the 4th quarter of 2024. Construction planned for 2025. For some larger projects, construction will continue over two summers into 2026.

Project teams for Phase 3 projects were hired in the fourth quarter of 2024. Design will begin in early 2025, with construction planned for 2026.

Capital Reserve Fund

Summary

Boulder Valley School District is committed to providing safe and healthy environments for students to learn. This commitment is reflected in three existing board policies:

- Safe Schools – Policy ADD
- Building and Grounds Security – Policy ECA
- Building and Grounds Maintenance – Policy ECB

Colorado statutes limit the options for governmental entities to fund significant capital projects. Any tax increase or issuance of debt must be approved by a vote of the local electorate. Due to this constraint, major capital projects are generally reserved for bond issuances. This funding constraint forces the district to defer maintenance on facilities to a level where the limited funds available are allocated to projects for health and safety needs and protection of the facility, as noted in items #1 and #2 below. Over 75 percent of the budgeted project expenditures fall within these two project types. Due to the limited funding available for capital projects, the policies identified above are taken into consideration when developing the annual capital projects list.

During the budget development process for the Capital Reserve Fund, district staff discuss the projects being considered. A determination is made whether these projects have the potential for significant impact on short- or long-term cost reductions or increases of operational budgets. If the potential for significant impact is a concern, further analysis will be performed to determine the impact and address it through the district's budget process.

District staff evaluate project requests and prioritize those requests based on the following criteria:

1. Health/Safety – Does an unsafe or unhealthy condition exist for students and staff?
2. Protection of the facility – Will the district incur excessive costs in the future if the system is not replaced or repaired? Will other areas of the facility deteriorate if this system is not repaired or replaced?
3. Improve the educational program – Is a facility change necessary to deliver an adequate instructional program?
4. Replacement of depreciated items.
5. What is the impact on the district operating budget and/or services for non-routine projects?

Capital Projects (continued)

Impacts of Capital Projects on General Fund

Major capital improvements paid for with bond funds and capital reserve funds are budgeted in the Building Fund and Capital Reserve Fund respectively. Additional operating costs incurred as a result of identified improvements typically consist of increased utility, custodial, and maintenance costs, which are budgeted in the General Operating Fund.

Capital Reserve

The projects that impact the operating budget fall into four major operational areas:

Health/Safety: These projects support the repairs, replacements, or construction tasks related to conditions in district facilities or grounds which are potential threats to the safety or health condition of students or staff.

Mechanical Systems: These projects include upgrades, replacement, and major repairs to HVAC, electrical, and plumbing systems within district facilities. These upgrades result in a savings to the operating budget through improved efficiency and reduced maintenance runs for repairs on failing equipment and false alarms triggered by warning systems.

Maintenance Support: These projects include repairs, renovations and new construction to school facilities, grounds and fiber optic cable which protect capital investments and support a quality educational program.

Vehicle Replacement: This project is the scheduled replacement of the bus and maintenance vehicle fleet. The replacement of aging vehicles realizes a savings through improved fuel efficiency and reduced maintenance and repairs. The change to more fuel-efficient vehicles will result in a slower growth of both use of fuel and expense rather than a reduction in total use or cost.

The majority of projects are identified as falling into one or more of the stated criteria.

2022 Bond

The 2022 Building for Student Success program was approved by voters in November 2022. Project design began in 2023, and 2024 was the first major construction season of the program with numerous projects being completed. The most influential mechanism the capital improvement work has to impact the general fund is through energy and water efficiency improvements and associated utility billing. Although the bond program as a whole didn't focus on energy efficiency, many of the systems being renewed, from rooftop units to LED lighting retrofits, will greatly increase occupant comfort while reducing energy consumption through more efficient equipment, current technology, and better data to inform decision making.

Guided by the goals of our Sustainability Action Plan and the strategies of our Green Building Guiding Principles, each renovation project is an opportunity to make improvements at a range of levels in these areas. However, variables such as weather and occupant behavior, coupled with rising utility rates can make it difficult to attribute quantifiable financial impacts to this work. Nonetheless, energy use across the District has decreased each year as more bond projects are implemented, and we can assume that some cost is avoided with these reductions.

One change where we have seen some impact is through the upgrade to a new software system for HVAC controls. The system as a whole is more robust in most of its features, including more customized scheduling, which will likely translate to more energy savings. We have already seen some improvements due to changes made by adjusting programming at Douglass and Emerald elementary schools to decrease both overall use and during peak

Capital Projects (continued)

Impacts of Capital Projects on General Fund (continued)

demand times when costs are higher. From FY23 to FY24 at Douglass, usage dropped 72,124 kWh with a savings of \$8,512. For the same time period at Emerald, usage dropped 88,578 kWh for a savings of \$15,003. We anticipate using this programming as a model for other similar buildings once the conversion is complete and commissioned.

One area where we have seen a definite improvement is the reduction of catastrophic failures that could be attributed to outdated programming and "stuck" programs in the old building automation system. We had many issues related to outside air dampers malfunctioning and causing spaces and hydronic coils to freeze & break during times of extreme cold weather. As buildings were converted, we have seen a significant improvement in the operation of the system and effectiveness of the programming. Overall, the system seems to be much more reliable.

Looking ahead, we anticipate seeing a significant reduction in utilities costs for New Vista High School with the construction of a new, high-performing building and the demolition of the existing building. The new building is designed to be 26 percent better than code baseline for annual energy costs and is expected to reduce energy consumption by over 60 percent compared to the existing building. The roof is solar ready and staff are exploring what it would take to add a photovoltaic system. Low flow plumbing fixtures have been installed where appropriate inside the building. Outside, the landscape plan includes low water use plants, and an artificial turf field will further reduce water needs.

Changes in Debt

Following is a summary of long-term debt transactions of the district for the year ended June 30, 2024.

	Balances 7/1/23	Additions	Payments	Balances 6/30/24	Due Within One Year
Governmental Activities					
General Obligation Bond	\$ 913,760,000	\$ -	\$ 32,370,000	\$ 881,390,000	\$ 31,780,000
Bond Premium	80,503,467	-	6,235,065	74,268,402	-
Direct Borrowing	233,757	1,822,900	517,837	1,538,820	323,532
Leases	1,700,630	1,282,625	628,304	2,354,951	897,186
SBITAs	7,108,880	1,066,048	1,033,677	7,141,251	1,153,197
Compensated Absences	12,156,876	10,837,346	8,832,573	14,161,649	9,327,308
Total	\$ 1,015,463,610	\$ 15,008,919	\$ 49,617,456	\$ 980,855,073	\$ 43,481,223

Compensated absences are expected to be liquidated primarily with resources of the General Fund.

Fund Balance Requirements

In order to meet the challenges of school funding in Colorado and BVSD, the board adopted Policy DB in spring 2005, which dictated a minimum level of year-end fund balance in order to ensure the district's ongoing financial health. To further bolster the district's financial position and address the current economic challenges, the Board of Education updated this policy in January 2009, strengthening the requirements of the policy. The policy restricts the district from using one-time money for ongoing expenditures. This ensures programs are sustained with ongoing revenue. In addition, current policy specifies the amount to be held as a contingency reserve.

Following the requirements of this policy means BVSD will have to make annual budget adjustments so that new expenditures do not exceed new revenues and a moderate level of reserves is maintained. Because the district has, in the past, funded necessary programs with fixed revenues provided by override funds, the cost of these programs will eventually exceed the fixed revenue stream. Using the policy now means the district can make smaller adjustments over time rather than making dramatic cuts when the cost of programs has outgrown revenue sources.

The original policy was recommended by BVSD's external auditors and commended by the Colorado Department of Education's accreditation consultant. The recent update to the policy was crafted by the district's audit committee with input from the district's external financial advisors.

The **two key elements** of the policy are spending limitations and reserve requirements as follows:

Spending Limitations:

- The General Operating Fund budget will be developed so that the total of annual ongoing expenditures and transfers do not exceed annual revenues.
- If the General Operating Fund ends any fiscal year with an ending balance beyond required reserves, this amount can only be used for one-time uses in subsequent years.
- One-time uses are defined as expenditures, transfers and/or reserves committed to by the district for a finite period of time, on a non-recurring basis.

Reserve Requirements:

- The General Operating Fund budget will be developed containing an ending fund balance equal to required reserves including the TABOR reserve plus a minimum of a 4.0 percent contingency reserve. The need for additional reserves shall be reviewed annually.
- Funds in the contingency reserve shall not be spent without board approval. The request for approval must include a plan for ensuring that the expenditure will not exceed the fixed dollar amount approved by the board, and must also include a plan for replenishing the reserve within two years from first dispersal.
- The budgets for all other funds will be developed to include, at a minimum, the required TABOR reserve.
- The General Operating Fund budget will be developed on a GAAP basis.

In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the district is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

- Nonspendable fund
- Restricted fund balance
- Committed fund balance
- Assigned fund balance
- Unassigned fund balance

This budget has been developed in compliance with these fund balance requirements.

Compliance Statements

The following statements were prepared by the state's Financial Policies and Procedures Committee to comply with certain requirements in state statute.

This budget's revenue projections were prepared using information provided by the Colorado Department of Education, the county assessor, the federal government, and other sources using methods recommended in the *Financial Policies and Procedures Handbook*. These budget expenditure estimates were prepared based on program needs, enrollment projections, mandated requirements, employee contracts, contracted services, and anticipated changes in economic conditions using methods described in the *Financial Policies and Procedures Handbook*. Beginning fund balances and revenues equal or exceed budgeted expenditures and reserves.

This budget includes the audited revenues, expenditures, and fund balances for the last completed fiscal year. Audited figures are detailed in BVSD's Annual Comprehensive Financial Report and are available for review on the district's website (www.bvsd.org), in the district's business office, the Colorado Department of Education, or the state auditor's office.

This budget was prepared in compliance with the revenue, expenditures, tax limitation, and reserve requirements of Section 20 of Article X of the State Constitution.

Governing Policies

The following main sections of policies guide the Boulder Valley School District through the budget development and implementation process as well as policies that direct operational procedures of the district. A detailed description of each policy associated within each section can be found in the Appendix located in the Informational Section of this document.

Section A: Foundations and Basic Commitments - Contains policies, regulations, and exhibits regarding the district's legal role in providing public education and the basic principles underlying school board governance.

Section B: Board Governance and Operations - Includes policies regarding how the school board is appointed or elected, how it is organized, how it conducts meetings, and how the board operates.

Section C: General School Administration - Contains policies, regulations, and exhibits on school management, administrative organization, and school building and department administration.

Section D: Fiscal Management - Includes the policies on school finances and the management of funds. Policies on the financing of school construction and renovations are included in Section F, Facilities Development.

Section E: Support Services – Contains policies on non-instructional services and programs, particularly those on business management.

Section F: Facilities Development - Contains policies on facility planning, financing, construction, and renovation. Also includes the topics of temporary facilities and school closings.

Section G: Personnel - Contains policies that pertain to all district employees.

Section H: Negotiations - Contains policies guiding negotiating procedures.

Section I: Instruction - Contains policies regarding instruction, curriculum, resources, and achievement.

Section J: Students – Includes policies regarding student admissions, attendance, rights and responsibilities, conduct, discipline, health and welfare, and school-related activities.

Section K: School-Community Relations - Contains policies, regulations, and exhibits on parent and community involvement in schools.

Section L: Education-Agency Relations - Policies include school district's relationship with other education agencies – including other school systems, regional or service districts, private schools, colleges and universities, educational research organizations, and state and national educational agencies.

Document Summary

This concludes the Executive Summary portion of the **INTRODUCTORY SECTION**. The purpose of this document is to help the reader understand school finance issues and the process used to create a budget that is fiscally responsible and supports the needs of all students for the upcoming year. The 2025-26 Proposed Budget document provides summary information for a broad look at the financial plan of the district.

The school district's budget is a living document representing the investment our community makes in educating its children. Each year, the district evaluates programs, staffing patterns, and other expenditures in relation to the strategic directions set by the Board of Education, with particular emphasis on student achievement. We are proud of the fact that this community places a premium on academic achievement for all children.

This budget reflects the vision, mission, values, and goals of the Boulder Valley School District to provide educational services to its students to the end that the attainments of their goals as members of society are enhanced. Improvement of educational services and a projected decrease in the student population created challenges to maintain necessary expenditures within the limits of available resources and restrictions imposed by the state legislature.

This budget is a prudent plan that balances the many needs of our students within the economic realities of our state and district. The members of the Board of Education have provided outstanding support for the educational services of the district, and the budget reflects the commitment of the board and the community for quality educational programs.

The remaining sections of this document provide detailed and supplementary information to support the budgets as presented.

The **ORGANIZATIONAL SECTION** provides detailed information on the Boulder Valley School District's government profile, its facilities, and geographical area. It provides insights into the district's vision, goals, and strategies in the context of supporting student achievement. It details the district's administrative structure, operating departments along with accounting descriptions of fund types, revenue and expenditure classifications, budget, and management practices that regulate operations.

The **FINANCIAL SECTION** provides all the information necessary to understand the structure of the district's financial documents; detailed budget schedules for all funds are included to provide historical financial standings along with debt obligations. Included are a five-year beginning balance, revenue, expenditure, transfers, emergency reserves, and ending balance for all of the district's funds including staffing formulas.

The **INFORMATIONAL SECTION** includes enrollment trends, historical data comparisons, data, charts, and assorted information in support of the budgets. This section is intended to help the reader have a better understanding of the history and future of the district as a growing entity. Sub-sections include the Appendices and Glossary that provide historical information on the Boulder Valley School District's assessed valuation, mill levies, enrollment and pupil count funding, the Colorado Department of Education critical dates, and terms used in the budget document.

The 2025-26 Proposed Budget line item detail is available for public review in PDF format on the Boulder Valley School District's website on the [Financial Transparency](#) web page.

For additional district financial information, readers should refer to the [Annual Comprehensive Financial Report](#) for the June 30, 2024, fiscal year-end, which is also available on the district's Financial Transparency web page.

Profile of the Government

Boulder Valley School District RE-2 (BVSD) is a public school district and body corporate, organized and existing under the School District Organization Act of 1965, Article 30, Title 22, and Colorado Revised Statutes. The district has the authority to determine its own budget, levy taxes or set rates or charges, and issue bonded debt without approval from the state or by another government, making BVSD fiscally independent.

Originally organized in 1860, the district was reorganized in 1961 to include numerous smaller districts. There is a seven-member Board of Education, elected by the citizens of Boulder, Broomfield, and Gilpin Counties, that govern the district. Board members serve four-year terms, with four members elected every two years; they are term-limited at two terms.

BVSD is located in Boulder County near the foothills of the Rocky Mountains, approximately twenty miles northwest of Denver. Its boundaries encompass approximately 500 square miles in Boulder, Broomfield, and Gilpin Counties and contain a population of approximately 211,000. The communities of Boulder, Louisville, Lafayette, Erie, Superior, Broomfield, Nederland, Ward, Jamestown, and Gold Hill are served. Residents within the district, particularly in the more densely settled urban areas where most of the population resides, participate in the large and increasingly diverse front-range economy, which includes the cities of Denver, Boulder, and Longmont and the growing communities in between. The city of Boulder is home to the University of Colorado, Boulder Campus, and is a significant stabilizing force for the local economy. Other major employers in the area include Google, numerous federal research laboratories, and other smaller software, research, manufacturing, and pharmaceutical firms.

BVSD provides a full and challenging range of educational programs and services authorized by Colorado State Statute including kindergarten through grade twelve education in elementary, middle, and high schools; Special Education; Career and Technical Education; an Online Education program; Culturally and Linguistically Diverse Education; and numerous other educational and support programs. In addition, the district offers preschool programs through the Colorado Universal Preschool Program, Community Montessori focus school, and the Special Education program. The district also has five charter schools that comprise the Charter Funds of the Boulder Valley School District: Summit Middle Charter School, Horizons K-8 School, Boulder Preparatory High School, Justice High School, and Peak to Peak Charter School.

Budget Decisions Shaped by Goals and Financial Constraints

A school district budget is a dynamic entity, structured to achieve the goals of the district within the environment of current economic conditions and political will. The BVSD superintendent is guided by the district's goals and community priorities in creating the annual budget. It evolves year to year to address current conditions. Each year our community is invited to play a role in developing the budget. We continually strive to help our community understand the complexities of our budget by publishing several documents to explain the budget and its development. It can be difficult to see long-term trends; therefore, one purpose of this document is to give a historical perspective on how public education in Colorado, and specifically Boulder, arrived at its current state.

Given the constraints of available resources, BVSD re-examines priorities each year and uses the budget development process to allocate funding to maximize student achievement. Over time, the district has faced challenges, utilized advances in technology, enhanced the advantages of the district's economies of scale, and modified programming to maximize student learning.

Plan and Assess for Continuous Improvement

Increasingly, state and federal regulations determine the environment in which BVSD must operate, from establishing funding levels to setting academic achievement standards. As the district is presented with new budgetary challenges to address, it is continuously modifying and improving its methods of analyzing data to anticipate future challenges. We constantly monitor business environmental factors such as inflation, tax collection rates, and state legislation in order to examine cost trends for a variety of items during the development of the budget.

Vision, Mission and Value Statements

It is well known in our community and in Colorado that the Boulder Valley School District (BVSD) is already among the highest achieving of Colorado's 179 school districts. What may not be as well-known is the shared determination of our students, parents, teachers, administrators, and community leaders to make BVSD the educational answer for each student in our district regardless of circumstance or background. Each child brings a unique and worthwhile contribution to our learning community.

Vision

We develop our children's greatest abilities and make possible the discovery and pursuit of their dreams, which when fulfilled will benefit us all. We provide a comprehensive and innovative approach to education and graduate successful, curious life-long learners who confidently confront the great challenges of their time.

Mission

The mission of the Boulder Valley School District is to create challenging, meaningful and engaging learning opportunities so that all children thrive and are prepared for successful, civically engaged lives.

Value Statements

1. We respect the inherent value of each student and incorporate the strengths and diversity of students, families, staff, and communities.
2. Societal inequities and unique learning needs will not be barriers to student success.
3. We address the intellectual growth, health and physical development, and social-emotional well-being of students.
4. We value accountability and transparency at all levels.

The [Boulder Valley School District's All Together for All Students Strategic Plan](#) is now in the seventh year of implementation and we remain committed to our three Long Term Student Outcomes, to **Inspire** a love of learning in every student, **Equip** them with the knowledge and skills that will help to make them successful, give them the opportunities and connections so that they can **Soar** after high school in the college or career pathway of their choice.

All students benefit from challenging and relevant educational opportunities.

Reduce disparities in achievement

Every student graduates empowered with the skills necessary for post-graduate success

Much has changed since 2019 in the world of education and BVSD has celebrated the successful completion of many strategic goals. Following an independent review from a National expert in 2024, BVSD re-committed to the core tenets of our strategic plan with a narrowed focus on four key objectives critical to ensuring students in BVSD receive the highest quality education experience possible.

Strategic Plan (continued)

New Strategic Objectives

- **No Limits:** All students experience grade-level, standards-based instruction.
- **Next Best Step:** Educators and administrators implement & track tiered supports and instructional strategies to engage and grow all students, and monitor success in doing so.
- **Define the Destination:** Throughout their PK-12 career, all students access career exploration opportunities and earn at least one of the following: College Credit, Industry Certification, Work-Based Learning Experience or Seal of Biliteracy.
- **Valued & Included:** All students feel included and valued in their learning environments, schools engage in restorative practices with students when appropriate, and schools consistently apply recommended resolutions for specific disciplinary events (i.e., discipline framework).

Key Performance Indicators

The vision set through the long-term outcomes and strategic objectives are realized through intentional planning and support. In BVSD our strategic goals are embedded within the Unified Improvement Plans (UIP) where we are able to monitor the progress being made each year, within each strategic objective. Additionally, BVSD has committed to transparently tracking and communicating the metrics aligned to the strategic plan, also known as “Key Performance Indicators” or “KPIs”. This is accomplished through our all new [KPI Dashboard](#), allowing all staff, students and community members to join BVSD in monitoring the progress being made within all four Strategic Objectives through an easily accessible online data visualization tool.

Defined Success by 2029

The Boulder Valley School District is unwavering in our common vision for success by 2029:

- Increase achievement and growth scores overall, and for historically marginalized groups
- Appropriate growth of students receiving academic interventions
- Proportional rate of students identified for Special Education & Gifted and Talented
- Increase the percentage of students who graduate and obtain at least one GRAD+ recognition
- Increase fidelity to the BVSD Discipline framework
- Decrease Out of School Suspensions while reducing disproportionality

Budget Development Process

School boards and superintendents in all 179 Colorado districts face many budget challenges. At BVSD, driving forces considered by the board and the superintendent for the 2025-26 budget include: employee compensation, additional student-centric resources to address student needs in the areas of special education, bilingual education, career and technical education, early childhood education, and curriculum materials. With this, there are still continuing challenges with the state tax and revenue policies, the impact of decisions made by the legislature, and the investment in hiring and retaining high quality staff through a competitive compensation structure.

This budget was prepared considering the needs and values of students, parents, employees, and taxpayers. Throughout the stages of the budget process, the board must balance the needs of all stakeholders with the fiscal responsibility it has to the taxpayers. Although BVSD students exceed in aggregate the state average on all universally administered performance measures, achievement gaps exist for certain targeted groups. The budget development process brings to the forefront the needs of all students, and allows funding decisions to be made that provide the necessary resources to address the district's strategic plan.

BVSD began the budget process with the development of a calendar as presented to the Board of Education on December 10, 2024.

- Release of the Governor's Budget on November 1 which includes the proposed budget for K-12 public education for the ensuing fiscal year. Funding adjustments are made for state-wide K-12 enrollment, inflation, and as significant restructuring of how students are counted and funded within the School Finance Act. This becomes the starting point for efforts at the legislative level to increase funding for schools.
- Passing current fiscal year state supplemental budget adjustments to account for actual student counts and final certified mill levies for General Fund local funding.
- BVSD Open Enrollment and enrollment projections to begin setting detailed BVSD budgets.
- Convening and ending of the annual legislative session to advocate for additional funding, minimize unfunded mandates and influence legislation to improve public education.
- Clarifying the progress along the way with the Board of Education at the specified board meetings and worksessions identified for annual budget development.

Input Gathering and Analysis In order to seek a broad range of input from the community, the district conducted many budget information/discussion meetings. These included:

- Sixteen budget and spending related topics at eleven public Board of Education meetings.
- Numerous meetings with district stakeholder groups and the District Leadership Team.

These meetings provided opportunities for the district's stakeholders to hear relevant budget information as well as give feedback to the superintendent and Board of Education regarding the development of the budget.

Also, district staff maintains a "BVSD Financial Transparency" section within the district's website to present significant amounts of district financial information and links to other data sources with the goal of providing transparency and increasing understanding regarding all financial aspects of the district. This website aligns with the state statute related to fiscal transparency. The link can be found on the main page of the district's website at www.bvsd.org.

Budget Development Process (continued)

Finally, Board of Education meetings held from January through June provide an opportunity for the general public to contribute direct input to the board regarding the budget, as an agenda item at each meeting is set aside for public participation. Each speaker is allotted two minutes to discuss district topics of interest to the individual that are germane to district functions. The board takes public comments into consideration during the budget development process.

Preliminary Budget After reviewing the input from the board, enrollment projections and the most current revenue assumptions, the superintendent and his senior staff prepared a preliminary budget. The preliminary budget was presented to the board for discussion and review during a worksession in April.

Proposed Budget The proposed budget reflects staff compensation of steps and lanes on salary schedules, a cost of living adjustment, savings from staff turnover, adjustments to the district-paid health insurance premium. The proposed budget also incorporates numerous investments to support students, staff and operational functions of the district:

- Curriculum materials
- Funding to support the implementation of the district's strategic plan - All Together for All Students in the areas of Special Education, Bilingual Education, Translation Services and extending the Differentiated School Funding support program.
- Local funding to address the state's underfunding of the Colorado Universal Preschool Program
- Inflationary increases for the district's property, liability and workers' compensation insurance

Further details are included in the "Budget Adjustment Plan" in the Introductory Section of this document.

Budget Adoption After the presentation of the Proposed Budget in May, the Board of Education will be scheduled to adopt the budget in June. This budget development process is consistent with current Colorado statutes that require a proposed budget be presented to the board by June 1 and adopted by June 30.

Budget Revision The final phase of budget development is the modification of the June adopted budget based on final prior year financial data and updated enrollment information gained during the first two months of school. The law provides the opportunity for a board of education to adjust revenues and expenditures through January 31 of the fiscal year.

Amending the Budget Changes to the budget following the adoption by the Board of Education are authorized under Policy DBJ, which allows the transfer of funds between accounts with the approval of the superintendent or designee.

A detailed list of [critical dates for the fiscal year](#) for statutory compliance and reporting can be found on the Colorado Department of Education website.

The following chart summarizes the process, timelines, and decision points of the budget development process for both the adopted and revised budgets. From year to year, the timeline varies only slightly as statutory and contractual deadlines provide the milestones for the process. Similarly, information and data generally become available in a parallel timeline to the previously mentioned milestones with variations driven largely by the legislative process.

Budget Development Process (continued)

2025-26 Budget Development Process Milestones

Basis of Budgeting and Accounting

Colorado Local Government Uniform Accounting and Budget Laws require that a budget be adopted and reported for all funds. Total expenditures for each fund may not exceed the amount appropriated. Appropriations for a fund may be increased provided they are offset by unanticipated revenue. All appropriations lapse at the end of the fiscal year. Supplemental appropriations that alter the total expenditures of any fund must be approved by the Board of Education.

This budget was prepared in compliance with the revenue, expenditure, tax limitation, and reserve requirements of Article X, Section 20 of the State Constitution (TABOR Amendment). This amendment prohibits school districts from increasing taxes, mill levies, revenues, or spending except by statutory defined limits. It also mandates “emergency reserves” of three percent of total government spending.

On November 2, 1999, the Boulder Valley School District voters passed a ballot issue that authorized the district to collect, retain, and spend all district revenues from any source received in 1999, and for each year thereafter, that are in excess of any revenue raising, spending, or other limitation in Article X, Section 20 of the Colorado Constitution.

Budgets for all funds are adopted on a basis consistent with GAAP. A GAAP budget includes all expenditures/expenses incurred and revenue earned during the period, regardless of the timing of when cash is actually received or paid. On a budgetary basis, the district has not budgeted a deficit fund balance and is in compliance with state legal requirements. The district’s definition of a balanced budget is in accordance with Colorado Revised Statute 22-44-105(1.5)(a) which states: “A budget adopted pursuant to this article shall not provide for expenditures, interfund transfers, or reserves in excess of available revenues and beginning fund balances.”

Supplemental budgets may be adopted in accordance with C.R.S. 22-44-110(5) and 22-44-110(6), in the event additional money becomes available. Budget amounts may be amended by transfer in accordance with BVSD district Policy DBJ. Policy DBJ is derived from C.R.S 22-44-112 that limits which funds are available for transfer. All budget transfers require the approval of the superintendent or designee.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the district considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Property taxes, specific ownership taxes, grants, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the district.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt services expenditures as well as expenditures related to compensated absences are recorded only when payment is due.

Enterprise Fund and Fiduciary Fund revenues and expenses are recognized on the accrual basis of accounting. Revenue is recognized in the accounting period in which it is earned, and expenses are recognized when incurred.

Financial Information

Internal Control

District management is responsible for establishing and maintaining internal controls designed to ensure that the assets of the district are protected from loss, theft, or misuse. Adequate accounting data must also be compiled to allow for the preparation of financial statements in conformity with GAAP. The internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that:

- (1) the cost of a control should not exceed the benefits likely to be derived and (2) the valuation of costs and benefits requires estimates and judgments by management.

Single Audit

As a recipient of federal, state, and local financial assistance, the district is responsible for ensuring that adequate internal controls are in place to guarantee compliance with all related applicable laws and regulations related to financial programs. As a part of the district's single audit, tests are made to determine the adequacy of internal control, including that portion related to federal award programs as well as to determine that the district has complied with applicable laws and regulations, contracts, and grants. The results of the district's single audit for the fiscal year ended June 30, 2024, provided a Significant Deficiency in Internal Control over Financial Reporting, Other Matters, but no instances of material weaknesses in internal control or material violations of applicable laws, regulations, contracts, and grants. The district's actions in response to the finding can be found on page 184 of the [Annual Comprehensive Financial Report](#) for the fiscal year ended June 30, 2024.

Budgeting Controls

The district maintains numerous budgetary controls. The objective of these controls is to ensure compliance with legal provisions embodied in the annual appropriated budget adopted by the Board of Education. Budgetary controls include an encumbrance accounting system, expenditure control, and position control. The district's financial system provides budget managers with online capabilities to view outstanding orders and available funds for all accounts in their department or school. Encumbered amounts lapse at year end and are generally re-established in the following year as an obligation against that year's appropriated budget. The policies adopted by the Board of Education related to fiscal management and the budget process can be found in the Informational Section of this document.

Cash Management

The cash management and investment practices of the district follow BVSD's Board of Education Investment Policy and state law. The district's investments are managed in a manner that optimizes the return on investments and minimizes risk while providing needed liquidity. The board receives a quarterly investment portfolio report in the regular quarterly financial report. In order to meet its cash flow requirements, the district will participate in the State of Colorado's Interest Free Loan Program. This program allows the district to borrow funds from the State Treasury as needed to fund its operations, repaying those funds once property tax revenues begin flowing into the district in March. In June 2025, district staff will request authorization from the board to borrow an amount similar to that of 2024-25 from this program for the second half of the 2025-26 fiscal year. All funds will be repaid to the State Treasury by June 30, 2026.

Financial Information (continued)

Risk Management

The district participates in two self-insurance pools, one for property/liability insurance and one for workers' compensation. The property/liability insurance for the district is provided through the Colorado School Districts Self-Insurance Pool, which is comprised of over 100 school districts. The workers' compensation coverage for the district is provided through the Joint School Districts Pool for Workers' Compensation. This pool is comprised of four large Denver-metro school districts: Aurora, Boulder Valley, Cherry Creek, and Littleton. The pools rely upon actuarial reviews to determine appropriate funding and reserve levels. Excess insurance is in place for amounts above the retention. Detailed insurance information is provided with the budget information for the Risk Management Fund in the Financial Section of this document.

Audit Committee

On September 28, 2004, the Board of Education adopted Policy D1EA-*District Audit Committee* which established an Audit Committee. The committee is made up of five members: two Board of Education members, one being the board treasurer who shall serve as chair of the District Audit Committee, and the other member appointed by the president of the board for a two-year term; the district's chief financial officer; the district's accounting services director; and a community member with expertise in governmental accounting and financial management. The community member will be selected by the District Audit Committee and recommended to the Board of Education for a two-year term.

The primary responsibilities of the committee are as follows:

- Recommend the selection of an external auditor, considering independence, qualifications, and cost of services. Review the scope, plan, and coordination of the independent audit efforts. Consider the auditor's findings and recommendations for appropriate actions.
- Review quarterly financial reports provided by the district.
- Review district financial policies and procedures.
- Review any new debt issuance.
- Encourage continuous improvement of district financial policies and procedures.

Independent Audit

State statutes require an annual audit by independent certified public accountants. During 2021, the district issued an RFP for audit services. Based upon the recommendation of the Audit Committee, the Board of Education approved a contract with CliftonLarsonAllen, LLP to perform the district's audits beginning with the fiscal year ending June 30, 2021. In addition to meeting the requirements set forth in state statutes, the audit is also designed to meet the requirements of the Single Audit Act and OMB Circular A-133. The [Annual Comprehensive Financial Report](#) for the year ended June 30, 2024, as well as previous fiscal years, can be found on the Financial Transparency page of the district's website at www.bvsd.org.

Governing Policies

This budget is developed in accordance with policies and procedures adopted by the Board of Education. The district has a vast array of policies from which to operate. After careful deliberation, the board approves policies that are then implemented through specific regulations and procedures. Specific policies that pertain to the development and implementation of the district budget are described below, and the entire policy statements have been included in the Informational Section of this document. The [policies referenced throughout this document](#) may be found on the district website.

School Board Powers and Responsibilities (BA) - Powers and mandatory duties of the board are defined in state statutes. Included in the policy are the functions that the board considers most important.

Annual Operating Budget (DB) - The annual budget is the financial plan for the operation of the school system. It provides the framework for both revenue and expenditures for the year. The budget translates into financial terms the educational programs and priorities of the district.

Budget Transfers (DBJ) - Under law, the Board of Education may, upon the recommendation of the superintendent, transfer any unencumbered monies from the contingency reserve account (which is within the General Operating Fund) to any school and/or program budget accounts.

Grants Management (DD) - The school district is receptive to outside financial support to aid in delivery, maintenance, and improvement of the educational program. The district will apply for and receive appropriate federal, state, and private grants that will support the strategic plan or otherwise assist in improving student achievement.

Project Partnerships, Sub-Award Grants, Sub-Contracts Pursuant to Grants, and Third-Party Grants Involving District Personnel, Programs or Facilities (DD-R1) - When BVSD is named by another agency or institution in a grant application as the recipient of payments, goods, or services under that grant, this is considered a sub-award grant and it is subject to all of the same requirements for review and approval as grants written by and awarded to BVSD and its schools/departments.

Grants to District Personnel (DD-R2) - Grants applied for and received by individual district personnel for personal, professional, or professional development purposes are not subject to district policies unless they involve activities conducted during the normal work day, or involve students, the use of school property, and/or require the participation of other district personnel.

Loan Programs (Funds from State Tax Sources) (DEB) - The superintendent shall notify the board when it becomes evident that cash balances will not meet anticipated obligations. Under such circumstances the board may negotiate, under the provisions of Colorado statutes, for a loan in amounts as may be required to meet such obligations. Such a loan may not be obtained without prior approval of the board.

Revenues from State/Federal Tax Sources (DEB/DEC/DFC) - Except for non-categorical state and federal funds received by the school district to support the General Operating Fund budget, other outside funds received for any project requiring the expenditure of school district funds and/or the cooperative use of school district facilities on a regularly scheduled basis shall be brought to the Board of Education for authorization before the project is instituted.

Cash Management/Investment Policy (DFA) - The Board of Education authorizes the superintendent to effectively manage the district's financial assets and to invest all funds not needed immediately. District funds shall be invested in accordance with Colorado statutes.

Governing Policies (continued)

Revenues from Licensing of School Facilities for Telecommunication Uses (DFB) – As a service to the communities where its various school sites and facilities are located and as a source of revenue to the school district, the Board of Education may license the use of its sites and facilities for the installation, maintenance, and use of telecommunication and low power radio signal equipment owned by third-party entities.

Depository of Funds/Authorized Signatures (DG) - All monies received by the school district shall be deposited in an official bank as designated by the board. Such a financial institution must qualify as an eligible public depository in accordance with state law.

Bonded Employees and Officers (DH) - The district's chief financial officer and director of accounting services shall be bonded in the sum of \$100,000 each. Other employees may be bonded at the discretion of the superintendent.

Fiscal Accounting and Reporting (DI) - The superintendent shall be responsible for receiving and properly accounting for all funds of the district. The accounting system used shall conform to the requirements of the State Board of Education and with generally accepted accounting principles which will provide the appropriate separation of accounts, funds, and special monies.

Capital Asset Accounting (DID) - The Board of Education directs that the district maintain a system for the inventory of all fixed assets including land, buildings, vehicles, and equipment. The district will also maintain an inventory of infrastructure assets including roads, bridges, tunnels, drainage systems, sidewalks, curbs, and water/sewer distribution collection systems.

Audits (DIE) - In accordance with state law, all funds and accounts of the district shall be audited annually, following the close of the fiscal year. The board shall issue a Request for Proposal (RFP) or use some other similar process for selection of an independent auditor licensed to practice in Colorado and knowledgeable in government accounting to conduct the audit.

District Audit Committee (DIEA) - The Board of Education has the responsibility to district residents and taxpayers to properly account for public funds. In keeping with the adopted principles of sound financial management, the board establishes an audit committee to assist in its oversight responsibilities.

Purchasing and Contracting (DJ/DJE) - Purchases are made to obtain the optimum value for each dollar expended. Competition is the basis for all purchasing, unless impractical, inefficient, or impossible. The procurement department issues purchase orders and is authorized to issue procurement cards for the purchase of goods and services authorized in the district's adopted budget and purchased in accordance with this policy.

Payroll Procedures/Payday Schedules (DL/DLA) - All employees will be paid via direct deposit to an account at the financial institution of their choice. A payroll check will be issued only with the prior written approval of the chief personnel officer.

Salary Deductions (DLB & DLB-R) - Deductions shall be made from the compensation of all employees for federal and state income tax in keeping with federal and state requirements. The superintendent authorizes deductions for PERA, credit union, savings bond, life survivor's insurance, health and dental insurance, tax savings plans, employee contributions, and professional dues from employee salaries, provided the employee has filed the proper permission for payroll withholding.

Governing Policies (continued)

Employee Expense Reimbursements (DLC) - Employees who are required to travel from school to school and/or out of town on business for the district shall be reimbursed upon application by the employee and supervisor approval.

District Properties Disposal Procedures (DN) – The superintendent or designee shall determine whether school property other than real estate is obsolete and/or of no further value to the school district, and shall, based upon appraisal, decide the manner of disposal of such property by sale, donation, sealed bid, auction, recycling or discarding.

Type and Description of Funds

The district has 19 active funds in total, each identified within their type (Operating Funds, Special Revenue Funds, Debt Service Fund, Capital Project Funds, Enterprise Fund, Internal Service Funds, and Fiduciary Funds) including the General Operating Fund.

A fund is an independent fiscal and accounting entity with a self-balancing set of accounts for recording the source and use of cash and other financial resources. It contains all related assets, liabilities, and residual equities or balances, or changes therein.

Funds are established to carry out specific activities or attain certain objectives of the school district according to special legislation, regulations, or other restrictions for the purposes described.

Operating Funds are accounts for all financial resources except those required to be accounted for in another fund. Section 22-45-103(1)(a), C.R.S., states that all revenues, except those revenues attributable to the Bond Redemption Fund, the Capital Reserve Fund, the Building Fund, the Insurance Reserve Fund, and any other fund authorized by the State Board of Education, shall be accounted for in the General Operating Fund. Any lawful expenditure of the school district, including any expenditure of a nature that could be made from any other fund, may be made from the General Operating Fund.

10 - General Operating Fund: This fund accounts for the largest portion of the total district budget and covers day-to-day operating expenditures including salaries and benefits for employees, textbooks, and business services. Funding comes from local property taxes and the state of Colorado. Funds must be transferred from the General Operating Fund to the Capital Reserve and Insurance Reserve Funds.

11 - Charter School Fund: This fund is used to account for the financial activities associated with charter schools, which are treated as component units of the district.

12 – Differentiated School Support Fund: This fund is used to track spending of resources allocated to schools identified with differentiated levels of support needs.

13 - Community Schools Fund: The Community Schools Fund is used to account for the district's educational and enrichment opportunities provided through extended use of Boulder Valley School District facilities.

16 - Athletics Fund: This fund includes the expenditures for interscholastic sports for grades 8-12. Revenues include a transfer from the General Operating Fund as well as student participation fees and game admissions. The activities related to interscholastic sports for charter schools are recorded within the individual charter school's budget.

Type and Description of Funds (continued)

18 - Risk Management Fund: This fund accounts for the resources used for the district's liability, property, and workers' compensation insurance needs. It also provides overall risk management activities for the district.

19 - Preschool Fund: This fund is for the purpose of tracking the activity related to BVSD Preschool program and the Universal Pre-Kindergarten program established by HB22-1295. BVSD currently offers programs for three- and four-year students, state funded and tuition paying students, in both full and part day programs for learning and enrichment.

98 – PERA On-Behalf Fund: This fund is used to report its proportionate share of on-behalf payments each year to Colorado PERA as both a revenue and expenditure.

Special Revenue Funds are accounts for the proceeds from special revenue sources (other than major capital projects) that are legally restricted to expenditure for specified purposes. A separate fund may be used for each restricted source.

06 - Operations & Technology Fund: This fund accounts for capital construction, technology, and maintenance. It was developed after voters approved the associated mill levy in November 2016.

21 - Food Services Fund: This fund accounts for all financial activities associated with the district's school lunch program.

22 - Governmental Designated-Purpose Grants Fund: This fund is provided to account for monies received from various federal, state, and local grant programs.

23 – Student Activities Fund: This fund is provided to account for receipts and disbursements from student activities and district fundraising.

25 - Transportation Fund: This fund accounts for all the transportation services of the Boulder Valley School District. It was developed after voters approved the transportation mill levy in November 2005.

Debt Service Fund is to be used to service the long-term general obligation debt of the school district including principal, interest, and related expenses. This fund may be used to service other long-term voter-approved debt of the school district.

31 - Bond Redemption Fund: This fund is authorized by Colorado law. It provides revenues based upon a property tax mill levy set by the school board to satisfy the district's bonded indebtedness on an annualized basis.

Capital Project Funds are used to account for financial resources used to acquire or construct major capital facilities, sites, and equipment. These funds are designated to account for acquisition or construction of capital outlay assets which are not acquired directly by the General Operating Fund, special revenue funds, or enterprise funds.

41 - Building Fund: This fund is required by Colorado law and is used to fund ongoing capital needs such as site acquisition, major maintenance, and equipment purchases that are funded through the issuance of long-term debt.

Type and Description of Funds (continued)

43 - Capital Reserve Fund: This fund is required by Colorado law and is used to fund ongoing capital needs such as site acquisition, major maintenance, and equipment purchases that are funded through the sale of assets and transfers from the General Operating Fund.

Enterprise Funds are used to record operations that are financed and operated in a manner similar to private business enterprises where the stated intent is that the costs (expenses, including depreciation and indirect costs) of providing goods or services to the students or general public on a continuing basis are financed by charges for services or products. Enterprise funds are also used to account for operations where the school board or state regulatory agency has decided that periodic determination of revenues earned, expenses incurred, and net income generated is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Internal Service Funds are used to account for school district operations that provide goods or services within the district or to other school districts, or to other governmental units, on a cost-recovery basis.

66 - Health Insurance Fund: The Health Insurance Fund is an internal service fund to account for claims and administrative fees of the district's self-funded health insurance employee benefit program.

67 - Dental Insurance Fund: The Dental Insurance Fund is an internal service fund to account for claims and administrative fees of the district's self-funded dental insurance employee benefit program.

Fiduciary Funds are used to report assets held in a trustee or agency capacity for others and therefore cannot be used to support the government's own programs. The key distinction between trust funds and agency funds is that trust funds normally are subject to a trust agreement that affects the degree of management involvement and the length of time that the resources are held. An agency fund does not involve a formal trust agreement and the government's role is purely custodial.

72 – Private Purpose Trust Fund: Private purpose trust funds are used to account for assets held by the district in a trustee capacity or as an agent for individuals, private organizations, and special activity groups within the district. The Trust and Agency Fund is comprised of Expendable Trust Funds, Nonexpendable Trust Funds, and Agency Funds.

73 – Front Range BOCES Fund: The Front Range BOCES Fund is a custodial fund to account for activities of the Front Range BOCES. The district is acting only in a fiduciary (custodial) capacity on behalf of the Front Range BOCES. BVSD and Front Range BOCES ended its agreement in June 2024.

Definition of Account Code Structure

Boulder Valley School District's account code structure is aligned with the Colorado Department of Education's *FPF Handbook – Chart of Accounts*. These account code elements comprise the account string used for electronic data communications.

Account Code Format: Example of Sub Teacher Coded to Annual Leave

Fund - an independent fiscal and accounting entity with a self-balancing set of accounts for recording cash and other financial resources. It contains all related assets, liabilities, and residual equities or balances, or changes therein. Funds are established to carry on specific activities or attain certain objectives of the school district according to special legislation, regulations, or other restrictions.

Operating Funds

- 10 = General Operating Fund
- 11 = Charter School Fund
- 12 = Differentiated School Support Fund
- 13 = Community Schools Fund
- 15 = Technology Fund
- 16 = Athletics Fund
- 19 = Preschool Fund
- 18 = Risk Management Fund
- 98 = PERA On-Behalf Fund

Special Revenue Funds

- 06 = Operations & Technology Fund
- 21 = Food Services Fund
- 22 = Grants Fund
- 23 = Student Activities Fund
- 25 = Transportation Fund

Debt Service Fund

- 31 = Bond Redemption Fund

Capital Project Funds

- 41 = 2014 Building Fund
- 43 = Capital Reserve Fund

Internal Service Funds

- 66 = Health Insurance Fund
- 67 = Dental Insurance Fund

Fiduciary Funds

- 72 = Private Purpose Trust Fund
- 73 = Front Range BOCES Fund

Location - a dimension used as a way to identify schools, attendance centers, operational units, buildings, or sites as budgetary units or cost center designators, as a means of segregating costs.

- 1XX = Elementary
- 2XX = Middle
- 3XX = Senior
- 4XX = Career/Technical and Boulder Universal
- 5XX = Combination (e.g. K-8, 6-12)
- 6XX = Centralized Administration Departments
- 7XX = Service Centers
(e.g. Transportation, Warehouse)
- 8XX = District-Wide Costs
- 9XX = Charter/Service Centers

Definition of Account Code Structure (continued)

Program - a dimension which describes the activity for which a service or material object is acquired. The programs of a school district are classified into six broad areas: Instruction, Support Services, Operation of Non-Instructional Services, Facilities Acquisition and Construction Services, Other Uses, and Reserves.

0010-1799 = Instructional
1800-2099 = Co-curricular Activities
2100-2999 = Support Services
3000-3399 = Non-instructional Services
3400-3999 = Adult Education
4000-9900 = Facilities Acquisition and Construction Services, Other Uses, Reserves

Sub Program - a dimension which enables the district to segregate financial data designated for internal purposes.

Object - a combination dimension which is used to identify the type of account: Revenue (Sources), or Expenditure (Object). Object is the service or commodity obtained.

X1XX = Salaries
X2XX = Benefits
X3XX = Purchased Professional and Technical Services
X4XX = Purchased Property Services
X5XX = Other Purchased Services
X6XX = Supplies
X7XX = Property & Equipment
X8XX = Other Objects
X9XX = Other Uses of Funds

Sub Account - a dimension which enables school districts to break down expenditures for salaries and employee benefits by the employee's job classification.

100-199 = Administration
200-207 = Classroom Instruction
210-224 = Instructional Support
231-242 = Other Support
300-371 = Professional Support
380-382 = Computer Technology
400-426 = Paraprofessionals
500-516 = Office/Administrative Support
600-636 = Crafts, Trades, and Services

Designated Grant/Project - an award of financial assistance in the form of cash or a contribution or gift of other assets from another government to an eligible grantee to be used for a specified or designated purpose, activity or facility.

Fiscal Year – a twelve-month account period (July 1 through June 30) to which the annual budget applies.

All Funds (continued)

The following charts show that of the district's 19 active funds, the General Operating Fund accounts for 51.3 percent of all revenues, while all other funds combined make up the difference. 48.7 percent of all district expenditures come from the General Operating Fund, with 51.3 percent occurring in the remaining 18 funds combined.

Due to rounding, some percentages less than 0.1% may present as zero.

In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the district is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

- Nonspendable fund balance – Amounts that are not in a spendable form (such as inventory) or are required to be maintained intact (such as the corpus of an endowment fund).
- Restricted fund balance – Amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, contract provisions, or by enabling legislation.
- Committed fund balance – Amounts constrained to specific purposes through resolution by the Board of Education are reported as committed. Amounts cannot be used for any other purpose unless the board takes the same action to modify or rescind the commitment.
- Assigned fund balance – Amounts constrained by the district for specific purposes, but are neither restricted nor committed. Through resolution, the Board of Education has authorized the district's superintendent to assign fund balances.
- Unassigned fund balance – The residual amount reported when the balances do not meet any of the above criterion. The district reports positive unassigned fund balance only in the General Fund. Negative unassigned balances may be reported in all funds.

GRAND TOTAL:	\$ 285,687,771	\$ 59,467,896	\$ 226,219,875	\$ 288,668,609	\$ 62,448,734	

The above summary outlines changes in fund balance net of current year reserve amounts. In accordance with board Policy DB, the district maintains a minimal level of year-end fund balance net of these reserves in order to ensure ongoing financial health.

Changes in fund balance are authorized by the Board of Education as a use of beginning fund balance for one-time uses which will not lead to an ongoing deficit. Funds with a positive net change have budgeted resources higher than anticipated uses.

Current year reserves are subtracted from the Beginning Fund Balance to arrive at a net Beginning Fund Balance to reflect funds actually available for use. Changes in fund balance are calculated against the net Beginning Fund Balance.

All Funds (continued)

Summary of Fund Balance Changes (continued)

The significant changes in fund balance, identified as greater than \$500,000, are as follows:

General Operating Fund – Fund balance uses are identified in the “Budget Adjustment Plan” in the Introductory Section. These funds were allocated to critical needs through the budget process and will not create any specific or significant consequence.

Differentiated School Support Fund – This fund supports resources to schools. The fund balance will be used to continue support to schools.

Bond Redemption Fund - This fund balance represents an expected increase in property tax receipts and higher interest income in FY25.

Building Fund – Fund balance represents bond proceeds that continue to be spent down on capital improvements as outlined within the 2022 Critical Needs Plan.

Capital Reserve Fund - Fund balance represents the carryover of one-time funds for capital improvement projects throughout the district. The capital improvement projects primarily include facility improvements, repairs and maintenance, fiber optic cable repairs and maintenance, and district vehicle replacements.

Health Insurance Fund - The health funds reserve balance has been spent down faster than projected due to higher than expected claims, higher Kaiser premiums, and lower than anticipated employee contributions to revenue.

Budgeted Expenditures per Student

FUND:	2024-25		2025-26

Note: FTE displayed includes staff being budgeted from one-time dollars as outlined in the Budget Adjustment Plan".

School Allocation Formulas

The school formulas are detailed in the following pages. Each instructional level—elementary, middle and high—as well as program resources such as Special Education, literacy, and language support services are shown below. Staffing formulas are listed by type of employee. The School Discretionary Funds or School Resource Allocation (SRA) formula is also included.

- The district's budget methodology to allocate state and local funds to each Title I school ensures they receive the same state and local budget funds as other schools regardless of their Title I status.
- BVSD assures that its budget methodology is compliant with the supplement, not supplant provisions within section 1118(b) of, and referenced throughout, the Every Student Succeeds Act.

Staffing formulas may change each year depending upon available resources. Specific classroom staffing may vary because of site-based decisions.

Elementary Level

1. Principals: 1.0 Full Time Equivalent (FTE)/school (Small schools below 350 students may have multiple assignments and reduced FTE.)
2. Assistant Principals: Allocations are based on school needs and available FTE.
K-8 Assistant Principals: Total enrollment of 700 or above = 2.0, 600-699 = 1.5, 599 and below = 1.0
Additional FTE can be allocated based on school needs.
3. Classroom Teachers Staffing Formula/Ratio: All elementary schools are staffed using guideline ratio of 1:24.58 with adjustments made to accommodate individual grade levels. Guidelines for class size can be found in the BVEA negotiated agreement section C-6.

Elementary art, general music and physical education specialist allocations were updated in 2017-18 to reflect the work of a task force assigned to equalize specialist instruction time at the elementary level. A rotating ABC schedule, adopted to support the implementation of the Ideal School Day, includes equalized instruction time for all elementary specials. The terms of this agreement are outlined in the Memorandum of Understanding for Guidelines of Elementary Art, General Music and Physical Education Specialists. The allocation of .0556 FTE per section provides equalized instruction of 50 minutes per grade level classroom on a rotating ABC schedule.

4. Teacher Librarians: 1.0 FTE teacher librarian may be assigned to schools with over 350 K-5 student FTE and .50 FTE may be assigned to schools with enrollments under 350 student FTE.
5. School Counselors: Each school with an enrollment of 350+ K-5 students will be allocated a 1.0 FTE School Counselor; those with enrollments of 200-350 K-5 students be allocated a 0.50 FTE School Counselor. All Title schools and schools with poverty at 30 percent or above have been allocated a 1.0 FTE School Counselor. Gold Hill and Jamestown did not receive this resource.
6. School Clerical Support: Clerical FTE is allocated based on enrollment and includes office manager clerical FTE.

<u>Enrollment</u>	<u>FTE</u>
100 – 399	1.125 – 2.000
400– 600+	2.125 – 2.500

School Allocation Formulas (continued)**Elementary Level (continued)**

7. Custodians: The custodial allocation for all schools is determined by International Sanitary Supply Association (ISSA) guidelines at a level 3 cleaning. Cleaning capacity up to 33,000 sq. ft. per custodian. Rounding occurs at .250, .50, .750, and 1.0. The head custodian position is included within this allocation formula.
8. Paraeducators:
Regular Paraprofessional: The para allocation was reset in 2018-19 to add a weighted student formula which provides added resources for students with a free and reduced lunch (FRL) status. The standard ratio of .0326 hours is allocated per student. Additional weight is added for students with an FRL status. The FRL student count receives a weighted enrollment of one and a half, providing 50 percent more for students with the FRL status. Schools with full day kindergarten receive an allocation of .50 or .25 paraprofessional FTE per section.

Health Room Paraprofessional:
.500 FTE for enrollment of 75 – 500
.600 FTE for enrollment greater than 501
9. Library Paraprofessional: 3.5 hours per day for schools with a .50 teacher librarian (adjustments made for schools at one site). Schools with a full-time teacher librarian do not receive library paraprofessional FTE.
10. School Discretionary Funds: The SRA allocation was revised in 2018-19 to simplify the allocation process and provide a weighted formula designed to support student populations of poverty, English Language Learners, and Special Education. Student enrollment (heads) is used based on initial enrollment projections from BVSD Planning Office in the spring. Adjustments are made for actual enrollment and Special Demographics reported with official October count information in the fall. The school resource allocation (SRA) is allocated at \$65 per pupil. An allocation for Special Programs is given to Free and Reduced (FRL) of \$125, English Language Learners of \$25, and \$25 for Special Education. Schools with preschool programs will receive a per pupil amount of \$65 as well as \$25 per preschool student. All of these funds are totaled to comprise the SRA. Schools have the discretion to reallocate the funds within the total as long as they comply with state law and employee contracts.

Elementary leadership enrollment numbers include kindergarten through fifth grade. Preschool allocations are staffed using independent formulas.

School Allocation Formulas (continued)

Middle Level

1. Principals: 1.0 FTE/school.
2. Assistant Principals: Assistant Principal 1.0 FTE; adjustments made for schools with above average FRL populations.

K-8 Assistant Principals: Total enrollment of 700 or above = 2.0, 600-699 = 1.5, 599 and below = 1.0
Additional FTE can be allocated based on school needs
3. Classroom Teachers Staffing Formula/Ratio: 1.0 FTE teaching position per 22.99 students as a middle level average. In addition, 7.5 FTE are allocated to the 14 middle schools based on identified free and reduced lunch student counts. Boulder Universal is staffed with a student teacher ratio of 155 course offerings per 1.0 teacher FTE. The classroom teacher allocation includes art, music, and physical education teachers at the middle level. Guidelines for class size can be found in the BVEA negotiated agreement section C-5.
4. Teacher Librarians: 1.0 FTE teacher librarian may be assigned to schools with over 375 students and partial FTE may be assigned to schools with enrollments under 375 students or multi-level schools at one site.
5. School Counselors: The formula was adjusted to a range in 2013-14. Total student enrollment ranges are as follows: 100-350 = .50 FTE; 351-400 = 1.0 FTE; 401-500 = 1.5 FTE; 501 and over = 2.0 FTE. Service is for 10 days beyond the regular teaching assignment.
6. School Clerical Support: Clerical FTE are allocated based on the size of each school; adjustments are made for schools with above average FRL populations.

Small (1-350)	1.0 – 1.50 FTE
Average (over 350)	2.5 – 3.00 FTE
7. Custodians: The custodial allocation for all schools is determined by International Sanitary Supply Association (ISSA) guidelines at a level 3 cleaning. Cleaning capacity up to 33,000 sq. ft. per custodian. Rounding occurs at .250, .50, .750, and 1.0. The head custodian position is included within this allocation formula.
8. Paraeducators: The paraeducator allocation includes hours for regular programs and health rooms. Staffing is based on enrollment .01832 hours per student FTE. The overall average is approximately .946 paraeducator FTE per school. Select schools are required to maintain a minimum of 0.50 FTE for health room staffing needs.
9. Community Liaisons: 0.50 FTE at the following schools: Angevine, Broomfield Heights, Casey, Centennial and Manhattan.
10. School Discretionary Funds: The SRA allocation was revised in 2018-19 to simplify the allocation process and provide a weighted formula designed to support student populations of poverty, English Language Learners, and Special Education. Student enrollment (heads) is used based on initial enrollment projections from BVSD Planning Office in the spring. Adjustments are made for actual enrollment and Special Demographics reported with official October count information in the fall. The SRA is allocated at \$75 per pupil. An allocation for Special Programs is given to Free and Reduced (FRL) of \$125, English Language Development of \$25, and \$25 for Special Education. All of these funds are totaled to comprise the SRA. Schools have the discretion to reallocate the funds within the total as long as they comply with state law and employee contracts.

School Allocation Formulas (continued)

High School

1. Principals: 1.0 FTE/school (Nederland Middle .5/Senior .5)
2. Assistant Principals: The formula is dependent on enrollment bands. Enrollment ranges of 1,000-1,800 receive 3.0 Assistant Principal FTE. Enrollment greater than 1,800 receives 4.0 Assistant Principal FTE. Schools with less than 1,000 students receive allocations based on individual site needs. These schools include Arapahoe Campus, Nederland, and New Vista.
3. Classroom Teachers Staffing Formula/Ratio: The base formula for most high school teacher FTE is 27.23:1. Small schools are staffed at the following ratios: Arapahoe Campus 20.34:1, Nederland 19.64:1 and New Vista 24.74:1. An additional 8.48 FTE is distributed based on identified free and reduced lunch student count. Boulder Universal is staffed with a student teacher ratio of 155 course offerings per 1.0 teacher FTE.
Note: High school classroom teacher allocations were reduced by 10.0 FTE for 2024-25 budget reductions after spring staffing allocations were distributed this resulted in an increased staffing ratio of 27.23 for comprehensive high schools in 2025-26.

The classroom teacher allocations include art, music, and physical education teachers at the secondary level. Additional allocations are made for program needs i.e., International Baccalaureate, Advanced Placement, Hispanic Study Skills, and Career Technical Education classes. Class size caps for regular freshman and sophomore math and language arts classes enroll a maximum of 30 students per section. Additional guidelines for class size can be found in the BVEA negotiated agreement section C-5.

4. Multicultural Leadership Class: .20 FTE teaching position per high school campus.
5. Connections: .50 FTE at Boulder, Broomfield, Centaurus, Fairview and Monarch.
6. Teacher Librarians: 1.0 FTE at Boulder, Broomfield, Centaurus, Fairview, Monarch and New Vista; 0.50 FTE Nederland Senior
7. School Counselors: 1.0 FTE per approximately 450 students. Service is for 10 days beyond the regular teaching assignment.
8. School Clerical Support: Clerical FTE are allocated based on the size of each school.
 - a. Small (100 -900) 2.0 - 3.0 FTE, Medium (901 -1,700) 5.5 - 6.5 FTE, Large (1,701-3,000) 7.0 - 9.0 FTE
 - b. Adjustments are made based on program needs and school size.
9. Custodians: The custodial allocation for all schools is determined by International Sanitary Supply Association (ISSA) guidelines at a level 3 cleaning. Cleaning capacity up to 33,000 sq. ft. per custodian. Rounding occurs at .250, .50, .750, and 1.0. The head custodian position is included within this allocation formula.

10. Media Technicians: Allocation of media technician personnel is based upon the following chart:

Enrollment	Hours/ Week	FTE
0 – 949	15	0.375
950 – 1,700	32	0.750
1,701 – 2,000+	40	1.000

School Allocation Formulas (continued)

High School (continued)

11. Paraeducators: Staffing is based on enrollment and .0104 hours per student FTE. The average is approximately 2.15 FTE for the larger schools and .27 FTE for smaller schools. The paraeducator allocation includes hours for regular programs and health rooms. Select schools are required to maintain a minimum of 0.50 FTE for health room staffing needs.
12. Pupil Services: 8.7 teacher FTE; allocation varies based on school needs.
13. Community Liaisons: Arapahoe Ridge 1.0, Boulder 1.0, Broomfield .50, Centaurus 1.0, Fairview 1.0
14. Campus Monitors:
- | | | | | | |
|----------------|---------|-----------|---------|------------|---------|
| Arapahoe Ridge | 1.0 FTE | Boulder | 3.5 FTE | Broomfield | 2.5 FTE |
| Centaurus | 2.5 FTE | Fairview | 3.0 FTE | Monarch | 2.5 FTE |
| New Vista | 0.5 FTE | Nederland | 1.0 FTE | | |
15. School Discretionary Funds: The SRA allocation was revised in 2018-19 to simplify the allocation process and provide a weighted formula designed to support student populations of poverty, English Language Learners, and Special Education. Student enrollment (heads) is used based on initial enrollment projections from BVSD Planning Office in the spring. Adjustments are made for actual enrollment and Special Demographics reported with official October count information in the fall. The SRA is allocated at \$70 per pupil. An allocation for Special Programs is given to Free and Reduced (FRL) of \$125, English Language Development of \$25, and \$25 for Special Education. All of these funds are totaled to comprise the SRA. Schools have the discretion to reallocate the funds within the total as long as they comply with state law and employee contracts.

Special Program Allocations

1. **Special Education:** All special education instructional staff, paraeducator hours, and special skills aides' hours are allocated to schools based on the location and severity of students with disabilities. A factoring system has been utilized for the allocation of teacher FTE and is outlined below:
 - a. Learning Programs (Resource)
 - i. IEP Preschool students – 1.0 teacher FTE per 8 students
 - ii. IEP Elementary school – 1.0 teacher FTE per 21 students
 - iii. IEP Middle and High school – 1.0 teacher FTE per 25 students
 - iv. One-on-one paraprofessional FTE allocated as per students' needs
 - b. Intensive Programs Elementary
 - i. 1.0 Teacher FTE
 - ii. 1.75 Para Professional for ICAN Programs
 - iii. 3.50 Para Professionals for Multi-Intensive Programs
 - iv. 3.50 Para Professionals for Autism Intensive Programs
 - c. Intensive Programs Middle/High
 - i. 1.0 Teacher FTE
 - ii. 1.750 Para Professional for ICAN Programs
 - iii. 3.125 Para Professionals for Multi-Intensive Programs
 - iv. 3.125 Para Professionals for Autism Intensive Programs
 - d. Intensive Programs High
 - i. 1.0 Teacher FTE
 - ii. 1.438 Para Professional for ICAN Programs
 - iii. 2.813 Para Professionals for Multi-Intensive Programs
 - iv. 2.813 Para Professionals for Autism Intensive Programs
 - e. Speech/Language Pathologist
 - i. FTE based on number of students on IEP
 - f. Psychologist/Social Workers
 - i. FTE based on school student population
 - g. Occupational/Physical Therapists
 - i. FTE allocated based on number of students on IEP

Special Program Allocation	Special Skills Aides Allocated as follows:
5.000 SPED Directors	4.062 Interpreters
7.500 Clerical	0.875 COTA\OTA
1.000 Child Find Coordinator	188.851 Paraeducators
1.000 Transitional 18-21	
5.000 Teacher in Other Assignment	
0.800 Teacher Assistive Tech	
4.000 Charter School Teachers	
197.194 Special Education Teacher Assigned to Schools	
10.200 BCBA	
1.000 Preschool	
2.000 Child Find	
2.000 Audiologist	
2.000 Visual Impaired (Visual)	
3.000 Hearing Impaired (DHOH)	
59.150 Speech Language Specialist	
22.800 Occupational & Physical Therapist	
43.637 Social Workers/Psychologists	

Special Program Allocations (continued)

2. Instrumental Music: 26.821 teaching positions

3. Literacy:

26.90 Literacy Teacher FTE at the K-5 level: FTE is allocated based on size, demographics, and student assessment data.

9.38 Literacy Teacher FTE for Secondary: FTE is allocated based on size, demographics, and student assessment data.

4. Preschool per classroom allocations:

1.000 Teacher

0.95 First Paraeducator

0.75 Second Paraeducator

0.125 Clerical

0.100 Health Room Paraeducator

11.60 Community Liaisons

8.25 Additional Preschool paraeducator reserves to be assigned to individual classrooms as needed, with the approval of the ECE Executive Director. A second para site visit will be completed when extensive need children with health and safety needs are enrolled in a preschool classroom. Needs based only.

2.000 Supervisors for classrooms with enrichment

0.375 Staff for classrooms with enrichment

Mapleton Early Childhood Center

1.000 Custodian

1.000 Office Manager

1.000 Health Para-Educator

Community Montessori

2.000 Teachers

3.400 First Paraeducators

0.25 Health Room Paraeducator

0.25 Clerical

5. Culturally and Linguistically Diverse Education (CLDE): 60.54 ELD Teacher FTE

FTE is allocated based on the number of emerging bilingual (EB) students (NEP, LEP and FEP Y1 and Y2) registered at each school. Each year, the CLDE department receives a total FTE allocation which is distributed to BVSD schools where an ELD program is offered. Elementary program schools are allocated 1.0 FTE for every 30-40 students in increments of .25. Middle Schools are allocated 1.0 FTE for every 40- 50 students in increments of .17. High schools are allocated 1.0 FTE for every 40- 50 students in increments of .20. EB numbers are collected in January of the previous school year. With this, there may be minor administrative adjustments to the calculated amount to reflect unique circumstances at a school. Charter schools are provided FTE support based upon the number of CDLE students registered as of January the year before and charter contract language.

Special Program Allocations (continued)

6. Gifted and Talented Tutor (GT): 10.956 GT Tutor FTE

FTE is allocated as: 7.656FTE at the K-5 level, 2.1 FTE at the Middle School level and 1.2 FTE at the High School level. School level allocations are based on pupil count using the spring staffing counts. FTE must be used to serve identified gifted and talented students. Allocation formulas may change each year depending upon available resources.

7. Grants:

Title I Formula based grant: Schools are ranked on the basis of FRL percentages and the portion of the allocated grant funds deemed available to schools is allocated to those schools selected in that process. A per FRL pupil amount is then applied to the FRL headcount at each school selected to determine the individual school allocations. Most of our Title I schools are considered “schoolwide” Title I schools so all students at those schools benefit from these dollars. Schools identified as “targeted assistance” only provide services to the BVSD specifically identified Title I students at that school. Other grant fund awards are expended in accordance with a specific grant purposes, not on an allocation basis.

Special Education Funding

The reimbursement method for determining special education state funding was eliminated by the Colorado state legislature in 1994. Funds are now distributed on a per student basis from the Special Education December 1 Count added to a base amount related to a district's prior year funding levels. The year of the base is set by the legislature.

A history of total special education funding is provided below.

I. Funding Sources

Federal Funds: Federal Grant Dollars	9.44% of total Special Education budget
State Funds: Categorical Reimbursements	20.05% of total Special Education budget
Local Funds: School Finance Act, Mill Levy Override	70.51% of total Special Education budget

II. Expenditures Over the Past Five Years: A Comparison

Expenditures:	2021-22 Actual	2022-23 Actual	2023-24 Actual	2024-25 Estimated Actual	2025-26 Budget
Salaries/Wages	\$ 30,435,139	\$ 33,093,576	\$ 35,516,836	\$ 42,012,075	\$ 44,118,958

Per December Pupil Expenditure	\$ 14,097	\$ 15,590	\$ 16,325	\$ 17,579	\$ 17,723
State Categorical Reimbursement	\$ 7,554,445	\$ 10,004,770	\$ 11,487,957	\$ 12,919,492	\$ 14,211,198
State Child Find Reimbursement	\$ 142,437	\$ -	\$ -	\$ -	\$ -

1 Total grant expenditures amounts for prior years have been adjusted to reflect pass-through transfers.

2 Personnel figures reflect both the General Operating Fund and Grant Fund.

3 Includes Special Skills Aide hours converted to FTE. And Charter school FTE.

4 Actual FTE are a point in time number and may change depending on the date used.

5 December Count budget is an estimate based on the prior years' counts, a .59% decrease from October.

Special Education Costs

Over the last five years, the number of students in Special Education has increased 10 percent while per pupil revenue (PPR) increased 31.0 percent. The difference between PPR as compared to total special education costs per student, however, continues to show a shortfall, which has increased approximately 3.4 percent, on average over the last five years.

To minimize the impact to the general operating fund for costs associated with this program, the district seeks grants and other state funding. Though these alternate funding sources greatly mitigate the difference between PPR and total expenses, there remains a shortfall in funding of 6.5 percent on average over the last five years. Currently, grant and other state funding equates to 31.8 percent of the total for special education funding; these alternate funding sources have resulted in an average increase of 34.1 percent over the last five years, reducing the impact to the general operating fund.

With the changes noted, it remains increasingly difficult for the General Operating Fund to absorb these Special Education costs without affecting other BVSD goals and priorities.

Computation of Legal Debt Margin (Unaudited)

Assessed Valuation	\$ 9,537,501,983
Debt Limit Percentage	<u>20.00%</u>

Total Debt Applicable As A Percentage Of Debt Limit	47.28%	58.63%	46.21%

Note: Colorado Revised Statutes (CRS) provide three alternative methods for determining the legal debt margin for school districts. The Standard Method (shown above) uses 20% of assessed valuation. For certain fast-growing school districts, 25% of assessed valuation could be used in the calculation. Finally, the CRS permits using 6% of market value in the calculation.

Due to the specific nature of Colorado State Law, the district's practice is to follow state law with regard to legal debt levels rather than maintain a separate debt policy.

Existing debt has been approved by the voters and allows the district to fund capital improvement projects. Funds for debt repayment are generated via a separate mill levy (see Bond Redemption Fund). Accordingly, existing debt levels have no impact on current or future operating budgets.

Long-Term Debt

Following is a summary of long-term debt transactions of the district for the year ended June 30, 2024.

	Balances 7/1/23	Additions	Payments	Balances 6/30/24	Due Within One Year
Governmental Activities					
General Obligation Bond	\$ 913,760,000	\$ -	\$ 32,370,000	\$ 881,390,000	\$ 31,780,000
Bond Premium	80,503,467	-	6,235,065	74,268,402	-
Direct Borrowing	233,757	1,822,900	517,837	1,538,820	323,532
Leases	1,700,630	1,282,625	628,304	2,354,951	897,186
SBITAs	7,108,880	1,066,048	1,033,677	7,141,251	1,153,197
Compensated Absences	12,156,876	10,837,346	8,832,573	14,161,649	9,327,308
Total	\$ 1,015,463,610	\$ 15,008,919	\$ 49,617,456	\$ 980,855,073	\$ 43,481,223

Compensated absences are expected to be liquidated primarily with resources of the General Fund.

Changes in Debt

Information provided here is what was reported on the 2024 audit. As of June 30, 2024, the district reported general obligation bond indebtedness of \$881,390,000 (not including bond premiums) with annual principal and interest payments for fiscal year 2025 at \$71,938,194. The district will pay the last principal payment of existing debt on December 1, 2053. Additionally, the district reported capital leases of \$2,354,951, and long-term obligations for compensated absences of \$14,161,649.

Other Post Employment Benefit (OPEB)

OPEB. The district participates in the Health Care Trust Fund (HCTF), a cost-sharing multiple employer defined benefit OPEB fund administered by the Public Employees' Retirement Association of Colorado ("PERA"). The net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, OPEB expense, information about the fiduciary net position (FNP) and additions to/deductions from the FNP of the HCTF have been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefits paid on behalf of health care participants are recognized when due and/or payable in accordance with the benefit terms. Investments are reported at fair value.

At June 30, 2024, the district reported a liability of \$18,374,031 for its proportionate share of the net OPEB liability.

Long-Term Debt (continued)

General Obligation Bonds

General Obligation Bonds

General obligation bonds payable at June 30, 2024, are comprised of the following issues:

\$187,335,000 General Obligation Bonds, Series 2023. Issued to implement a district-wide capital construction and improvement program. Principal payments due on December 1 and interest payments due on December 1 and June 1, through 2052. Interest accrues at rates ranging from 4.125% to 5.50%.		\$ 173,090,000
\$136,520,000 General Obligation Bonds, Series 2019A. Issued to implement a district-wide capital construction and improvement program. Principal payments due on December 1 and interest payments due on December 1 and June 1, through 2048. Interest accrues at rates ranging from 5.00% to 6.00%.		\$ 111,660,000
\$162,745,000 General Obligation Refunding Bonds, Series 2019B. Issued to refund the General Obligation Bonds, Series 2009. Principal payments due on December 1 and interest payments due on December 1 and June 1, through 2034. Interest accrues at rates ranging from 3.00% to 5.00%.		126,060,000
\$190,000,000 General Obligation Bonds, Series 2017A. Issued to implement a district-wide capital construction and improvement program. Principal payments due on December 1 and interest payments due on December 1 and June 1, through 2047. Interest accrues at rates ranging from 5.00% to 5.25%.		190,000,000
\$93,740,000 General Obligation Refunding Bonds, Series 2017B. Issued to refund the General Obligation Bonds, Series 2007. Principal payments due on December 1 and interest payments due on December 1 and June 1, through 2028. Interest accrues at rates ranging from 2.00% to 4.00%.		45,580,000
\$250,000,000 General Obligation Bonds, Series 2015. Issued to implement a district-wide capital construction and improvement program. Principal payments due on December 1 and interest payments due on December 1 and June 1, through 2044. Interest accrues at rates ranging from 4.00% to 5.00%.		235,000,000
Total		<u>\$ 881,390,000</u>

Annual debt service requirements to maturity for general obligation bonds are as follows:

<u>Year Ended June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2025	\$ 31,780,000	\$ 40,158,194	\$ 71,938,194

Total	<u>\$ 881,390,000</u>	<u>\$ 547,266,341</u>	<u>\$1,428,656,341</u>

Long-Term Debt (continued)

Direct Borrowing

The district purchases school buses under a master purchase agreement and finances a portion of the purchase price is financed. The titles to the buses are held by the creditor and will be released to the district when the debts are fully repaid.

On December 4, 2019, the district financed 16 school buses in the amount of \$526,650, with a fixed interest rate of 2.44% per year to be repaid over 7 years.

On October 12, 2023, the district financed 8 school buses in the amount of \$1,108,024, with a fixed interest rate of 4.723% per year to be repaid over 7 years.

On February 27, 2024, the district financed 5 school buses in the amount of \$714,876, with a fixed interest rate of 4.227% per year to be repaid over 7 years.

Annual debt service requirements to maturity for direct borrowing agreements are as follows:

<u>Year Ended June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2025	\$ 323,532	\$ 49,402	\$ 372,934

General Operating Fund (continued)

Beginning Balance Assumptions

Budgeted beginning fund balance for the General Operating Fund includes significant amounts of dollars that are restricted or designated for specific purposes in the budgeted fiscal year. The Other Reserves-Restricted beginning fund balance for 2025-26 includes the reserves necessary for a multi-year employee contract, reserve for climate conditions, projects which span multiple years, and the Information Technology and Warehouse inventory reserve. The unused 2024-25 TABOR emergency reserve and contingency reserve are also considered part of the beginning balance. The \$10.7M District Reserve was created in 2020-21. This reserve was built into the budget as a result of available fund balance to support future needs. The 2025-26 one-time unrestricted beginning balance includes estimated savings in personnel expenditures.

The portion of the beginning fund balance that is not restricted is available for use at the discretion of the board.

	Audited Actual 2021-22	Audited Actual 2022-23	Audited Actual 2023-24	Estimated Actual 2024-25	Proposed Budget 2025-26

*Includes approved multi-year projects, warehouse and IT GAAP reserves, climate reserve, contract reserve.

Major Sources of Revenue

Revenue Assumptions

The SFA funding for BVSD of \$11,576 per funded pupil is an increase of 3.2 percent as compared to the 2024-25 Revised Budget per pupil funding. Each year, the legislature sets the base funding for every school district in the state using a formula that includes various factors to determine a level of funding that provides an equitable education experience for all K-12 students across the state. Colorado Revised Statute 22-54-103(7) allows districts to average up to four years' pupil counts with the current year's pupil count to minimize the loss of funding that accompanies declining enrollment.

The SFA total program computation is based on the pupil count taken on October 1 of the fiscal year. For 2025-26, total funded enrollment is projected to be 27,090.8 which includes 245.3 additional students due to averaging. The actual K-12 funded pupil count number is determined in late November after the student enrollment data is collected, audited by district staff, and verified with the Colorado Department of Education.

Estimated revenue from the SFA is based on the projected funded enrollment of 27,090.8 times the per pupil funding of \$11,576 (slightly rounded), or \$313.6M. This number is then adjusted in the budget to account for uncollectable property tax.

General Operating Fund (continued)

Local Revenues

Local Revenues

- Property taxes are the largest source of revenue for the district. This tax is levied on all the taxable property within the district for the functions of the General Operating Fund, but is separate from the taxes levied by the district for the Bond Redemption Fund, Transportation Fund, and Operations & Technology Fund. Based on the following calculation, it is estimated that the district will receive \$272.3M in local property taxes for funding operations in 2025-26 before any uncollectible factor. This is in addition to the state equalized portion of the School Finance Act Total Program Funding.

School Finance Act Total Program Funding	\$	313,603,101
Minus: State Finance Act Funding ¹		(28,203,254)
Equalized Specific Ownership Tax ²		(13,084,314)
School Finance Act Local Property Tax Amount	\$	272,315,533
Plus: Override Elections:		
	1991	\$ 7,062,468
	1998	10,600,000
	2002	15,000,000
	2010	51,218,134
Total Override Elections	\$	83,880,602
TOTAL ESTIMATED GENERAL OPERATING FUND TAX LEVY ²		\$356,196,135

¹ Subject to change by CDE formula.

² This amount is higher than what is budgeted due to uncollectible local property taxes. Boulder Valley School District does not collect 100 percent of local property taxes each year. This does not include the transportation mill levy or the bond redemption mill levy, as these revenue sources are specifically related to funds other than the General Operating Fund.

- Specific ownership taxes (Equalized) are generated through a state mandated tax collected by the county for yearly motor vehicle registration. These tax revenues are distributed among local governmental agencies based on the percentage of the total property tax attributed to each entity. Specific ownership taxes are a portion of the total program funding formula of the SFA along with local property tax and state equalization. The formula for determining total program funding is based in part on the amount of specific ownership tax revenue actually received by a district in the prior fiscal year. Total specific ownership taxes, which are driven primarily by registration of new cars, is expected to realize a slight increase of \$400K for a total of \$13.1M.
- Specific ownership taxes (Non-Equalized) is tax collected by the county for yearly motor vehicle registration and is outside of the SFA formula. As compared to 2024-25 Revised Budget this is expected to decrease by \$0.4K to a total of \$6.0M.
- Property Tax – Credits/Abatements The budget at \$1.3M reflects the expected ongoing budget for the current year and the removal of the prior year \$1.6M one-time revenue budget.
- Interest is expected to be \$2.0M ongoing budget and will be monitored if favorable rates continue.
- Tuition income Beginning in the 2025-26 budget year, the District Online Learning Department financial activity is moving to the Community Schools Fund, therefore the ongoing revenue from that operation has been removed.

General Operating Fund (continued)

Local Revenues (continued)

- Lease Proceeds is a non-cash entry requirement to recognize activity per GASB 87 as it pertains to copiers. The offset to this revenue transaction is on the expense side and has also been built into the budget ongoing to make this a net neutral transaction overall.
- Miscellaneous Revenue is expected to have ongoing budget of \$383K. Prior year one-time donations and other revenue have been removed and a new one-time donation of \$30K has been included.
- Indirect Cost Reimbursement has ongoing budget built into it for the grants where it is allowed to charge indirect costs, Preschool Fund, which is now allowed under the new Colorado Universal Preschool to charge indirect, as well as the Food Service Fund. The allowable indirect rate to charge these areas fluctuates each year and due to the drop in the rate to be able to charge next year, this revenue has decreased as compared to the prior year. In addition, as grants which had been allowed to charge indirect rates may be reducing or being cut, this will have a direct impact to the general fund revenue line.
- Services provided to charters are contractual obligations paid by five charter schools for services in special education, information technology, business services, and district general administration. This line is expected to increase as compared to the prior Revised. Personnel assumption increases for central services that charters pay the District, non-charter District declining enrollment factor, as well as new general fund budget being added one-time or ongoing which affects the central services per pupil rate.

State Revenues

- State Equalization The total amount of state equalization anticipated to be received in 2025-26 is \$8.3M. Along with equalized specific ownership and local property taxes, the state equalization comprises total program funding as defined by the SFA.
- Other State Revenues are provided in the SFA to pay for specific groups of students or particular student needs. These programs are often referred to as “categorical” programs and include Special Education, Career and Technical Education, Culturally & Linguistically Diverse Education programs, and the READ Act. Revenues for this category are projected to have an increase of cost of living rate of 4.6 percent.

Major Expenditures

Expenditure Assumptions

Expenditures for the continuation of current programs and services are built upon the established base budgets along with estimated 2024-25 ending fund balance, except as noted in the 2025-26 “Budget Adjustment Plan.” District revenues fund the following priorities: providing a competitive employee compensation package, literacy programs, technology support, and facility maintenance. Further detail of one-time expenditures is contained in the “Budget Adjustment Plan” in the Introductory Section of this document.

- Staff Compensation - Budgeted salary projections for 2025-26 contain an overall increase in compensation for all staff in employee groups paid from the General Operating Fund and expansion of programs at the district. This estimated increase includes compensation to service employees (custodians and maintenance workers), office professionals (clerical employees), instructional staff (teachers, counselors, psychologists, and social workers), paraeducators, other instructional support staff (tutors and computer/media technicians), building administrators (principals and assistant principals), central administrators and professional/technical employees. The increase in salary expense from the prior year consists of an estimation of COLA (\$2.0M), steps (\$5.0M), horizontal lane movement for eligible employees (\$1.4M) and attrition savings (\$2.6M). Ongoing staffing was adjusted in the budget based on a change of staff resources to support closing the opportunity and achievement gaps (Bilingual Expansion, Special Education new pilot program). The staffing formula for classroom teachers has been adjusted to account for any change in student enrollment (\$1.1M) which for the 2025-26 has declined. The budget also includes an ongoing decrease for the removal of the staff in the Online Learning Department to Community Schools Fund and an ongoing assumption of a \$1.0M saving in compensation at mid-year.

One-time budget of \$4.0M for staffing reserves has been included to help with one-time staffing needs in general education as well as unassigned and displaced teachers. Other one-time needs include \$1.0M in one-time substitute teacher pay and \$1.1M in Special Education support for Moderate Student needs pilot program for next year. Other one-time additions include Human Resources staffing and recruitment staff and Grad Plus Building Based Coordinators, year two of three of the Strategic Support team as well one-time stipends to custodians for snow removal,

Negotiation market surveys and salary adjustments as well as combined, fixed, and variable employee benefits will increase by salary adjustments listed above.

Variable benefits will increase related to step compensation increases, and an increase of 4.6 percent in health insurance in 2025-26. Any regular employee working 20 or more scheduled hours per week, or 0.5 FTE, is eligible for district-paid benefits of long-term disability, health, dental, and life insurance, and a matching contribution of up to \$120 to a flexible spending medical account.

A detailed schedule of the district-paid portions of employee benefits can be found under “Appendix A: Budget Fact Sheet” in the Informational Section of this document. Wages paid have a rate for Medicare, PERA, and long-term disability applied to account for historical pre-tax contributions by employees.

General Operating Fund (continued)

Expenditure Assumptions (continued)

- Purchased Services, Supplies and Materials, Capital Outlay, Other - The current budget for purchased services, supplies and materials, and capital outlay reflects a continuation of base budget amounts, along with adjustments as identified in the “Budget Adjustment Plan” in the Introductory Section. Previous years’ one-time and carryover expenses were removed for this year’s budget. Ongoing, carryover and one-time expenses for this category will change from prior year and is comprised of budget increases for translation services, English Language Arts textbook and materials, BVSD is the Place to be Showcase, security professional development and badging, health curriculum, communications marketing and support for messaging system as well as accessibility website monitoring. Information Technology device security and software increases as well as bilingual materials, Seal of Climate Literacy support and Family Engagement Team support, Grad+ software, as well as and other fees, contracts, and services. Inflation has been added ongoing for utilities. Online Learning has now been moved out of the General Fund and into the Community Schools Fund. This change affected the tuition revenue as mentioned above, as well as expense for compensation and in this section, in tuition and supplies.
- Budget Items not Approved – Due to declining enrollment and a new school finance act enacted by the legislature, new funding was significantly constrained for the 2025-26 fiscal year. Budget requests were limited to critical items only and offset with budget reductions. As a result, many items were not brought forward for consideration. Staff compensation was the most significant request for funding with one additional continued request for technology infrastructure and were not funded:
 - Employee cost of living increase at the rate of inflation, \$6.2M
 - Network Infrastructure, \$4.0M

Reserve and Transfer Assumptions

- Reserves – A total of 7.0 percent of General Operating Fund expenditures is reserved per TABOR (state-required 3.0%) and per local requirements (board policy of 4.0%). Beginning 2018-19, the contingency reserve was increased by 1.0 percent to a total of 4.0 percent. In 2020-21, reserves were increased by \$10.7M. This reserve was built into the budget as a result of available fund balance to support future needs. The use of emergency reserves excludes factors related to economic conditions, revenue shortfalls, and district salary or fringe benefit increases. In this budget year, those projects which span multiple fiscal years (\$3.2M) which have been approved as one-time have been built in, including dollars to support year three of Strategic Plan work (\$2.9M). This Budget also reserves \$500K for potential impacts due to climate conditions, \$250K for IT (computer) inventory, \$315K for multi-year contract obligations, and \$425K for warehouse inventory.
- Transfers – The total amount of the Capital Reserve Fund and Risk Management Fund transfers is \$10.6M. The Risk Management Fund will increase by \$430K as compared to the prior year due to an estimated policy inflation. There is no change to the Capital Reserve Fund from the prior year transfer.

General Operating Fund (continued)

Reserve and Transfer Assumptions (continued)

The General Operating Fund will transfer \$7.4M into the Preschool Fund to help support the increase of COLA, Steps and benefit rates for employees in Early Childhood. In addition, the General Fund is supporting Fund due to less than 1.0 percent increase from the Colorado Department of Early Childhood payment rates for Universal Preschool in Colorado. Included in the transfer to the Fund is support for the Preschool Enrichment Program which is in its second year of activity in this Fund after being transferred out of Community Schools. The Preschool Fund has built in indirect charges, as well as all increases to steps, COLA, and health insurance.

The Transportation Fund transfer was built to support increases in utility increases, health insurance, steps, COLA, and PERA. Prior year one-time budget has been removed.

The Athletics Fund transfer increased by \$50K to account for salary adjustments to the extra duty contracts, steps, COLA, and increase in variable benefits as well as inflationary increase of contracts. In addition, Girls Flag Football will be budgeted in 2025-26 therefore the Head and Assistant Coaches as well as equipment purchases has been built into the fund.

In 2025-26, General Fund will transfer, on a one-time basis, \$4.0M to the Differentiated School Support Fund to continue the work providing additional resources to schools in the future years.

The Community Schools Fund will maintain the same transfer to the General Fund of \$805K to support schools in which they rent out their space to the community and added additional operational support in the General Fund.

Food Services transfer is built on an ongoing transfer of \$2.9M. The fund has budgeted for utility increases, health insurance increases, COLA, steps, contract negotiation schedule adjustments, and PERA increases. It is assumed that the fund will continue to provide ongoing, indirect cost rate reimbursements to the General Fund. Colorado voters passed Proposition FF, which provides free meals for all students, beginning with the 2023-24 year. This fund will be monitored closely as the new program continues in its second year and more information is known on the number of students interested in eating free lunch.

Charter Schools Assumptions

Costs for five charter schools, Horizons K-8, Peak to Peak Charter, Summit Middle, Boulder Preparatory High School, and Justice High School, are included in the Charter School Fund. Each individual charter school develops its own revenue and expenditure budgets, which are based on contracts negotiated with the district. The 2025-26 Budget transfer has increased by \$0.9M from the 2024-25 Revised Budget amount. This is largely due to an increase in per pupil funding, increased student enrollment, and other revenue contractual agreements. The payment for services contracted with the district for 2025-26 will increase by \$1.0M. Contracted services include, in part: special education, information technology, business services, and district general administration.

General Operating Fund (continued)

One-Time Expenditures

The district budget has many accounting funds; the General Operating Fund is the largest. Most of these funds have strict limitations on how they can be used. These restrictions are set by the state and federal governments as well as generally accepted accounting principles. The General Operating Fund has the most discretionary money of any fund and accounts for the majority of district operating expenditures. This fund is where the superintendent and Board of Education can make the most spending decisions.

Footnotes:

- 1 Category is a grouping of like SRE accounts within the CDE Chart of Accounts.
- 2 Group is a direct title of the SRE (Special Reporting Element) within the CDE Chart of Accounts.
- 3 Program is the Program or Project title from the CDE or BVSD Chart of Accounts.
- 4 "% of Group" equals budgeted dollars for that program divided by the "Budget" for that Group (SRE).

PERA On-Behalf Fund

As a component of Senate Bill 18-200 the State is required to make a direct on-behalf payment of \$225.0M to Colorado PERA each year. The payment is allocated based on the proportionate amount of annual payroll to the School Division Trust Fund, State Division Trust Fund, Judicial Division Trust Fund, and Denver Public Schools Division Trust Fund. Generally accepted accounting principles require the district to report its proportionate share of on-behalf payments as both a revenue and expenditure. Because on-behalf payments have no financial impact on district operations, the revenues and expenditures have been recorded in a new stand-alone fund, so as to not distort ongoing district activities. Because the necessary calculations are not provided to the district by Colorado PERA until after year end, budgeted amounts represent a conservative estimate based on prior year data.

Differentiated School Support Fund

The Differentiated School Support Fund was created in FY22 and is used to track spending of resources allocated to schools as part of the district's Strategic Plan. Through a tiered system of school requirements, supports, and accountability metrics which drive the allocation of resources, the goal is to help close the opportunity and achievement gap in the District. A weighted and differentiated funding model was implemented to distribute resources to schools identified with differentiated levels of Flexible, Targeted, and High support needs. A transfer of \$4.0M from the general fund extends the available funds to continue support in future years.

Athletics Fund

The budget reflects a transfer amount from the General Operating Fund of \$2.8M to cover Athletic program expenses. All Charter School athletic program expenditures are reflected in the Charter School Fund.

Middle Level

- 13 middle schools offer interscholastic sports and intramural sports
- 7 interscholastic sports are offered for boys and girls: basketball, track, cross country, and skiing; girls' volleyball; co-ed flag football and co-ed wrestling
- 1 intramural sport is offered for boys and girls: soccer
- 222 interscholastic coaches in middle level programs
- Budgeted expenses are increasing by \$109,600

High School

- 6 high schools offer interscholastic sports (Boulder, Fairview, Monarch, Centaurus, Nederland, and Broomfield)
- 19 interscholastic sports and weight room training are offered for boys and girls. Girls flag football was added this year
- Budgeted expenses are increasing by \$228,497
- Participation fees and gate tickets are increasing by budgeted amounts of \$215,619 and \$81,381
- Coaching positions are allocated based on the number of participants in each school with an average of 76 per high school (except Nederland with 20 coaches)
- State tournament expenses are paid from the building activity account
- 60 percent of the athletic budget is funded from a transfer from the General Operating Fund

Preschool Fund

Colorado voters passed Proposition EE during the November 2020 election, which increases taxes on nicotine products. The resulting tax revenues support increased funding for Colorado preschool programs. Governor Polis signed the Colorado Universal Preschool Program (CUPP) into Law on April 25, 2022, which guarantees 10 hours of preschool at no cost, for all four-year-old and three-year-old children with certain risk factors.

On November 21, 2022, the Rules Advisory Committee added 15- and 30-hour programs. These programs will be continued during the school year 2025-26. Preschool Enrichment will continue to be combined with Preschool Learning. Combined student attendance will be 172 days. Pioneer Elementary will be added to the twelve schools that have both learning and enrichment classrooms on a half day model. Mapleton will have three learning classrooms and one enrichment classroom. Three schools will have one learning classroom and seven schools will have two learning classrooms. Sanchez Elementary will have full day learning, up to 30 hours a week. Aspen Creek and Mapleton will have 30 hours a week for IEP students. Tuition rates were increased by 8.6 percent for all sites, except for Community Montessori. The Colorado Department of Early Childhood increased their payment rates by less than 1.0 percent. The General Fund will transfer \$7.5M to cover increases in staffing transitioning into Early Childhood from Community Schools, increases in COLA and increases in health insurance costs.

Risk Management Fund

Major costs in this fund are contributions for property, liability and workers' compensation insurance, and premiums for flood insurance. For each of these programs, the district participates in self-insurance pools. The annual premium contributions (to the pools) are based on the district's claims history and value of assets in the district. The current bond program is increasing the building values across the district which is increasing the property premium accordingly. Workers' compensation premiums tend to fluctuate at a higher rate each year based on claims history, which in turn impacts the required transfer from the General Fund. We have resolved several old claims to bring the contribution down for the 2025-26 year.

Community Schools Fund

The Community Schools Fund provides the community with educational and enrichment opportunities through extended use of BVSD facilities. Community Schools is self-supporting, utilizing program tuition and community use fees for operational expenses. FY26 includes a transfer to General Fund of \$805,475, compensation was adjusted to reflect COLA, an annual step and benefit rate increase.

Charter School Fund

Funding for charter schools is based on contract agreements between the individual schools and BVSD. The funded pupil count at all five charters, Justice High, Summit Middle School, Horizons K-8, and Boulder Prep are all expected to have minimal fluctuations in funded FTE from the Funded 2024-25 count, except for Horizons K-8. Horizons K-8 is estimating an increase of 26.0 FTE whereas all other charters had a difference of fewer than 2.0 FTE. Related fund transfers and district purchased services have been adjusted to reflect changes in student enrollment. Charter fund financials are completed by individual schools.

Operations & Technology Fund	185
Food Services Fund	187
Student Activities Fund	189
Front Range BOCES Fund	191
DEBT SERVICE FUNDS	193
CAPITAL PROJECTS FUNDS	197
INTERNAL SERVICE FUNDS	207
FIDUCIARY FUNDS	213

Governmental Designated-Purpose Grants Fund

The district will receive funding in FY26 from two key sources, ESSA and IDEA Part B. With uncertainty in the Federal Grants landscape, we have estimated a 15.0 percent decrease to Title I, and 50.0 percent decreases to Titles II-IV. Prior year State awards that will continue to be funded include the School Health Professional Grants and Bullying Prevention that will help support various Middle and High School programs. The district will continue to receive funding for the School to Work Alliance Program and Carl Perkins Technical Education Act of 2006. Additionally, the district will continue to pursue grant funding that will support and enhance the learning experience for our students.

**The revenue from grant sources may increase throughout the year as additional grants are received. Therefore, it is appropriate to budget a larger amount so that the district will not be restricted from receiving grant income.

* The Budget does not include carryover dollars

** The revenue from grant sources may increase throughout the year as additional grants are received.
Therefore, it is appropriate to budget a larger amount so that the district will not be restricted from receiving grant income.

Transportation Fund

The Transportation Fund accounts for all transportation services including providing student transportation for regular school attendance and for extracurricular activities. Funding is provided by property taxes (2005 mill levy), the Colorado Department of Education transportation reimbursement, a transfer from the General Fund, and paid bus usage by outside organizations.

Total compensation for the 2025-26 fiscal year is \$18.1M, of which \$12.9M is bus driver and monitor compensation. Adjustments were made to reflect COLA, steps, PERA, and benefit rate increases across all job classes.

In the 2025-26 fiscal year, it is expected that the district will continue to experience a driver shortage; however, the shortage is not expected to be as severe as prior fiscal years. Additional personnel compensation for attendance bonuses and other incentives, related directly to the extreme driver shortage previously experienced, are not anticipated as being needed and are not budgeted for in the current fiscal year. Charter buses will only be used when necessary and appropriate.

In the prior fiscal year, the Universal Preschool Program changed its model from a 4-day to a 5-day program, resulting in additional midday student transportation needed for regular school attendance. The model is not changing for the current fiscal year and adequate budget has been allocated to cover these anticipated expenses.

For both revenue, "Lease Proceeds-Software", and expense, "Other Uses of Funds", the budgeted amount and actuals recognize current and future years computer software obligations under GASB 96, Subscription-Based Information Technology Arrangements. In fiscal year 2023-24, new transportation software, Tyler Technologies, was fully implemented and all necessary outlays and proceeds were recognized. The fund's total annual software expense, including Tyler, will continue to be budgeted in Transportation Services. At year end, a budget adjustment will be made to align with actuals upon completion of the annual GASB 96 restatement entry from software expense to principal and interest.

Effective fiscal year 2022-23, Environmental Services has been rolled into Vehicle Operations Services for reporting purposes only.

Operations & Technology Fund

The Operations and Technology Fund was established in 2016-17 to account for activity that was authorized with funds made available from the passage of the 2016 Capital Construction, Technology, and Maintenance mill levy that voters approved. This levy will fund a portion of the General Operating Fund maintenance, custodial, security, and technology expenditures. The Proposed Budget includes an increase from General Fund maintenance and operations to account for maintenance and other IT projects as compared to the prior year. Resources from the levy will allow investment for ongoing preventative maintenance and repairs to extend facility life. The levy remains at 4.000 Mills, the maximum allowed by voter approval. In the budget plan for FY26, there are projects budgeted which were unable to be completed the prior year and carrying over. The compensation budget is for one position.

Food Services Fund

The Food Services Program will serve approximately 11,500 lunches and 4,900 breakfasts per day using the central kitchen to serve 52 schools, 3 Head Start Programs and a charter school outside of the District. Colorado voters passed Proposition FF, which provides one free breakfast and one free lunch, daily, for all students, beginning with school year 2023-24. The General Fund will transfer \$2.7M to the Food Service operation to cover indirect costs, personnel cost increases, utility expenses and an anticipated deficit due to federal funding cuts.

Student Activities Fund

The Student Activities Fund accounts for a variety of school-sponsored clubs, groups and initiatives. Revenues include board approved fees, donations, and miscellaneous other revenues. Primary expenditures of the fund include school and classroom supplies, registrations, entrance fees, and personnel costs, including extra duty contracts, additional paraprofessional hours and substitute teacher costs.

Front Range BOCES Fund

The Front Range BOCES Fund is a custodial fund to account for activities of the Front Range BOCES. The district has an intergovernmental agreement, under which the district processes contributions and non-personnel expenditures of the Front Range BOCES. The district is acting only in a fiduciary (custodial) capacity on behalf of the Front Range BOCES. Effective 2024-25, Front Range BOCES Fund will be closed as the BOCES will have an intergovernmental agreement with another Colorado School District.

BVSD is no longer a fiduciary (custodial) account and the funds were transferred at the end of 2023-24 to Front Range BOCES.

Bond Redemption Fund

The Bond Redemption Fund mill levy for property tax collections are set to provide the appropriate funding for the district's debt service obligations, which are summarized in the table below. Boulder Valley's bonds are rated Standard & Poor's (AAA) which is the highest rating assigned by Standard & Poor's for any Colorado school district. The Bond Redemption Fund mill levy is adjusted annually to ensure adequate revenues to make all debt service payments as they become due in accordance with the debt schedule identified above. On November 8, 2022, voters approved a ballot measure authorizing the district to issue general obligation bonds in an amount not to exceed \$350.0M. The bonds will be issued in two series, for the purpose of funding capital projects outlined in the district's Facilities Master Plan. The first series of bonds were issues in April 2023 (\$187.3m). The second series of bonds are expected to be issued in 2026.

Building Fund

2022 Bond

The Building Fund will also be used to account for the district's 2022 Critical Needs Plan, which is funded by general obligation debt approved by voters in November 2022.

The 2022 Critical Needs Plan represents \$350M of the District's highest priorities needing to be addressed to extend the useful life of buildings and replacing a school, New Vista High, that has reached the end of its service life.

In addition to maintaining our aging buildings, the 2022 Critical Needs Plan also calls for investments in updating secondary schools to better provide opportunities for more students to gain valuable, hands-on experience, and earn college credit with career and technical education (CTE) programs. Our challenge is to prepare students for future success in careers that may not even exist today. It is imperative to create these opportunities for our graduates now to give them every advantage for success in the rapidly changing world of work.

In the coming years, additional capacity will be needed in the northeastern area of the district, which is still growing. Construction of an elementary school in Erie will accommodate new students and relieve overcrowding in other district schools.

Capital Reserve Fund

The beginning fund balance includes carryover for projects related to facility repairs and maintenance, bus and vehicle replacements, and fiber optic cable maintenance. These items are identified and budgeted as one-time uses of funds and will not lead to an ongoing deficit.

At the end of fiscal year 2023-24, approximately \$4.2M of insurance proceeds for hail damage claims were received and a substantial portion of the proceeds are carrying over to the current fiscal year. The related hail damage repairs started late in the fourth quarter of the prior fiscal year 2024-25 and are budgeted to complete in the current fiscal year. The current fiscal year hail repairs are budgeted in expenditures, under School Projects.

Vehicle replacements, for both buses and white fleet vehicles, are budgeted for a cyclical and planned vehicle replacement schedule. National production delays, experienced for several prior fiscal years, have ended and a reasonable timeframe from ordering new vehicles and receipt has returned. The budget assumes that any buses currently on order will be received in the current fiscal year and that the purchases will be financed. The budget also assumes that all white fleet vehicles ordered will be received in the current year as well.

Starting in the prior fiscal year 2024-25, the total white fleet lease payments will be budgeted in Operating Expenses, as opposed to estimating a portion to be restated as principal and interest for GASB 87, Leases. At year end, a budget adjustment will be made to align with actuals upon completion of the annual GASB 87 restatement entry from lease expense to principal and interest.

INTERNAL SERVICE FUNDS

Health Insurance Fund	208
Dental Insurance Fund	210
FIDUCIARY FUNDS	213

Health Insurance Fund

The Health Insurance Fund is an internal service fund used to account for claims, administrative fees, and stop loss insurance coverage for the district's self-funded health insurance employee benefit programs. Effective July 1 2025 the district will no longer offer the fully funded plan through Kaiser Permanente. Employees have the option to purchase dependent coverage. For 2025-26, the district will contribute an annual premium of \$9,271 per eligible employee, an increase of 4.6 percent over the prior year.

FIDUCIARY FUNDS

Private Purpose Trust Fund.....	214
---------------------------------	-----

Private Purpose Trust Fund

This fund is provided to account for donations received from the Jitsugyo High School Program, the will of E. Doyle Huckabay, the Barbara Carlson Scholarship, the Dr. Edwin O. Bostrom Scholarship, the Frances R. Bascom Scholarship, and the Tennyson McCarty Scholarship. Each donation is governed by a separate trust arrangement that defines how the funds, including interest earnings, are to be distributed.

A Generation of Colorado School Finance

The timeline below illustrates major milestones in Colorado school finance. We take a look at over 30 years of school finance in Colorado, the legislative, economic, and demographic changes that shaped the way our schools are financed. It is useful to review the remainder of this document in the context of these environmental factors that have affected the district.

Timeline of Colorado School Finance & Education Reform 1981 – 2025

Addressing Mandates:

New Content Standards; District Accreditation; Expanded Choice Legislation; Basic Literacy Act; School Accountability Reports (SAR's); Safe Schools Act; Student Identification / Data Warehouse; TCAP Testing; Change Special Ed Funding; BEST; Declining Enrollment; READ Act; Full Day Kindergarten, Colorado Universal Preschool Program

This timeline can be broken down roughly into three broad segments, which overlap each other:

1982 – 1994

1988 – 2000

1998 - 2025

Each of these three eras can be characterized by its unique situation with respect to:

- Changes in Federal and State Laws
- Economic Conditions in Colorado
- Population Growth and Demographic Trends
- Advances in Technology

A Generation of Colorado School Finance (continued)

1982 – 1994

In 1982, the Gallagher Amendment was passed which fixed the percentage ratio for property taxes at 45 percent for residential property and 55 percent for commercial property.

Mid-year revenue rescissions occurred in 1983, 1984, 1986, 1987, 1988, 1991, and 1993 primarily because state tax revenues could not keep pace with rapid enrollment growth in Colorado. The rescissions occurred so frequently that the Boulder Valley School District budgeted for the rescissions in advance.

1988 – 2000

This period marks the beginning of many dramatic changes in public school finance as well as increased regulations at the federal and state levels which dictate the environment that school districts must operate in today.

In 1988, the Colorado Public School Finance Act was revised significantly. This revision reset the standard for state equalization to distribute state funding for districts throughout Colorado taking under-funded districts into consideration, comparing rural districts vs. urban districts or large districts vs. small districts. At the time, the state provided 40 percent of per pupil funding to districts across Colorado, and districts provided 60 percent of the funding. Today state funding plays a much larger role by providing 64 percent of per pupil funding and districts providing 36 percent, on a statewide average.

In 1992, Section 20, Article X of the Colorado Constitution (TABOR Amendment) was passed, which requires districts to set aside 3 percent of defined, planned spending that cannot be used to address revenue shortfalls, salary or fringe benefit increases, or other economic conditions. This amendment also requires voter approval of tax increases and limits revenue collections.

Also, in 1992, the district converted from a Calendar Year budget cycle to a Fiscal Year and the 1992 budget was based on a Transitional Fiscal Year. Because the Boulder Valley School District receives a majority of its tax collections in the spring, the district has had to borrow cash for the first half of the fiscal year in order to operate. Generally, this function has been performed through the state's interest-free loan program, since 1993. District administrative responsibilities have also increased dramatically since 1988 due to a host of new federal and state regulations:

Federal regulations

- Omnibus Transportation Employee Testing Act, Gun-Free Schools Act, Children's Online Privacy Act, Digital Millennium Copyright Act, and the Equal Access Act, among others

State regulations

- New regulations associated with Section 504/Americans with Disabilities Act
- New regulations associated with the Colorado Basic Literacy Act
- CSAP Testing and CELA Assessments
- Standards-based education
- Bilingual education
- Changes to state accreditation requirements
- School Accountability Reports
- Adopted state standard Chart of Accounts
- New budget processes associated with TABOR
- Expanded choice legislation, Open Enrollment, charter schools and focus schools
- 1991 Referendum (\$7,062,468)

A Generation of Colorado School Finance (continued)

1998 – Present

From 1998 to present, Boulder Valley School District is marked by several voter passed overrides and new laws to comply with.

- Although per pupil funding in Colorado continued to fall behind national averages, Boulder Valley School District voters passed several tax overrides, tying the funds to specific program needs:
 - 1998 Referendum A (\$10,600,000)
 - 2002 Referendum (\$15,000,000)
 - 2005 Referendum 3A Transportation Mill Levy (\$7,300,000)
 - 2006 Ballot Measure 3A (six-year \$296.8 million bond issue for capital projects)
 - 2010 Ballot Measure 3A (25 percent of total program)
 - 2014 Ballot Measure 3A (\$576.5 million bond issue for capital projects)
 - 2016 Referendum 3A Capital Construction, Technology, and Maintenance Levy
 - 2022 Referendum 5A (\$350.0 million bond issue for capital projects)
- In 2000, Amendment 23 to the Colorado Constitution was passed which guarantees increases in funding to public elementary and secondary schools at a rate of inflation plus 1 percent for a total of 10 years. The increase is guaranteed at the rate of inflation thereafter. The goal of this amendment was to restore public funding, adjusted for inflation, back to 1988 funding levels.
- In 2002, the federal No Child Left Behind Act (NCLB) was implemented along with new regulations.
- In 2004, the Colorado Commission on Higher Education (CCHE) added requirements for high school graduates.
- In 2005, Colorado voters passed Referendum C which suspends the tax limits in the TABOR Amendment for five years, allowing the state to return to pre-recession levels. While this amendment will not likely affect school funding significantly, it assures Colorado school districts that the state will be prepared to sustain Amendment 23 funding.
- In the 2007-08 fiscal year the district created a Health Insurance Fund to account for claims and administrative fees of the district's health insurance employee benefit program. This was done to help control health insurance costs.
- The Budget Stabilization Factor, introduced in 2009, was eliminated in the 2024-25 fiscal year, returning Colorado funding to 1989 levels. While this marks progress, Colorado remains among the lowest-ranked states in per-pupil funding, and full funding for K-12 education is still lacking.

Fiscal Year*	Total Program Funding	Total Program Funding		Per Pupil Revenue
		Negative Factor	(after Negative Factor)	
2024-25 Revised	\$308,254,335	\$0	\$308,254,335	\$11,221
2023-24	298,779,017	(4,601,036)	294,177,981	10,489

TOTAL NEGATIVE FACTOR		(\$339,509,838)		

A Generation of Colorado School Finance (continued)

1998 – Present (continued)

- In 2010, Colorado voters passed a ballot measure that provides 25 percent of total program funding for restoring budget cuts, mitigating future budget cuts, supplementing teacher and staff compensation, and funding early childhood programs.
- In 2006, and again in 2014, Colorado voters approved ballot measures providing the passage of bonds for capital improvements. The 2014 Educational Facilities Master Plan was approved by the Board of Education on August 12, 2014.
- In 2016, Colorado voters passed an operational levy that freed up general fund resources so more funds can be directed toward ongoing maintenance, custodial, security, and technology expenditures.
- In 2019, the state legislature approved funding for full-day kindergarten across Colorado.
- In 2022, the state legislature established the Colorado Universal Preschool Program.
- In 2024, the governor and lawmakers eliminated the Budget Stabilization Factor with the Joint Budget Committee (JBC) voting to fully pay it down.
- In 2024, revisions were made to the School Finance Act (HB24-1448) that affected district funding beginning with the 2025-26 fiscal year.
- In 2025, revisions to the School Finance Act adopted through HB24-1448 were replaced with the new School Finance Act adopted under HB25-1320.

Per Pupil Expenditures

The charts below show what the actual cost per funded pupil is in BVSD compared to the School Finance Act per pupil revenue (PPR). From this presentation, we get a truer picture of the breakdown of funding per student as it relates to total budgeted expenditures, which utilize revenue from PPR, election overrides, state categorical reimbursements, grant funding, and year-to-year carryovers.

Before the sunset of Amendment 23 at the end of the 2010-11 fiscal year, on an inflation-adjusted basis, BVSD still spent less per student than at 1988 levels. The objective of adding the extra 1 percent in Amendment 23's increase of "inflation plus 1 percent" was to bring districts in Colorado back to 1988 funding levels after 10 years of the extra percentage. Even with the addition of 1991, 1998, 2002, 2005, and 2010 overrides, not until FY17 did the district surpass 1988 funding levels. This table shows how these overrides directly benefit BVSD students and allow the district to offer programming that would otherwise not be available.

	BUDGET YEAR	15-16 FY16	16-17 FY17	17-18 FY18	18-19 FY19	19-20 FY20	20-21 FY21	21-22 FY22	22-23 FY23	23-24 FY24	24-25 FY25

**CPI-U is estimated based on prior years data as published by the Bureau of Labor Statistics.

Funded Pupil Count: is the number of full-time equivalent students attending the district's schools. This number is used in determining funding from the School Finance Act.

Operating Expenditures: are the operating budgets of the district, including: The General Fund, and transfers to the Athletics Fund, Community Schools Fund, Student Activities Fund, Capital Reserve Fund, Insurance Reserve Fund, Special Revenue Funds, Food Services Fund, Other Enterprise Funds, and the Charter School Fund.

Sources: Student and dollar data from Revised Adopted Budget Documents for each year listed.

CPI data from U. S. Department of Labor - <http://www.bls.gov/cpi>

Student Enrollment

From 2012 to 2017, total district enrollment flattened out, averaging a 0.9 percent increase annually while the change in charter school students was flat during the same period. Starting in 2018, the district began seeing a decline in enrollment, a trend that was expected to continue but possibly flatten out over the next few years. However, in 2020 the COVID pandemic resulted in a significant drop in enrollment. Projection data indicates this pattern of decline will likely continue over the next few years.

Enrollment and Student FTE by Level

The district's School Finance Act total program funding is based on the funded pupil count, which is determined by full-time equivalent (FTE) students. The pupil count is held on October 1, and accounts for part-time kindergarten through twelfth grade students as half-time within the fiscal year for which funding is received. Enrollment numbers include the preschool level, while the student FTE no longer reflects the Pre-K level which is funded through the Universal Preschool Program.

	Oct-21 Submitted	Oct-22 Submitted	Oct-23 Submitted	Oct-24 Submitted	Oct-25 Proposed
Student Enrollment					
K-12	28,113	27,543	27,287	27,143	26,913
Pre-K*	663	882	916	770	825
Total Enrollment	28,776	28,425	28,203	27,913	27,738

*Pre-K funding model has changed from State Per Pupil Revenue to Universal Preschool funding

Beginning in October 2022, enrollment will include tuition paying Pre-K families.

	FY 21-22 Submitted	Oct-22 Submitted	Oct-23 Submitted	Oct-24 Submitted	Oct-25 Proposed

*Effective October 2023, student FTE no longer reflects Pre-K.

Enrollment History

Prior to 2017, BVSD had experienced positive enrollment growth with gains above 1.0 percent. Since 2018, the district has seen a decline in enrollment that was expected to level out or slightly decline, however in 2020, due to COVID, the district experienced a significant decrease in enrollment. Current projections indicate this pattern of decline will continue over the next few years.

*Beginning in 2023, Pre-K tuition paying families will be included in the Enrolled Count.

Enrollment Projections for 2025-2026

Executive Summary

- District enrollment was down -141 students in the Fall of 2024, representing a rate of -0.5 percent decline. Although the district had already been expecting to enter a period of decline, 2024 losses were less than expected.
- The 2024 kindergarten class, at 1,609, grew by 71 students over 2023 and also beat expectations.
- Cohort growth, a measure of student growth and retention, was the strongest since 2014 at +949 and higher than last year's posting of +807.
- The number of live births dropped in 2023 (the most recent year available) to 1,524, down from 1,575 in 2022 but does show overall signs of leveling off the last 5 years.
- New residential construction saw a second year of increased activity in 2024 after a post-pandemic lull. Preliminary estimates indicate 1,400 overall units were constructed including 465 single-family detached units.
- A conservative projection that captures the current economic, demographic, and pandemic-related climate is recommended for 2025.

Methodology

The 2025 enrollment projection was developed for the entire district by level and by grade using a cohort survival model. The basic cohort model has been modified to better focus on BVSD's resident student population along with the effects of out-of-district enrollment and new housing. This modification allows for direct comparisons of resident students with other demographic factors (such as overall births and migration) and also allows the projection to be modified as actual out-of-district open enrollment petitions are processed in the spring. The cohort model itself uses historic growth over the past seven years from which a conservative trend is selected.

Recent Enrollment Trends

Enrollment over the last seven years is shown in Table 1. This year's loss of -141 students, or -0.5 percent, marks the seventh recent year of decline. Elementary enrollment continued its decline but at a lower rate than the previous two years. Middle school, however, experienced its second year of unexpected growth in 2024 at +0.6 percent. High school is also sliding more into decline as well and posted a fourth year of loss of -54 or -0.5 percent.

Table 1: BVSD Enrollment Growth by Level 2018-2024

Recent Enrollment Trends (continued)

Cohort growth (Table 2) measures the gain or loss of each grade-level class (cohort) as it progresses from year to year. Because it follows the progression for the same classes of students, it discounts the effects of variations in class size on enrollment. Positive cohort growth indicates retention of existing students and gains in new students (including those from out of district). BVSD has experienced good to strong (350+) growth since 2006. However, cohort growth in 2020 posted the most significant negative measure in over 20 year due to the impacts of the COVID-19 pandemic. Cohort growth has since been rebounding and this year achieved the highest cohort growth levels since 2014 at 949 students. High school gains (+491) were the strongest in recent years and provided more than half of the cohort growth in 2024 with elementary growth being on par with pre-COVID levels. Middle level also posted the strong growth.

Table 2
Cohort Growth by Level

Sch.Year	Elem.	Middle	High	K-12
2018/19	241	162	136	539
2019/20	187	49	146	382
2020/21	-518	-157	99	-576
2021/22	396	9	209	614
2022/23	116	43	291	450
2023/24	219	200	388	807
2024/25	242	216	491	949

The size of individual cohorts, or grade level classes, also has a significant impact on enrollment levels. Overall, kindergarten class sizes have consistently been smaller relative to graduating senior classes creating downward pressure on overall enrollment. In order for the district to maintain and expand enrollment levels in this environment, positive cohort growth (and net in-migration) is needed, particularly at 6th and 9th grade. As noted, cohort growth gains in 2024 helps soften the impact of smaller incoming kindergarten classes. At least some of the recent gains, however, are likely students returning to BVSD at the secondary level after entering private or home school programs during the pandemic.

Demographic Trends

Births within BVSD peaked in 2001 at 2,329 and have dropped almost every year until 2019 (1,583). Since then, births have leveled off somewhat and even made a small gain in 2021 of +60. Births in 2023 (most recent year of data) declined once again and is the lowest total of the last 5 years. Even with birth levels stabilizing recently, they remain very low. The incoming kindergarten class for next years will correspond to a year when births were about nearly equal to those for the 2024 kindergarten class indicating the likelihood of a similar kindergarten class size in 2025. That stated, there is some question as to whether births are always a strong indicator of kindergartener class size (due to ensuing migration, private school enrollment, and home schooling), however, recent years have shown kindergarten class size generally (but not always) tracking with births trends.

The most recent migration trends can be gleaned from the student records by comparing the numbers of resident students that appear (new) and disappear (leaving) from student records between years. This measure includes students enrolling from private and homeschool in addition to in/out migration of families to/from the district. Up until the heavy COVID-19 related losses of 2019-2020 school year, net growth in this regard had remained positive since 2005 as the number of students entering the system (discounting kindergarten) outpaces the number leaving (discounting 12th graders). In particular, the number of students leaving the system have remained relatively low through 2019 and have dropped further the last 3 years.

These recent declines in student's leaving have pushed up overall net gains the last two years. Notably, 2024 saw the highest net gain in 10 years at +580 students.

Demographic Trends (continued)

The strengthening net gain from BVSD's new and leaving students is not, however, corroborated by the State Demography Office population estimates for Boulder County which show slipping net migration for the overall population in recent years (the change between 2022 and 2023 was -709). At the statewide level, the Demography office continues to assess that Colorado will maintain positive in-migration in the coming years as new job-seekers replace the state's large retiring baby-boomer population, however it is unclear how this will impact BVSD.

Economic Trends

The market for new housing has faced significant uncertainty since 2020. The number of new single-family detached units declined from 494 units in 2017 to 127 units in 2022. These declines are likely the result of past supply chain issues in the wake of the pandemic and a lull in new lot creation in BVSD. However, several larger home construction projects came online in Lafayette and Erie in 2023 pushing the number of constructed single family detached units to 516 that year and to 465 in 2024 (preliminary). In addition, multifamily units saw a significant increase starting in 2023 and more units, especially apartments, are expected in the next few years.

Continuing into 2025, builders are expecting moderate demand for single-family detached units statewide but see headwinds as potential buyers face both high prices and interest rates. Given the uncertainty in the market, it is not known if the current pace of new construction can be maintained (especially single-family detached) even though demand seems high and the inventory of new lots is increasing. Anecdotally, high prices and interest rates are also impacting the existing housing market, although this is more difficult to confirm in BVSD.

Bureau of Labor non-farm employment statistics for Boulder County show mostly 10+ years of positive non-farm job growth (discounting 2020) with recent averages around 3%. While 2023 posted a strong 4% of job growth, 2024 saw the only decline in jobs in 10 years (excluding 2020). Unemployment had also been improving post-pandemic to a low of 2.3% in 2022 but has since climbed the last two years to 4% as of December 2024. Despite the still positive jobs outlook, a difficult housing market seems to be the more critical limiting factor in BVSD enrollment at this time.

Projection for School Year 2025-26

Table 3 displays three likely enrollment trends, any of which represent a viable estimate of growth for 2025. The "Middle" trend represents an enrollment pattern of the last seven years weighted to adjust for the pandemic impacts of 2020 and 2021 and seems to be the most probable given current uncertainty around economic and enrollment conditions. This trend projects -0.7 percent decline for 2025 with an incoming kindergarten class consistent with the low births 5 to 6 years ago. Cohort growth and migration are assumed to be average of the last seven years while discounting pandemic conditions in 2020 and 2021. Accordingly, BVSD's enrollment for 2025 is estimated at 26,891 for K-12.

The other trends represented below are the "Low" which represents a greater rate of decline than the "Middle" projection, at -1.1 percent, and the "High" which represents only a slightly lesser rate of decline at -0.5 percent. Please note that overall trends point to continued enrollment decline to varying degrees for BVSD in the coming years.

Demographic Trends (continued)

Authorized FTE History Summary – All Funds

Full time equivalent positions (FTE) are determined by dividing the total of all standard salaries in a position by the standard salary for that position. Totals include charter schools.

	2021-22	2022-23	2023-24	2024-25	2025-26
Classroom Teachers	1721.242	1684.032	1692.364	1658.967	1636.202
Other Teachers	199.255	232.155	278.762	269.233	257.294

Student Teacher Ratios

Student-teacher ratios remain a primary measurement of the district's funding at the classroom level. While productivity gains through technology have provided the district with many benefits, little can change the age-old relationship between teachers and their students. Because the majority of the General Operating Fund expenditure budget is made up of employee compensation, accurate projections are important in maintaining the delicate balance of student-teacher ratios.

When total students decrease, the student-teacher ratio will also decrease if the number of teachers remains the same. Each year, the district re-examines the school allocation formulas described in the Financial Section of this document. In order to calculate the cost of maintaining the same student-teacher ratio, the district must consider rising health care costs, fluctuations in enrollment, changes in the salary schedules, and providing a competitive compensation package to attract and retain quality employees. Even though in the 2024-2025 school year, the high school student teacher ratio was increased to account for a reduction of 10 teacher FTE needed for the Adopted budget, the district continues to focus resources on class size, student-teacher ratios, and support for literacy instruction.

Notes:

- Total 2024 assessed valuation for the 2025 calendar year was certified at: \$9,594,871,164
- Transportation mills are capital construction mill levies.
- Bond Redemption Mills are capital construction mill levies.
- Operations & Technology mills are capital construction, maintenance, and technology mill levies.
- Abatement Mills are related to assessed valuation appeals.
- Election Mills are mills for additional funding in the form of overrides approved by voters.
Note increases for Election Mills in years following the 2002 and 2010 Referendums.
- General Fund Mills are associated with School Finance Act funding.

Appendix E: Schedule of Annual Property Tax Burden on Homeowners

State law sets the property tax assessment rate. In the 2025 collection year, homeowners will pay an assessment rate of 6.7 percent of the actual assessed value of their home, while businesses will pay a 29 percent assessment rate.

Here's how the math works for each \$100,000 in home value:

- The 6.95 percent of assessed value is calculated to be \$6,950. That's the amount on which taxes are based.
- One tax mill is equal to 1 cent on \$10. So, \$6,950 in value multiplied by 0.001 equals \$6.95 per mill.
- In 2024, the BVSD tax rate was certified at 48.175 mills or \$334.82 in taxes per year for each \$100,000 of assessed home value.

You can use the same formula to calculate your property taxes for your schools if you know your home's assessed value. The same calculations based on a 29.0 percent business rate net \$1,397.08 in school taxes for each \$100,000 of taxable business property.

Assessed (Taxable) Value of Home = \$100,000

School District Direct Debt (1)			966,693,424
Total Direct and Overlapping Debt			<u>\$ 1,057,994,329</u>

Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the district. This schedule estimates the portion of outstanding debt of the overlapping governments that is borne by the taxpayers of the district. This process recognizes that, when considering the district's ability to issue and repay long-term debt, the entire debt burden borne by the taxpayers should be taken into account.

Notes:

- (1) Balance as of June 30, 2024
- (2) The Percentage Applicable to the District is calculated by taking the percentage of the government's assessed value which is located within the boundaries of the district.

There are several notable items regarding district comparisons:

In order to provide a clear representation of revenue versus expenditures for BVSD and other local school districts, 2023-24 data is displayed for both revenues and expenditures.

The Colorado Department of Education defines what information is included in each category, and chooses what items are included or excluded from the total operating expense.

The amounts are higher than what is budgeted because of uncollectible local property taxes. The Boulder Valley School District does not collect 100 percent of local property taxes each year. This does not include the Transportation Mill Levy, or the Bond Redemption Mill Levy, as these revenue sources are specifically related to funds other than the General Operating Fund.

Colorado Department of Education - Student Accountability Report

There are some notable items regarding district comparisons:

This comparison is based on information gathered by the Colorado Department of Education. While this process provides dated information, it is a consistent comparison using the same data source.

The Colorado Department of Education defines what information is included in each category, and chooses what items are included or excluded from the total operating expense.

The Boulder Valley School District has no knowledge of other districts' procedures for coding expenses and therefore cannot control or verify other district's percentages in each category.

Appendix N: Performance Measures

The Boulder Valley School District (BVSD) is proud to launch an all new [Strategic Plan Dashboard](#). This dashboard will show the staff and community our progress within the four key objectives of our [All Together for All Students Strategic Plan](#). While we have access to a number of data visualizations in BVSD, this dashboard will serve as a common tool that all schools, staff and community can reference over the next five years as we set targets and celebrate improved outcomes for kids.

The Colorado Department of Education's 2024 [District Performance Framework Report](#) identified BVSD as "Accredited with Distinction" overall, with the district meeting accreditation targets for Academic Achievement, Academic Growth, and Postsecondary and Workforce Readiness. The district meets the 95 percent Test Participation Requirement in English Language Arts and Math, and Meets Assurances in both Finance and Safety.

Through the budget process, BVSD continues to target resources at the classroom level, differentiating resources for schools with concentrated populations of low-income students, with the goal to increase the proficiency level of all students in accordance with district Long Term Outcomes as outlined in the Strategic Plan.

Appendix N: Performance Measures (continued)

K-3 Students Meeting Spring Literacy Benchmarks

(Due to COVID, there were no spring 2020 scores to report.)

College Readiness

Assessment	Possible Score Range	BVSD Mean Total Score			BVSD Median of National Percentiles**		
		2022	2023*	2024	2022	2023*	2024
PSAT9	240-1440	998	1017	1003	74%	80%	76%
PSAT10	320-1520	1040	1045	1062	73%	75%	75%
SAT	400-1600	1100	1121	1121	69%	70%	71%

* Beginning in 2023, the PSAT/SAT were administered online.

** Every student taking the PSAT / SAT receives a National Percentile Rank score. For example, A student with a 60th-percentile score, scored higher than 60% of other test takers in the United States. The values shown in the above table are the median of BVSD student percentile scores.

Appendix N: Performance Measures (continued)

Graduation Rates

The Boulder Valley School District is proud to report that BVSD had its highest graduation rate since the Class of 2016. In 2024, BVSD's four-year on-time graduation rate increased to 92.3%, up from 91.5% in 2023 (an increase of 0.8%).

BVSD Graduation Rate Highlights

The district saw increases in the following student groups:

- Students with disabilities - Up 5.2%
- Economically Disadvantaged is - Up 1.9%
- Limited English Proficiency - Up 0.1%
- Asian - Up 1.3%
- Two or more races - Up 3.0%

**BVSD's Black, American Indian and Native Hawaiian/Other Pacific Islander groups are quite small so use caution in comparing percentages from one year to the next.*

Appendix N: Performance Measures (continued)

Dropout Rates

The dropout rate is calculated based on all students enrolled within the district between 7th and 12th grade a given year.

BVSD Dropout Rate Highlights

The district saw decreases in the following student groups:

- Hispanic/Latino - 0.8% decrease (2.1% in 2023 to 1.3% in 2024)
- Homeless - 0.3% decrease
- Males - 0.4% decrease

Appendix N: Performance Measures (continued)**Free or Reduced Lunch Population Rates**
(Over 10 years)

BOULDER VALLEY SCHOOL DISTRICT

GLOSSARY

Glossary of Terms..... 252

Acronym Reference 262

Glossary of Terms

110/110: An employee who retires from the district under PERA benefits may be re-employed for up to 110 days per calendar year) following the date of retirement. Typically, 110 days in the first school semester and 110 days in the second.

AAWeb: Software used for tracking receipts and disbursements for a school's student activity accounts.

Abatement: The reduction or cancellation of an assessed tax.

Academic Areas: Math, science, social studies, language arts, physical education, foreign language, music and art.

Account: The detailed record of a particular asset, liability, owners' equity, revenue or expense.

Accrual Basis: The basis of accounting under which transactions are recognized when they occur, regardless of the timing of related cash flows.

Action Plan: Statements of specific actions to be taken to make progress in strategic priority areas.

Adequate Yearly Progress (AYP): Colorado's determination of incremental progress towards meeting the goal of all students being proficient in reading and math, as noted by CSAP, Lectura, or CSAP-A by 2014.

Advanced Placement Program (AP): A cooperative educational endeavor between secondary schools and colleges and universities that provides high school students with the opportunity to take college-level courses in a high school setting. Students who participate in AP courses often earn college credit while they are still in high school by passing the AP exams.

Advancement via Individual Determination (AVID): is a college-readiness system designed to increase the number of students who enroll in four-year colleges.

Agency Fund: This fund is used to account for receipts and disbursements from student and district fundraising activities.

Amendment 23: An amendment to the Colorado Constitution passed in November 2000 guaranteeing annual increases in funding to public schools at inflation plus 1 percent for ten years and inflation thereafter.

Annual Comprehensive Financial Report: This document is the "official annual report" of the district. State law requires the district to publish within six months of the close of the fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles and audited in accordance with generally accepted auditing standards by a firm

of licensed certified public accountants. The annual audit meets these requirements.

Annual Leave: Unit B employees on regular or limited-term contracts will receive up to 12 annual leave days per year. At the end of each school year, regular contract employees may choose to either carryover up to 25 unused days to the next school year or receive payment for up to 12 unused days at the starting substitute teacher daily rate. Limited-term contract employees will be paid for all unused days.

Apex: Career and technical education program.

Appropriation: A legal authorization granted by the board of education for the funds of the Boulder Valley School District permitting expenditures and obligations for specific purposes. An appropriation is usually limited in amount and as to the time when it may be expended.

Assessed Valuation: The taxable value of real and personal property as determined by a tax assessor or government agency as a basis for levying taxes. Assessed valuation does not necessarily correspond to the property's market value.

Assets: Resources owned or held by an entity which have monetary value.

Athletics Fund (Fund 16): The Athletics Fund is part of the Combined General Fund. This fund includes the expenses for interscholastic sports for grades 8-12. Revenues include a transfer from the General Operating Fund as well as student participation fees and game admissions.

Balance Sheet: The basic financial statement which discloses the assets, liabilities, and equity of an entity at a specified date in conformity with GAAP.

Benefits: District provided retirement (Colorado PERA), health and dental coverage, long-term disability, and life insurance. Benefits also include voluntary participation in 401(k), 403b and 457 defined contribution plans, flexible spending accounts in addition to vacation, annual leave, personal, and sick days depending on the job classification. For some job classifications, benefits also include longevity pay, tuition reimbursement and Leave of Absence opportunities.

Board of Education (BOE): An elected policy-making body whose primary functions are to establish policies for the district; provide guidance for the general operation and personnel of the district; and oversee the property, facilities, and financial affairs of the district.

Board Policy: Guidelines adopted by the board of education that govern school operations.

Glossary of Terms (continued)

Bond Redemption Fund (Fund 31): Used to account for the accumulation of resources and payment of principal and interest on general obligation (school bond) debt.

Boulder Valley School District (BVSD): Includes a large part of Boulder County, a significant portion of western Broomfield County and a small piece of Gilpin County. This area incorporates the cities of Erie, Gold Hill, Jamestown, Lafayette, Louisville, Nederland, Superior, Ward and unincorporated South Boulder County.

Budget Transfer: Process of changing how budget dollars are currently allocated to be spent within the adopted budget.

Budget: A plan of future events including anticipated revenues and expenditures, along with the financial position at some future point in time.

Building Fund (Fund 42): The Building Fund is used to account for the proceeds of bond sales, revenues from other sources, capital outlay expenditures for land or existing buildings, improvements of grounds, construction of buildings, additions and remodeling of buildings and additions and replacement of equipment as authorized by the board of education.

Cabinet: Senior advisors to the Superintendent of Schools.

Capital Expenditures: Those expenditures which result in the acquisition of or addition to fixed assets.

Capital Improvement Planning Committee (CIPC): The Capital Improvement Planning Committee was created in 2004 to evaluate the facility needs of the Boulder Valley School District and make recommendations to the board of education.

Capital Reserve Fund (Fund 43): The Capital Reserve Fund is used for the maintenance and improvement of existing facilities. Funds may be used for the purchase of equipment over \$1,000 per unit cost or for the acquisition of property, construction of new facilities, or remodeling existing facilities when the project cost exceeds \$2,500. Individual projects are approved by the board of education.

Carryover: Amount of money remaining at the end of the preceding year and available in the current budget year.

Cash Basis: A basis of accounting under which transactions are recognized only when cash changes hands.

Categorical Revenues: Educational support funds, given as reimbursements, from a higher governmental level. State categorical

reimbursements include Increased Enrollment, Transportation, English Language Proficiency Act (ELPA), Exceptional Children's Educational Act (ECEA) [includes Special Education and Gifted and Talented], and Career & Technical Education.

Central Support Services: Activities other than general administration that support each of the other instructional and support services programs. Includes planning, research, data processing, and human resources.

Certificate of Participation (COP): Financial certificates issued that provide capital for payment of principal and interest.

Chart of Accounts: A set of accounting codes characterizing transactions throughout the organization's financial systems. It facilitates the consistent coding of transactions for entry into the systems as well as computer manipulation of transaction data.

Charter School Fund (Fund 11): This fund is used to account for the financial activities associated with charter schools, which are treated as Component Units of the school district.

Charter School: A public school operated independently of the local school board, often with a curriculum and educational philosophy different from the other schools in the system.

Citizen's Bond Oversight Committee (CBOC): The Citizen's Bond Oversight Committee was created in January 2007 to monitor the 2006 bond issue and provide an independent review of the bond projects.

CoCurricular Activities: School-sponsored activities such as spelling bees, quiz bowls, science fairs, and intramural sports.

Colorado Department of Education (CDE): The administrative arm of the Colorado State Board of Education.

Colorado High School Activities Association (CHSAA): In pursuit of educational excellence, the Colorado High School Activities Association strives to create a positive and equitable environment in which all qualified student participants are challenged and inspired to meet their greatest potential.

Colorado Preschool Program Fund (CPP): This Operating Fund was established by Senate Bill 01-123, concerning the required expenditure of a portion of a school district's per pupil operating revenue for the district's Colorado Preschool and Kindergarten Program.

Colorado Student Assessment Program (CSAP): Required by the state, CSAP tests are administered to all public school students in

Glossary of Terms (continued)

grades 3 – 10 in reading, writing, and mathematics, and grades 5, 8 and 10 in science. CSAP is designed to measure student achievement on the Colorado Model Content Standards.

Combined General Fund: Used to finance and account for all ordinary operations of the district, including all transactions not accounted for in other funds. Funds included in the Combined General Fund are the General Operating Fund, Charter School Fund, Community School Fund, Athletics Fund, and Technology Fund.

Commitment: Funds obligated towards a purchase requisition.

Community Schools Fund (Fund 13): The Community Schools Fund is a component of the Combined General Fund. This fund is used to account for the district's educational and enrichment opportunities provided through extended use of BVSD facilities.

Compensation: District provided salary and benefits (see definition for benefits). Compensation for most employees is determined through the negotiations or Meet and Confer process.

Contingency Reserve: Monies budgeted in the General Operating Fund for emergencies and other unforeseen events. The contingency reserve is 3 percent of the General Operating Fund expenditures.

Contract for Services: District form used to pay individuals not otherwise employed by the district.

Conversion: Process of changing dollars to FTE or FTE to dollars.

Cultural Proficiency: The policies and procedures of an organization or the values and behaviors of an individual that enable that agency or person to interact effectively in a culturally diverse environment. Cultural proficiency is reflected in the way an organization treats its employees, clients, and community.

Debt Services: The payment of both principal and interest for the Certificate of Participation (COP) for the district's energy conservation program and telephone system.

Deficit: (1) The excess of the liabilities of a fund over its assets; (2) the excess of expenditures over revenues during an accounting period; or, in the case of proprietary funds, the excess of expense over income during an accounting period.

Dental Insurance Fund (Fund 67): An Internal Service Fund to account for claims and administrative fees of the district's Self-Funded Dental Insurance employee benefit program.

Differentiated School Support Fund (Fund 12)

The Differentiated School Support Fund was created in FY22 and is used to track spending of resources allocated to schools as part of the district's Strategic Plan. A weighted and differentiated funding model was implemented to distribute resources to schools identified with levels of Flexible, Targeted, and High support needs.

District Accountability Committee (DAC): DAC operates in accordance with the Legal Guidelines for the Boulder Valley School District Accountability Committee, Board Policy AF-E, and the Colorado Accreditation Program. The board of education, in cooperation with the DAC, (1) establishes an accountability program to measure the adequacy and efficiency of educational programs offered by the district; (2) consults with the DAC to compile school building goals/objectives/plans and (3) reports the district's goals/objectives/plans to improve educational achievement, maximize graduation rates, and increase the ratings for each school's accreditation category to the public.

District Leadership Team (DLT): Leadership group of the district comprised of building and central administrators.

Diversity: Encompasses the individual and group differences that contribute to the uniqueness of every human being. These differences include, but are not limited to, race, ethnicity, gender, sexual orientation, age, disability and religion.

Education Excise Tax (EET): A City of Boulder tax adopted by Ordinance No. 5662 on November 8, 1994. Funds are to be used to promote the development of public educational facilities and services in the City of Boulder.

Education Process Management System (EPM): More versatile than a (SIS) Student Information System, an EPM combines multiple data management programs into a single integrated application. Infinite Campus is the EPM System used by BVSD.

Educational Facilities Master Plan: The Educational Facilities Master Plan was developed by the Capital Improvement Planning Committee (CIPC) in May 2006 to evaluate the facility needs of the Boulder Valley School District and make recommendations to the board of education.

Emerging Bilingual (EB): A student who has a home, primary or first language that is not English and who has not yet achieved proficiency in the English language. In BVSD, a student is identified as EB by meeting both of the following criteria: 1) the parent has filled out a Home Language

Glossary of Terms (continued)

Survey identifying the significant presence of a language other than English in the home and 2) the student is determined to have limited English proficiency, as measured by the Woodcock-Muñoz Language Survey. Students identified as CLDE continue to be considered CLDE until they have attained English language proficiency.

Encumbrance: A commitment within an organization to use funds for a specific purpose. An encumbrance is created when purchasing processes a purchase requisition into a purchase order.

English Language Development (ELD): The BVSD program that supports and provides services for the CLDE student. ELD Standards are Alternative Language Arts standards approved by the Colorado Department of Education in April 2005 for English Language Learners. ELD Profile is a BVSD document with essential learning results on continuum for listening, speaking, reading and writing.

English Language Proficiency (ELP): A language minority student's level of English language skills in listening, speaking, reading, writing, and comprehension.

English Language Proficiency Act (ELPA): A state funded program that provides financial and technical assistance to school districts implementing programs to serve the needs of students whose dominant language is not English.

Enterprise Resource Planning (ERP): A suite of software applications that connects all business/administrative processes of an organization. The Lawson Enterprise System integrates the district's HR/Payroll, Finance & Accounting, Budgeting, Procurement, and Fixed Asset processes.

Equalization, State: General state aid or support provided to the district under the Public School Finance Act of 1994, as amended.

Exempt Employees: Employees not eligible for overtime pay such as administrators, prof-techs, and teachers.

Expendable Trust Fund: This fund is provided to account for donations that are received for specific purposes such as scholarships and awards.

Expenditure Correction: Process of correcting an account posting error or allocating the cost of a purchase between two or more locations or departments.

Expenditures: Decreases in net financial resources. Expenditures include current operating expenses which require the current or future use of net current assets, debt service, and capital outlays.

Facility Condition Assessment (FCA): The Facility Condition Assessment section of the BVSD Educational Facilities Master Plan developed in 2006.

Fiduciary Funds: Asset account held in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds.

Fiscal Year: The twelve-month period of time to which the annual budget applies. All Colorado school districts, by law, must observe a fiscal year that is July 1 through June 30.

Fixed Asset: Tangible property with an estimated life of more than one year.

Food Services Fund (Fund 21): This fund is used to account for the financial activities associated with the district's school lunch program.

Front Range BOCES Fund

The Front Range BOCES Fund is a custodial fund to account for activities of the Front Range BOCES.

Free Appropriate Public Education (FAPE): Section 504 of the Rehabilitation Act of 1973 protects the rights of individuals with disabilities in programs and activities that receive federal financial assistance, including federal funds. A Free Appropriate Public Education means that a child with disabilities will receive the same education as a child without disability or handicap. FAPE can be achieved by giving the child special services, usually written in an Individualized Education Plan (IEP).

Free or Reduced Lunch (FRL): In order to qualify for free or reduced meals, a household has to fill out an application. Guidelines are set by the Federal Government, comparing the household's size to its income.

Full Time Equivalency (FTE): Unit used to measure the hours in an employee's contract based on a 40-hour work week.

Fund: A fund is an independent fiscal and accounting entity with a self-balancing set of accounts for recording cash and other financial resources. It contains all related assets, liabilities and residual equities or balances, or changes therein. Funds are established to carry on specific activities or attain certain objectives of the school district according to special legislation, regulations, or other restrictions.

Funded Pupil Count: Adjustments to the district's October 1 pupil enrollment count (headcount) to

Glossary of Terms (continued)

produce the full time equivalent (FTE) membership used in the School Finance Act formula to determine the district's funding for the current budget year. For example, a pupil enrolled in kindergarten is counted as a one-half funded pupil (0.5 FTE). Similarly, but under different guidelines, preschool pupils are counted as one-half FTE pursuant to CRS 22-28-106(2) and 22-53-103.

General Administrative Support: Activities concerned with establishing and administering policy for operating the school district. Includes superintendent, deputy superintendent, assistant superintendents, legal counsel and the grants specialist.

General Operating Fund (Fund 10): Provides for the basic day-to-day operational costs of the district. The mill levy for the fund is determined by the provisions of the State Public School Finance Act of 1994, as amended, and the Taxpayer's Bill of Rights (TABOR).

Generally Accepted Accounting Principles (GAAP): A collection of rules, procedures and conventions developed by the accounting profession which set the minimum requirements for a fair presentation of financial data in external financial reports.

Gifted and Talented (GT): Program for children between the ages of 5 and 21 whose abilities, talents, and potential for accomplishment are so outstanding that they require special provisions to meet their educational needs.

Government Finance Officers Association (GFOA): Professional association of state, provincial and local finance officers in the United States and Canada.

Governmental Accounting Standards Board (GASB): The Governmental Accounting Standards Board (GASB) is the independent organization that establishes and improves standards of accounting and financial reporting for U.S. state and local governments.

Governmental Designated-Purpose Grants Fund (Fund 22): A special revenue fund used to account for governmental grants for designated purposes.

Grant: A financial award from a federal, state or local government agency, or any private foundation, corporation or organization, which is given for specific purposes or to which specific performance requirements exist, and is generally solicited through a process of written application.

Health Insurance Fund (Fund 66): An Internal Service Fund to account for claims and administrative fees of the district's Self-Funded Health Insurance employee benefit program.

Highly Qualified Teacher: Section 1119 of the federal No Child Left Behind Act of 2001 (NCLB), requires that all teachers teaching in core-academic content areas meet the requirements for being designated as "Highly Qualified," no later than the end of the 2005-06 school year. Typically, "highly qualified" teachers are licensed & endorsed in the content area in which they are teaching, have completed 24-semester hours in the content area, or have passed the certification test in the content area being taught.

Impact on Education: Formerly the Foundation for Boulder Valley Schools. An independent, non-profit organization created to impact student learning, create community partnerships, and advocate for public education.

Indirect Cost: A charge made to a grant to offset the administrative cost to the district of processing and managing a grant.

Individual Career and Academic Plan (ICAP): A multi-year process that intentionally guides students and families in the exploration of career, academic and postsecondary opportunities. With the support of adults, students develop the awareness, knowledge, attitudes, and skills to create their own meaningful and powerful pathways to be career and college ready.

Individual Education Program (IEP): A legal document written for students who qualify under the IDEA (Individuals with Disabilities Education Act) that defines the goals and objectives, accommodations and modifications based on the student's needs that allow the student to progress in learning in the general education curriculum.

Infinite Campus (IC): A software package that the district uses to manage student information.

Instructional Staff Support: Activities associated with assisting the instructional staff with the content and process of providing learning experiences for students. Examples include the support activities of librarians and media technicians.

Leadership in Energy and Environmental Design (LEED): A standard and rating system developed by the US Green Building Council (USGBC) to rate environmentally conscious building practices.

Levy: (Verb) To impose taxes. (Noun) The total of taxes imposed by a governmental unit.

Liabilities: Debt or other legal obligations arising out of transactions in the past which must be

Glossary of Terms (continued)

liquidated, renewed, or refunded at some future date. This term does not include encumbrances.

Location: Locations are used to denote the group and type of educational activities for organizational purposes and are often considered cost centers. Each type of unit has discriminating characteristics. The units include individual schools, buildings, and central departments.

Long-term Debt: Debt with a maturity of more than one year after the date of issuance.

Mill Levy: The rate of taxation. A mill is one-tenth of a cent (\$.001). Mill levies are expressed in dollars per thousand, i.e., one dollar for each \$1,000 of assessed value.

Multi-Use Outdoor Facilities Assessment (MUOFA): The Multi-Use Outdoor Facilities Assessment section of the BVSD Educational Facilities Master Plan developed in 2006.

Multi-Tiered System of Support (MTSS): Multi-Tiered System of Supports (MTSS) is a systemic, continuous-improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. MTSS utilizes high quality evidence-based instruction, intervention, and assessment practices to ensure that every student receives the appropriate level of support to be successful.

NCGA Statement: National Council on Governmental Accounting's directive on Government Accounting and Financial Reporting Principles.

New Century Graduate: The vision of the New Century Graduate is to graduate students in the new century who have the knowledge, skills and personal characteristics that will prepare them for the challenges they will encounter as adults. The steering committee report was completed in May of 2002 and can be found on the district's website.

No Child Left Behind (NCLB): The No Child Left Behind Act was signed into law in January 2002. This law reauthorized the Elementary and Secondary Education Act. The new law revised the framework that Colorado will use to comply with sweeping reforms in education.

Non-exempt Employees: Employees eligible for overtime pay on hours worked in excess of 40 hours per week; typically, clerical, paraeducators, and service employees.

Nonexpendable Trust Fund: This fund accounts for the principle amount received from the Jitsugyo

High School Student Exchange Program and the Barbara Carlson Scholarship, and related interest income. The interest portion of the trust is to be used to finance the activities authorized by the trust or scholarship agreement.

Object: As specified by the Colorado Department of Education (CDE) Chart of Accounts, the service or commodity obtained as a result of a specific expenditure (what was purchased). There are nine major object categories, each of which is further subdivided. Following are definitions of the object classes and sub-object categories:

0100 Salaries (Regular, Temporary, Overtime, Stipends, Leave)

0200 Employee Benefits (Medicare, PERA, Health, Dental)

0300 Purchased Professional and Technical Services (Auditor, Lawyer, Consultant)

0400 Purchased Property Services (Water and Sewer Services, Repairs, Rentals)

0500 Other Purchased Services (Insurance, Mileage, Postage, Travel, Tuition)

0600 Supplies (Paper, Pencils, Software, Textbooks, Utilities) 0700 Property (Land, Buildings, Equipment, Vehicles)

0800 Other Objects (Dues, Interest, Internal Charge Accounts)

0900 Other Uses of Funds (Redemption of Principal, Transfers)

Operating Transfers: All inter-fund transfers other than residual equity transfers, e.g., legally authorized transfers from a fund receiving revenue to the fund through which the resources are to be expended.

Operations & Technology Fund (Fund 06): Established in 2016-17 to account for activity that was authorized with funds made available from the passage of the 2016 Capital Construction, Technology, and Maintenance mill levy approved by voters.

Other Education: Jitsugyo High School Exchange Program.

Other Support Services: Those activities concerned with providing non-instructional services to students, staff or the community.

Override Revenues: A school district can seek authorization from its voters to raise and expend "override" property revenues via an additional mill levy. BVSD held Special Elections in November of 1991, 1998 and 2002 for the amounts of \$7,062,468, \$10,600,000 and \$15,000,000 respectively. The total each year of \$32,662,468 is used to support programs in the General Operating Fund.

Glossary of Terms (continued)

Para-educator: Classified (non-licensed) employee who generally works with regular or special education students under the direct or indirect supervision of a certified (licensed teacher or nurse) employee to provide extra support for students.

Parent(s): Parent, guardian or other persons with legal authority to make educational decisions for children.

Per Pupil Revenue (PPR): The equalization funding of a district for any budget year, determined in accordance with the provisions of the Public School Finance Act of 1994, as amended, divided by the funded pupil count of the district for said budget year.

PERA On-Behalf Fund (Fund 10.1)

As a component of Senate Bill 18-200, the state is required to make a direct on-behalf payment of \$225.0 million to Colorado PERA each year. The payment is allocated based on the proportionate amount of annual payroll to the School Division Trust Fund, State Division Trust Fund, Judicial Division Trust Fund, and Denver Public Schools Division Trust Fund.

Performance Indicators: Selected data that, individually and as a body of evidence, measure performance and achievement.

Petty Cash: A small fund of cash kept for reimbursement of incidental expenses of \$200 or less.

Position Control: Process by which the Budget Department distributes and maintains staffing allocations.

Positive Behavior Support (PBS): Decision-making frameworks for school staff, parents, students, and their communities about their values and behaviors consistent with those values.

Private Purpose Trust Fund (Fund 72)

Trust and Agency Funds are used to account for assets held by the district in a trustee capacity or as an agent for individuals, private organizations, and special activity groups within the district. This Fund is comprised of Expendable Trust Funds, Nonexpendable Trust Funds, and Agency Funds.

Procurement Card (P-card): A Visa credit card, issued by the Procurement Department via CitiBank, that provides qualified users in schools and departments with a means for making allowable low dollar purchases for district business/use.

Program Compatibility Assessment (PCA): The Program Compatibility Assessment section of the BVSD Educational Facilities Master Plan developed in 2006.

Program: A plan of activities and procedures designed to accomplish predetermined objectives. Programs are classified into broad areas: Instruction, Support Services, Operation of Non-Instructional Services, Facilities Acquisition and Construction, Other User, and Reserves.

Public Employees' Retirement Association (PERA): PERA administers a cost-sharing multiple-employer defined benefit pension fund and a cost-sharing multiple-employer defined benefit other post-employment benefit (OPEB) fund for district employees.

Public School Finance Act of 1994, as Amended:

State Legislation creating Title 11, Article 50, of the Colorado Revised Statutes which determines the base revenue of the General Operating Fund of the district. This funding is comprised of property taxes, specific ownership taxes and state equalization support. The Act establishes an allowable mill levy and defines the process for exceeding the allowable amount by an election.

Pupil Count: A head count of pupils by school and grade level which are enrolled in an education program in BVSD for the State of Colorado as of the school day nearest the Count Day, October 1. The October 1 Pupil Count is used to determine the level of funding that the district will receive from the Colorado School Finance Act and is also used to budget the School Resource Allocation (SRA) and staffing allocations for schools.

Pupil Enrollment: The number of pupils enrolled on October 1 during the budget year or the school day nearest to said date, as evidenced by the actual attendance of each pupil prior to said date. This is sometimes referred to as the head count.

Purchase Order: Document issued by the Procurement Department to a vendor setting forth products or services to be provided to the district by that vendor. Includes quantities, unit costs, delivery instructions, terms and conditions. Purchase orders are initiated by schools/departments via requisitions created in Lawson.

Purchased Services: Personal services rendered by personnel who are not on the payroll of the district, and other services which may be purchased by the district.

Reading to Ensure Academic Development (READ) Act: The READ Act was passed by the Colorado Legislature during the 2012 legislative session. The READ Act repeals the Colorado Basic Literacy Act (CBLA) as of July 1, 2013,

Glossary of Terms (continued)

keeping many of the elements of CBLA such as a focus on K-3 literacy, assessment, and individual plans for students reading below grade level. The READ Act differs from CBLA by focusing on students identified as having a significant reading deficiency, delineating requirements for parent communication, and providing funding to support intervention. Other components of the Colorado READ Act include a competitive Early Literacy Grant and a resource bank of assessments, instructional programming, and professional development.

Referendum C: In November 2005, Colorado voters passed Referendum C, which temporarily overrides the current TABOR revenue formula that limits annual growth in state revenues to the rate of change of inflation plus population. With no increase to current tax rates, Referendum C allows the state to keep and spend the revenue it collects under current rates for the next five years.

Revenue: Funds received, generally from taxes or from a state or federal funding program, which are not loans and which do not cause an increase in a liability account.

Revolving Account: Used to account for assets held by the district in a trustee capacity for individuals, private organizations, other governmental units and/or other funds.

Risk Management Fund (Fund 18): This fund provides for the payment of insurance premiums, legal and other associated administrative costs necessary to cover loss or damage to district property and Workers' Compensation claims.

Salary: The total amount paid to an individual, before deductions, for personal services rendered while on the payroll of the district.

School Administrative Support: Activities concerned with overall administrative responsibility for a school or combination of schools. Includes principals, assistant principals and clerical staff.

School Improvement Teams (SIT): School Improvement Teams function as an advisory committee to the school on issues related to school improvement, accreditation and accountability. Roles/responsibilities include: review of accountability reports and involvement in school goals/ planning, budget, safe school plan, and educational programs. A school advisory council is required at each public school under State Statute C.R.S. 22-7-106(1)(a)(4). The school team works to develop and maintain

a school and community partnership for the ongoing improvement of public education.

School Resource Allocation (SRA): General Fund resources provided to the schools to be used to pay for day-to-day operating expenditures of the building.

Sheltered Instruction Observation Protocol (SIOP): BVSD strives to maximize English learning throughout the school day with sheltered content instruction outside the CLDE classroom setting. SIOP is a model for teachers to follow for lesson planning & implementation that provides English learners with access to grade level content standards.

Special Education Advisory Committee (SEAC): The mission of the Special Education Advisory Committee is to support and promote quality education services for children in an environment that accepts the diversity of each student as a valued member of a community of learners. Within this framework the committee sets and accomplishes goals relative to its mission. The committee also serves to assist, consult with and advise the Director of Special Education on all aspects of special education programming and services.

Special Education Program (SPED): A special curriculum consisting of courses and other provisions which are different from or provided in addition to those provided in the usual school program and are provided for exceptional pupils by specially qualified personnel.

Special Reporting Element (SRE): Special Reporting Element is used in the Chart of Accounts to designate broad categories of expense. Also see: Co Curricular Activities, Other Education, Student Support Services, Instructional Staff Support, General Admin Support, School Admin Support, Central Support Services, Other Support Services.

Specific Ownership Tax: An annual tax imposed upon each taxable item of certain classified personal property such as motor vehicles. The tax is computed by the County Clerk in accordance with state schedules applicable to each sale of personal property.

Stability Rate: The stability rate is the percentage of students enrolled in the school as of February 1st who were also enrolled in the school during the previous October student count.

State Fiscal Stabilization Fund -The State Fiscal Stabilization Fund (SFSF) program is a new one-time appropriation of \$53.6 billion under the American Recovery and Reinvestment Act of 2009 (ARRA). Of the amount appropriated, the U. S. Department of Education will award governors

Glossary of Terms (continued)

approximately \$48.6 billion by formula under the SFSF program in exchange for a commitment to advance essential education reforms to benefit students from early learning through post-secondary education, including: college- and career- ready standards and high-quality, valid and reliable assessments for all students; development and use of pre-K through post-secondary and career data systems; increasing teacher effectiveness and ensuring an equitable distribution of qualified teachers; and turning around the lowest-performing schools.

Strategy: A statement which commits to a set of actions over time in order to gain an advantage or improvement.

Student Activity Fund (Fund 23): A fund in which the district maintains central custody of monies held in trust for school sponsored organizations and activities.

Student Support Services: Activities designed to assess and improve the well-being of students and to supplement the teaching process. Examples include counseling, health, occupational therapy, and social work.

Supplant: To displace and substitute for another. For example, federal grant funds shall supplement but not supplant non-federal funds.

Supplies: Consumable material used in the operation of the school district including fuel and natural gas, food, textbooks, paper, pencils, office supplies, custodial supplies, maintenance materials and software.

Support Services Programs: Those activities which facilitate and enhance instruction. Support services include school-based and general administrative functions and centralized operations for the benefit of students, instructional staff, other staff, and the community.

TABOR Amendment (Emergency Reserve): Section 20, Article X of the Colorado Constitution requires the set-aside of three percent of defined, planned spending that cannot be used to address revenue shortfalls, salary or fringe benefit increases, or other economic conditions.

Taxes, Ad Valorem: Taxes levied on the assessed valuation of real and personal property which, within legal limits, determine the amount to be raised for school purposes. The district establishes the ad valorem taxes to be raised by certifying the mill levies to Boulder and Gilpin Counties. Each county treasurer collects property taxes and remits its share to the district. The

County Treasurers receive payment for the service. See Treasurer's Fees.

Technology Fund (Fund 15): This fund includes the expenditures for a four-year computer replacement program and provides training and software as needed. These funds were approved by voters in the November 1, 2005 election.

Tools of Inquiry for Equitable Schools (TIES): This process provides a framework to address the district goals of achievement, equity and organizational climate. It provides tools for inquiry and data-driven analysis.

Total Program: Annual funding, or Total Program Funding, is provided to school districts via the Public School Finance Act of 1994. Funding is based on an annual October 1 pupil count. For each pupil funded in the October 1 pupil count, the per pupil formula that calculates Total Program provides a base per-pupil amount plus additional money which recognizes district-to-district variances in (a) cost of living, (b) personnel costs, and (c) sizes. The Total Program amount also includes additional funding for at-risk pupils.

Transfers: Money that is taken from one fund under the control of the board of education and added to another fund under the board's control.

Transitional Colorado Assessment Program:

Required by the state, TCAP (replaced CSAP) tests are administered to all public school students in grades 3 – 10 in reading, writing, and mathematics, and grades 5, 8 and 10 in science. The revised standards in TCAP include early school readiness and postsecondary competencies, as well as reflect both workforce readiness and 21st century skills.

Transportation Fund (Fund 25): This fund accounts for all the transportation services of the Boulder Valley School District. It was developed after voters approved the 2005 Transportation mill levy in November 2005.

Treasurer's Fees: State law permits the Boulder and Gilpin County Treasurers to charge the district one-quarter of one percent of the property taxes collected.

Universal Preschool: In the 2022 Legislative Session, HB22-1295 established the Colorado Universal Preschool Program to offer voluntary, high-quality universal preschool to every Colorado child in the year before kindergarten. The Colorado Department of Early Childhood (CDEC) is charged with operating the program to enable families to choose from a mixed-delivery system of high-quality preschool settings, including licensed community-based programs, school-based programs, and licensed home

Glossary of Terms (continued)

providers. High-quality preschool has demonstrated positive outcomes for children and families in the short and long-term.

US Green Building Council (USGBC): The US Green Building Council is a community of leaders which envision an environmentally responsible, healthy, and prosperous environment that improves the quality of life.

Voice over Internet Protocol (VoIP): A telephone communications system that utilizes the internet rather than regular telephone lines.

W-9: IRS form to request a taxpayer identification number.

Weighted Index: The weighted index is a summary statistic of student achievement on CSAP tests. It is computed by averaging state-assigned values of 150 for advanced, 100 for proficient, 50 for partially proficient and -50 for unsatisfactory and not tested students.
