Takeaways

- Overall births in decline since 1999
- Eastern BVSD mostly levels after 2017 while Boulder continues steep declines to 2019
- Some leveling after 2019

Births and Kindergarteners

*births occurring 5 to 6 years prior to kindergarten class

- Maintained rate (%) between births and kindergarten in 2025
- Levels of new migrants may have impacted kindergarten

Summary

- Enrollment declined by -525/-1.9% over last year; 2nd greatest loss since pandemic.
- All levels saw declines in 2025, however kindergarten (1,626) was the largest since 2022.
- Previous student gains at middle school didn't occur in 2025; may indicate students are no longer re-entering the system in significant numbers after the pandemic.
- Out of District contributions to enrollment in 2025 were higher than last year's historic high.
- Boulder largely driving enrollment declines in 2025, but Lafayette/Erie also showed declines despite new housing.
- Births showing signs of leveling after a period of steep declines in Boulder.
- Resident student "net migration" faltering in 2025.
