

Boulder Valley School District

File: JC

Adopted: February 26, 2019

Revised: _____, 2024

School Attendance Areas

Attendance areas for each school of the School District shall be drawn up by the administration and approved by the Board, ~~based on geography and student population projections.~~

A student's designated attendance area shall be based on the legal residence of the parents/guardians. Where a property straddles a boundary line separating two schools, the property shall be considered within the school boundary that contains the point where the property driveway accesses the public right-of-way.

In establishing school boundaries, consideration shall be given to the compactness of the boundaries, the densities of students in an area in relation to the relative capacities of the schools, the equalization of enrollments between schools, the maximization of pedestrian access to schools, and efficient use of transportation and facilities.

The Superintendent shall report annually to the Board on the status of the school attendance areas.

Modification of attendance area boundaries may be made for a number of reasons, including new property construction, the ability of schools to provide programs, making the best use of instructional space, appropriate size of buildings and student population, amount of time on buses (where applicable), and maximizing student walk potential while minimizing the impact of hazards/barriers for walking students.

When it is determined that changes to boundaries are necessary, the following will apply:

Elementary, PK-8 and Middle Schools – Students who have a designated school change as a result of a boundary adjustment and who would be completing the last grade level available at their original school may continue to attend their original school for the final year.

High Schools - Students in grades 9-12 who have a designated school change as a result of a boundary adjustment may continue to attend their original school through graduation.

Any changes to attendance boundaries shall only be implemented following completion of the school year and prior to the opening of the subsequent school year.

LEGAL REF.: C.R.S. 22-32-110(1)(m) (power to fix attendance areas)

CROSS REF.: ~~JFBA~~ECC, Intra-District Choice/Open Enrollment
