A photograph of a female teacher with blonde hair, wearing a dark blue long-sleeved shirt and a lanyard with a badge, leaning over a desk. She is looking down at a book or paper. A young girl with long brown hair, wearing a light pink sweatshirt with a strawberry pattern, is sitting at the desk and looking at the same book. The background shows a classroom setting with a yellow wall, a blue storage bin, and a shelf with books and a box labeled 'PISCH'.

Empowering our leaders to meet students' needs

Focusing resources where they are needed most

Driving resources based on results

2018-19 BVEA Contract MOU

PURPOSE

Create a workgroup, established by May 18, 2018, to develop a consistent, district-wide formula for distributing weighted student staffing based on specific student characteristics that were previously recommended by the MOU on Student-Based Resource Allocation (SBRA-Fall 2016) and aligned with the proposed Colorado Modernized Student Finance Act (MSFA).

2018-19 BVEA Contract MOU

CHARGE

Recognizing that students have diverse learning needs this MOU is intended to create a work group that would address access to resources.

2018-19 BVEA Contract MOU

This workgroup will consider factors such as:

- The “Ideal School” (minimum resources and programs that a school needs to be successful).
- Consistency between schools to define and identify students who receive weighted resources (staffing).
- Alternative characteristics such as frequent behavior referrals, excessive absences, and social/emotional needs that may be used to consider a student as exhibiting high needs.
- The impact of all available resources on student learning.

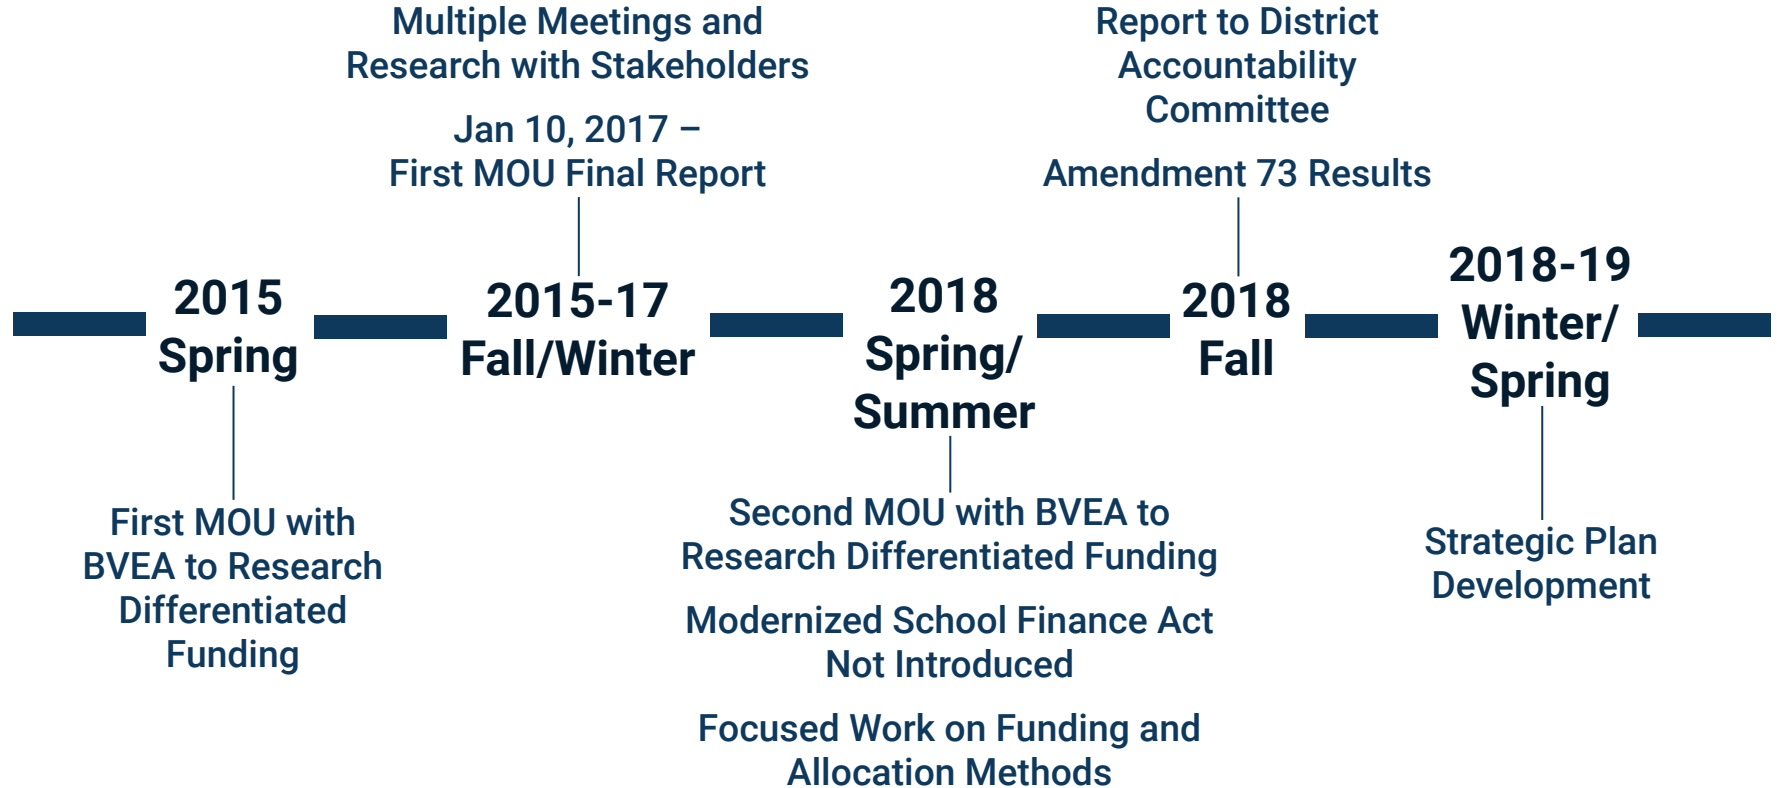

2018-19 BVEA Contract MOU

The workgroup will:

- Recommend actual student factors and the weight of these factors to be considered in the allocation formula.
- Recommend criteria for evaluating the effectiveness of weighted resource allocations that coincide with the district UIP goals.
- This committee would make a recommendation to inform the ongoing district budgeting process.

Outcomes

Review of Prior Work

Modernized School Finance Act and Amendment 73

BVSD Strategic Plan Development

Next Steps - Strategic Plan

Strategic Theme #2

Provide schools and educators with responsive and customized supports to best serve students.

Strategic Objective

Ensure allocation of resources is responsive, accountable, and focused on student growth.

Strategic Initiative

Implement a needs-based allocation system.

Recommendations

Continue the development of the distribution of resources through a weighted and/or differentiated methodology.

Align the implementation of a system with the district's strategic plan.
